## Chest Drive Ends; Goal is Seen Certain

The Princess Anne County and Virginia Beach Community Chest held a Victory Dinner Monday night at the Virginia Beach High School. In attendance, were over 100 chairmen, captains and workers from all sections of the county and city.

Excitement ran high, as reports were made by chairmen from the various sections and divisions. At the final tally, \$18,664.23 was reported and accounted for 84.8 percent of the Chest Goal of \$22,000.00. An amount of \$10,078.43 had been reported at previous meetings, which together with the amount of \$8,585.80 reported at the Monday night meeting, makes the total to-date of \$18,664.23.

General Chairman, B. M. Stanton, was quick to point out that the amount does not include the Chest's pro-rata share of contributions to be turned over by the military establishments in the area. The amount of this military contribution will not be known for some weeks. Stanton stated that, "Even though we're having our Victory Dinner tonight, we are celebrating the fact that our goal is in sight. We will have an amount of approximately \$4,000 to collect; and all workers are urged to redouble their efforts, to make call-backs and pick-up cards left with prospective givers, in a last ditch effort to put the Chest over the Top." The Drive was extended for one more week, to give workers an opportunity to make follow-up calls and to make every effort to attain the \$22,000.00 goal. Final reports should be turned in by all workers on Monday, November 8th.

At the Monday night meeting, Fred A. Haycox, President of the Chest, expressed thanks and appreciation for the splendid work performed by the many workers. He said, "You and we can be justly proud for our accomplishments thus far. With over 300 workers in the field, we've had more individuals participating (Continued on Page 3)

## Newcomers Club To Be Organized

The Virginia Beach Welcome Wagon Service has announced plans for the formation of a Newcomers Club in Virginia Beach, according to Mrs. Lena Clair.

The club is scheduled to have its first meeting on Wednesday night, November 11. The meeting will be held in the Community House on Arctic Avenue between 17th and 18th streets and is scheduled to begin at 8 o'clock. It was announced that anyone interested in attending should contact either Mrs. Clair at 2598 or Mickey Merrill at 422-W before noon on Monday, November 9.

## Rescue Squad to Benefit From Friday Night Dance

A dance for the benefit of the Virginia Beach-Princess Anne Rescue Squad will be held Friday night at the American Legion Clubhouse on Laskin Road. It has been announced.

The benefit dance is being sponsored by the Junior Woman's Club of Princess Anne County and will begin at 9 p.m. Tickets for the dance are available from individual members of the club.

## TIPPING THE CHAPEAU

The home and grounds of Lt. Col. and Mrs. Lester T. Gayle, located at 4504 Ocean Front is the selection of the Council of Garden Clubs of Virginia Beach and Princess Anne County as the beauty spot of the week. Mrs. Gayle, it is understood, is largely responsible for the planning and does a great deal of the work in the lovely garden, has a profusion of cut flowers during the spring and summer and the hedges and flower boxes forming a tall hedge and windbreak, to say the least, or the most beautiful in our vicinity. Mrs. Gayle uses the berries from the shrubs in arrangements for the home and this is really a garden which must be seen to be appreciated.

(Note: An observer for the Council of Garden Clubs selects through this column a beauty spot each week.)

## BAYSIDE LIONS PRESENT GIFT

The Bayside Lions Club recently presented a set of telebinoculars to the Bayside Elementary School for use in detecting poor vision among students. The set is shown above with J. B. Lotin, president of the Bayside Lions Club; Mrs. R. Hodgeman, president of the school's PTA, and Mrs. Grace Harrell, school principal looking on.

## Virginia Farms Show Increase in Cash Value

Superior Meredith A. Bass of the Sample Census of Agriculture of Virginia, now underway, today made public a special compilation of U. S. Census Bureau figures covering selected characteristics of Virginia agriculture from 1870 through 1950.

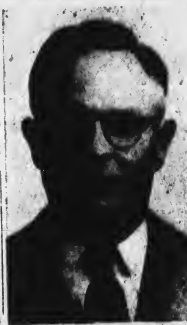

These figures show that during the 80 year period the number of Virginia farms increased from 73,948 to 150,997 while the value of land and buildings in farms rose from \$170,416,700 to \$1,277,084,000. The average value of land and buildings per farm increased from \$2,308 to \$8,458 during the same period. Information on Virginia agriculture will be brought up to date when the Sample Census is completed, Superior Bass pointed out.

## Fall Festival at Bayside Friday Offers Variety

The Bayside School P-T-A. will hold its Fall Festival, Friday night, Nov. 6 at 7:30 o'clock at the school. There will be games for adults and children, bingo, magic show, booths of all kinds, dancing and plenty of good eats for all. We hope everyone will come out and help make it a great success. All proceeds will go for the benefit of the school. The booths and chairmen of each are as follows:

General Chairman of Festival: Mrs. Albin Rastey. Grab bag, Mrs. Albert Murrell and Mrs. Russ Brubaker. Post Office, Mrs. Carl Olard and Mrs. L. E. Valentine. (Continued on Page 3)

## UNOPPOSED

HARRY E. DAVIS

## Davis Re-Elected To Delegate Seat

Delegate Harry E. Davis, of Princess Anne County, was re-elected to the House of Delegates at last Tuesday's balloting with a total of 4,352 votes. Davis was unopposed.

The veteran legislator was nominated last summer in the Democratic primary when he easily disposed of Dr. John E. Lippincott, young veterinarian of Lynnhaven. He defeated Lippincott by a better than three-to-one margin.

Although there were some 5400 votes cast in Princess Anne County and Virginia Beach in Tuesday's voting, many voters felt it was not necessary to mark the square opposite Davis' name since he was unopposed. According to election laws, this voided the ballot, or at least meant no vote for the nominee.

Davis has served Princess Anne County in the General Assembly continuously since 1934. He holds many important committee assignments and is considered one of the state's most able legislators. The successful candidate issued the following statement following his election Tuesday: "I want to express my sincere thanks to all (Continued on Page 4)

## Rev. Cecil Franks Begins Services At London Bridge Church Sunday

The Rev. Cecil H. Franks will be the guest preacher at a revival to be held at London Bridge Baptist Church, Nov. 9-13, 15, beginning each evening at 7:45.

Rev. Franks is pastor of the Lee Boulevard Baptist Church in the Washington, D. C. area.

A children's period will be a special feature of the revival. The children will sit together each night and hear a "sermonette" by the pastor, the Rev. G. Edward Hughes.

The adult choir will be under the direction of Mr. George Hauser. The Junior Choir will be conducted by Mrs. Helen Spence.

A nursery for babies and small children will be provided.

The public is cordially invited to attend the services.

## J. W. Potter Will Head PA Farm Bureau

At a meeting of the Princess Anne County Farm Bureau directors held in the Agricultural Building on Thursday evening, Oct. 29th, John W. Potter of Oceana, Lynnhaven district, was elected president of the organization. Marion G. Bright of Back Bay, Pungo district, was elected vice-president and H. W. Odlin of Lynnhaven was elected Secretary-treasurer.

In order to have the best possible guidance in conducting the Farm Bureau work in the county, the Board appointed men as advisors for the coming year. Dr. W. H. Brittingham, director of the Virginia Truck Experiment Station; Aubrey N. Holmes, Soil Conservation Service; A. Vernon Watts, Horticulturist V. P. I. Extension Service; Jeb S. Ives, Past President; John O. Hart, County Agent and E. R. Cookrell, assistant County agent. In addition to the above, Mrs. Jane Smith of Rt. 2, Hickory, Blackwater district, was named an advisor in charge of Associated Farm Bureau women. To assist Mrs. Smith in this work, the directors from each district named the following women: Kempville, Cora Marie Blackmore; Lynnhaven, Mrs. J. S. Speight; Seaboard, Mrs. C. E. Upton, Jr.; Pungo, Mrs. A. L. Salmos and Blackwater, Mrs. Ralph L. Frost.

The president appointed the following directors to organize membership committees in their respective districts. Cameron E. Munden; John A. Broughton; M. C. Krahenbill; Ralph L. Frost and Marion G. Bright. The membership drive was set for the week (Continued on Page 4)

## P.O. Substation Bids Are Asked

Sealed proposals for the construction of a contract post office station located in the general location of the Mayflower Shopping Center, will be received at this office until 12:30 p.m., Saturday, November 14, 1953, agreements for the operation of this station must be executed in quadruplicate and will cover the unexpired portion of the present contract period ending June 30, 1954.

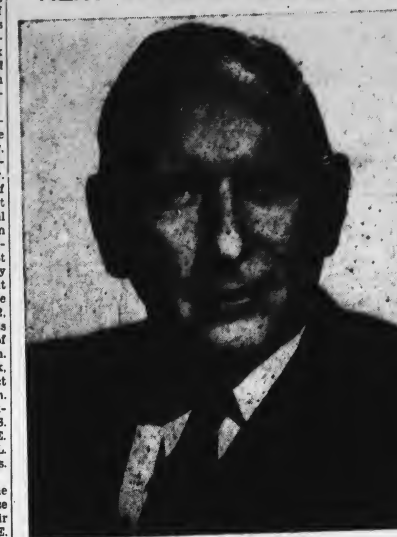

Proposals must agree to furnish the following: Sufficient space in the main room of a store, at a location convenient to the public, for the transaction of the postal business of a contract station.

The facilities of the station to consist of money orders, registry, parcel post (ordinary, insured and C.O.D.), and the sale of all necessary postal supplies.

All equipment, including such a sign as may be designated by the Postmaster, a safe, heat, light and all clerical service necessary for the conduct of such business. Clerk in Charge will also be required to furnish the Post Office Department a good and sufficient bond in the sum of \$2,000.00 for the faithful performance of the duties assigned.

## Stanley Carries State Handily In Face of Strong GOP Efforts

### NEXT VIRGINIA GOVERNOR

THOMAS B. STANLEY

## Old Line County Democrats Give Stanley Victory Over GOP - "Anti" Combination

True Democratic voters of Princess Anne County and the City of Virginia Beach gave Thomas B. Stanley and the other Democratic nominees in Tuesday's statewide election a sweeping victory over their Republican opponents.

Princess Anne and Virginia Beach Democrats showed their party strength in casting a total of 3047 votes for Stanley as against 2259 for Dalton, his Republican foe. The margin was almost three-to-two.

The Democrats whipped the Republicans down the line with Democratic Nominee A. E. S. Stephens defeating Republican Stephen D. Timberlake, 2307 to 1561, in the county and 860 to 579 in the city for the office of lieutenant-governor.

In the race for attorney general, Incumbent Democrat J. Lindsay Almond, Jr. whipped Republican

Walter E. Hoffman, 3021 to 2256 in both the city and county.

Many political observers were of the opinion that the Republican vote in the county and city was mixed with disgruntled Democrats who have opposed the local Democratic organization for several years.

It was also significant, too, that the City of Virginia Beach gave the nod to all Democratic candidates since it was felt that alleged income tax violation charges against Sidney S. Kellam, of Virginia Beach, who had directed Stanley's campaign most of the way might have an effect on the voting. The charges were "timed," many felt but the Democratic voter apparently discounted the incident in casting a whopping vote for the party Kellam is so closely associated with.

The sweeping victory for the (Continued on Page 4)

## First Serious Republican Threat in Years Turned Back; Vote 7-5

The people of Virginia demonstrated their confidence in the State Democratic organization Tuesday by electing Thomas B. Stanley, the Democratic nominee, to a four year term as Governor of Virginia.

The statewide result of Tuesday's voting gave Stanley a better than five to four margin over his Republican opponent, Ted Dalton, of Radford.

Virginia Beach and Princess Anne County made the margin even greater giving the Democratic ticket a better than three to two edge over the Republican candidates for governor, lieutenant-governor and attorney general.

Approximately 400,000 ballots were cast in the hottest race put on by the Republicans since 1929. At 10:15 p.m. election night Dalton conceded victory to

his Democratic foe, a wealthy furniture manufacturer of Stanleytown.

Along with Stanley, Lieutenant-Governor A. E. S. Stephens was re-elected and Attorney General J. Lindsay Almond, Jr. was returned to that office.

In Princess Anne County and Virginia Beach, incumbent Delegate Harry B. Davis was re-elected to the State Assembly. Davis was unopposed after having soundly defeated Dr. John E. Lippincott in the primary.

Senator Harry F. Byrd, senior United States Senator from Virginia and generally considered to be head of the strong Democratic Party in Virginia, commented tersely on the election results by saying: "I think the returns speak for themselves."

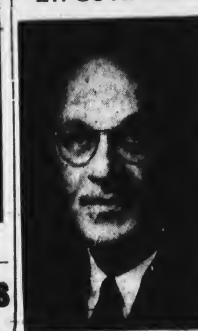

The strong Princess Anne-Virginia Beach vote for the Democratic ticket was significant since the recent income tax indictment against Sidney S. Kellam, a resident of the area and at the time manager of Stanley's campaign, was brought into the campaign. The vote not only demonstrated confidence in the State organization but also the local Democratic group which many consider is headed by Kellam.

Stanley and the Democratic slate carried both Virginia Beach precincts in Tuesday's balloting. At the precinct two located at 3416 Pacific Avenue Stanley edged his Republican opponent, 197 to 187 votes. In Precinct one the margin favored Stanley, 650 votes to 406 for Dalton.

Norfolk City presented a strange result with voters giving the nod to six Democrats for the House of Delegates, but turning right around and giving the Republican state ticket a slight edge over the Democrats.

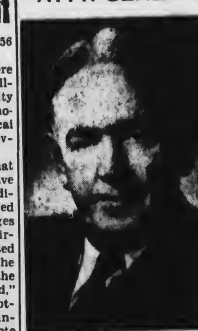

The gubernatorial race was one of the most strenuous waged in Virginia history. The Republicans made an all-out, no holds barred fight of it. Dalton snuck out for a bond issue to finance new building in the State in opening (Continued on Page 4)

# More Glamour, Comfort, Performance Seen in New DeSoto; On Display at Virginia Beach Today

More glamour, more comfort, more performance are in store in the new 1954 De Soto Automatic, which goes on display at the Everett Jordan Motor Company here November 5.

Leading the list of notable improvements in the new De Soto is PowerFlite—the finest fully-automatic transmission ever offered the motoring public.

In combination with such previous De Soto advancements as Full-Time Power Steering and Power Brakes, the 1954 De Soto

## '54 De Soto Automatic Makes Bow

Greater beauty, comfort and performance highlight the 1954 De Soto Automatic, which goes on display at De Soto-Plymouth dealerships Thursday, November 5. Shown here is the Fire Dome V-8 4-Door Sedan, whose Fire Dome engine has been boosted to 170 horsepower. One of the biggest features in the new De Soto is PowerFlite, a fully-automatic transmission

featuring exceptional smoothness and high performance. The 1954 De Soto offers such features as Full-Time Power Steering; Power Brakes; De Soto Air-Temp Air Conditioning; electric window lifts, and Solex glass-resistant glass. Body styling is characterized by clean, smooth-flowing lines giving the car its long, low, road-hugging look.

are most likely to occur.

An important contribution to the new De Soto's riding comfort is No-Sway Ride Control suspension, minimizing body "lean" and eliminating tire squeal on turns, while providing improved control and all-around stability. A Stuffer frame, redesigned front and rear body mountings and new rear spring mountings are also contributing factors to this new controlled ride.

De Soto's new PowerFlite transmission is an outstanding performance advancement. The culmination of years of research and development work with automatic transmissions, PowerFlite is an unmatched combination of power, smoothness and control.

Consisting of a new torque converter and two-speed planetary transmission, PowerFlite weighs less and has fewer parts than any other fully-automatic transmission on the market. With this simplicity in design, PowerFlite has the highest over-all torque multiplication ratio (4.47 to 1) in drive range in the industry. Instantaneous response and flashing getaway make PowerFlite's superior performance immediately evident.

Smoothness of operation is inherent in the design of De Soto's Power-Flite transmission. From the time the engine is started and the selector lever moved to "Drive" the driver does not have to move his foot from the accelerator unless he wants to slow down. There is only one fully-automatic shift from starting gear to direct drive. Dependent on the driver's wish, this automatic shift takes place between 15 and 65 miles per hour.

If additional acceleration is desired after the car is in direct drive, the driver has only to press the accelerator to the floor to "kick-down" into low gear. The transmission also automatically down-shifts any time car speed falls below 11 miles per hour.

The selector lever on Power-Flite-equipped De Sotos is extremely simple to operate. Neutral and Drive, the most commonly

used positions, are selected by moving the lever to the forward and rear extremes. Reverse and Low are selected by lifting the lever toward the steering wheel and moving to the forward and rear extremes. In this way the driver shifts directly from Neutral to Drive without going through Low or Reverse. This arrangement also facilitates rocking the car in snow, sand, or mud, since the driver need only pull the lever upward toward the wheel and move it rapidly from one extreme to the other.

PowerFlite is available with either of the two series of 1954 De Soto cars, the Fire Dome V-8 or Powermaster Six.

Adding to the performance factor of the 1954 De Soto is the greater power of the Fire Dome V-8 engine, increased from 160 to 170 horsepower. With a higher compression ratio of 7.5 to 1, De Soto's Fire Dome V-8 delivers greater performance and efficiency, and its torque is improved at medium speeds.

Ten body styles are offered in the two De Soto lines. Choices in the Fire Dome V-8 series include: 4-Door Sedan, Club Coupe, Convertible Coupe, Sportsman, All-Steel Station Wagon and 8-Passenger Sedan.

## JAMES C. KING WINS PROMOTION

James C. King, 25, Route 1, Box 97B, Virginia Beach, Va., recently was promoted to corporal with the Seventh Army's 547th Engineer Combat Battalion in Darmstadt, Germany.

Units of the Seventh Army form a major part of the strong cord of North Atlantic Treaty Organization (NATO) defense force stretching across western Europe.

Synthetic fibers are now being made of limestone as well as of glass and coal.

## Big Day Slated Aboard USS Weeks At Norfolk Naval Base Tomorrow

A big day is slated for the USS John W. Weeks (DD 701) Friday at Norfolk Naval Base Convoy Escort Fleet. The Atlantic Fleet destroyer will receive a new commanding officer and an inscribed silver tray presented by the Wardroom Club of Boston, Mass.

Prior to the change of command ceremony, the silver tray will be presented to the ship by J. P. Madden, of Boston, a former Wardroom Club of Boston, Mass. flying to Norfolk for the day's event.

The ship's namesake, John W. Weeks, founded the Wardroom Club in 1902 as a social organization. Weeks was an Annapolis graduate, a Naval officer during the Spanish-American War, and later served as a U. S. Senator from Massachusetts and Secretary of War from 1921 to 1925.

The Wardroom Club initiated plans to make the silver tray presentation during December of 1951 when the Weeks participated in the SS Flying Enterprise disaster in the North Atlantic. First rescue vessel on the scene, the Weeks transferred food and supplies via high-lifts to Captain Kurt Carlson aboard the deserted, foundering vessel.

The command change aboard the Weeks involves Cdr. M. J. Morgan, USN—the old—and Cdr. Michael E. Vallario, USN—the new. Cdr. Morgan assumed command of the destroyer in December of 1951 after two years of duty with the Naval Mission for Aid to Turkey. He had previously been Flag Lieutenant and aide to the Fifth Naval District Commandant at Norfolk from 1945 to 1949.

Cdr. Vallario comes to the Weeks from the staff of Commander Naval Forces, Far East, and has had duties on Naval auxiliary ships previously.

## Bayside PTA Hears Talk on Parent and Child

The Bayside P. T. A. met Monday night, October 26th at the school. The meeting was opened by the Rev. Beverly Tucker, giving the devotional. Mrs. Charles Hodgson, Jr. introduced her committee chairman and all the teachers as this was the first business meeting of the year. Six members of the Old Donation Church Choir sang a several selections. Julius Keller and J. B. Loftin, Jr., of the Chesapeake Beach Lions Club presented the school with a tele-binoocular machine (a machine to test the children's vision). The guest speaker was Capt. O. C. Schatz, Jr., of the Naval Amphibious Base, his topic was "Parent Teacher and Child." (He showed how the parents had the child longer than the teacher and was more influential on the child.)

Mrs. Phyllis Robinson gave a report on the State Convention held in Bristol, Va.

The rooms winning the prizes for the P. T. A. membership was Mrs. Martha Wood, Mrs. Hortense Parker and Mrs. Marjorie Harrell. The room winning the prize for most subscription to the P. T. A. magazine was Mrs. Gladys Davis. Attendance prizes were won by Mrs. Gladys Davis and Mrs. Louise Slaven. After the meeting refreshments were served by the mothers of the 3rd grade.

## KEMPSPVILLE NEWS NOTES

Sometimes the press run all night. This week they did no overtime but still I have some news for you.

Miss Anna Rea, a student at Mary Washington College was recently home for a visit with her parents, Mr. and Mrs. Robert Rea. Lit Hudgins has returned to the University of Virginia, after visiting his parents, Mr. and Mrs. W. F. Hudgins.

Mrs. John Fisk has returned to her home on Providence Road after having been recently hospitalized at the University of Virginia hospital. Ira Fisk returned home with her for the Oyster Bowl game. Ira is a student at the University.

Tuffy Parsons, son of Mr. and Mrs. Roy W. Parsons, has returned to Chowan College after visiting his parents. Tuffy has been chosen associate editor of the college newspaper, The Chowanite. Bobby Kiracone, who is a student at Chowan College was home this past week end.

On Nov. 11 Kempville School will observe Back to School Night and I'm sure all of the parents have a real treat in store.

The Kempville Band is expected to be in the spotlight during the Ocean Bowl Game. The band has practiced hard and long and the band under the able baton waving of Jeanne Vestal and

the majorette corps under the baton of Carolyn Barton, will be sure, he a credit to their hard working director, Mr. Cantwell. Good Luck, Band! Stay it high! The Kempville teachers who attended the V.E.A. Convention in Richmond expressed the opinion that the meeting was quite interesting and much appreciated by those who were fortunate enough to attend.

Next week I hope we make home overtime. After all, even to a newswoman a little extra money counts.

Texts research indicates that cotton stalks should be shredded and plowed under as soon as the cotton is harvested in order to control insects.

## State Farm Bureau Federation Meets in Richmond Nov. 4-6

Farmers from all over Virginia will gather in Richmond November 4-6, for the 29th annual convention of the Virginia Farm Bureau Federation at the John Marshall Hotel.

The convention, which was attended by over 600 farm men and women last year, is expected to be larger this year due to the seriousness of problems the delegates must discuss and take a position on through the regular resolutions process.

The program this year features Gustavo Burmister, Association Director of Foreign Agriculture Service USDA, Parke C. Brinkley, state commissioner of agriculture; M. R. Clark, agricultural research administrator USDA; Walter Potter, publisher, Culpeper Star-Exponent; Mrs. Albert Paulsen, first vice-president of the Associated Women of the American Farm Bureau Federation, from Milder, Idaho; and the annual banquet speaker for the night of November 5, Roger Fleming, American Federation Secretary and Treasurer.

In addition the delegates will conduct the regular business of the convention, adoption of resolutions which constitute a program of action for the next 12 months and election of state officers. A breakfast for all county Farm Bureau presidents and secretaries; a school for county publicity workers and an income tax training school, are the three new features on the program this year. Registration begins at 11 a.m. on November 4, and the convention closes at noon on November 6, Thursday, November 5 being the only full day scheduled.

Mr. and Mrs. Ben Goodman of Pensacola, Florida and Mr. and Mrs. Philip P. Goodman of New York City, who has been visiting their sister and brother-in-law, Mr. and Mrs. B. A. Banks of Norfolk, was guest of honor Sunday afternoon at an oyster roast given by Mr. and Mrs. Henry I. Jaffe at their home in Cavalier Shores.

## Catholic Women Attend Council Meeting at Beach

On Sunday, Nov. 1st, two hundred members of the Tidewater Diocese of the National Council of Catholic Women were the guests of the Star of the Sea Parish Council at Virginia Beach. The pastor, Rev. Nicholas Habets welcomed those present. The Rev. Carroll T. Doster spoke on "Parent and Child Education." The program included several piano selections by Nick Karasera. The business meeting presided over by the president, Mrs. J. H. Moore was closed with benediction of the Blessed Sacrament. A social hour followed in the parish hall.

At a Halloween Party on October 30th, children of the Star of the Sea Parish were entertained by members of the Women's Group under the direction of Mrs. Helen Leary. Prizes were given for the most clever and comic costumes in the various age groups, and there was a treat for each child attending.

## Survey Reveals Prisoners' Work No Competition

Less than one half of one percent of Virginia's total output in nine selected industries is done in the State's prison workshops, a study by the Bureau of Population and Economic Research at the University of Virginia reveals.

The study, made for the State Department of Welfare and Institutions, found the total impact on private economy of the prison labor system negligible.

In none of the nine industrial shops of the Penitentiary, which include furniture, metal work, clothing, shoe, printing and tag shops, did the Bureau find serious competition with private industry. All products of these shops are sold to State agencies, with a small portion in some shops, such as uniforms and license tags, going to municipalities.

"Overall," the report states, "it seems fairly clear that the industrial shops of the prison system are not becoming increasingly competitive with industries in the private economy."

"Moreover," the report continues, "it is apparent that no single segment of industry or labor is being unreasonably encroached upon by the output of prison labor."

A total of 783 inmates were employed in the nine shops, producing goods worth \$1,973,000 during the last year. A total of 86,900 workers produced \$648,748,000 worth of goods during the period in similar private industries.

State prison farms constituted one fourth of one percent of the total farm land in Virginia, the report finds. One-third of the food requirements of the institutions was produced on the farms, and farm production amounted to less than one half of one percent of total production in the state. Sales of farm products are almost entirely to other institutions within the department.

"Virginia has an enviable record in an absence of riots and disturbances," the study concludes. "This is due in part to the diversified work program which prevents idleness, contributes to adequate diets and housing, and provides useful activity by prisoners. In view of the serious riots elsewhere, the avoidance of this possible cost is a significant commendation for the current work program."

Bates Reese, Square Dancing, Mrs. Lewis Causey.

## Past Commander Will Address Legion Conflab

Donald R. Wilson, 1951-52 national commander of The American Legion, will address the annual Virginia American Legion Department fall conference in Charlottesville, Sunday, November 15, Department Commander Dr. Thomas S. Ely announced today.

The conference, which will draw representatives from Virginia's 270 Legion posts, will be held in Charlottesville's Lane High School, beginning at 10 a.m.

Wilson, long noted as an outstanding figure in national Legion affairs, is a Charlottesville, West Virginia, attorney. He was named by the U. S. Junior Chamber of Commerce as one of the ten most outstanding young men of 1951.

Charlottesville Mayor William R. Hill will deliver the address of welcome to the Legionnaires.

Business on the agenda includes reports from the 10 Virginia Legion districts and from chairmen of the Department committees, Commander Ely stated.

Legion programs, such as the Back-to-God movement, Rehabilitation, Child Welfare, and Americanism are slated for discussion, he added.

There was no immediate indication what the topic for Wilson's speech would be.

The fall conference will be preceded on November 14 by a meeting of the Department executive committee, governing body between conventions.

City Chairman Lewis E. Smith expressed appreciation to their workers for their marvelous accomplishments in this year's Drive.

More than 27,000,000 Americans moved to new homes during 1952, according to a commercial survey.

## "Mad Matter" Luncheon For Chesapeake Club

The Woman's Club of Chesapeake Beach is going to have a "Mad Matters" luncheon meeting, Tuesday, November 10th at 1:00 p.m. at Charlie's Restaurant, on the Shore Drive.

Mrs. R. K. Irving, Chairman has requested members to improvise "Mad Hats" from the least expected materials. Like flower-pots, paper plates, lamp-shades, egg beaters, etc., there will be prizes for the maddest hats. Serving with Mrs. Irving as hostesses will be Mrs. T. R. Allen, Mrs. U. L. Harmon and Mrs. C. C. Minchey.

Mr. Frederick Heutte, Superintendent of the Parks of the City of Norfolk, will be the speaker for the meeting. He will be introduced by Mrs. J. B. Fay, Sr., Chairman of the Garden Department.

## Red Cross Seeks Build-up of Blood Supply to Fight 1954 Polio Siege

"If a polio epidemic runs rampant next summer would you like your child given protection with gamma globulin?" This question is being asked by County Red Cross Officials who are scheduling a special visit of the sponsored Bloodmobile to Virginia Beach Nov. 24. If the parents answer to the affirmative then they must realize that in order to have sufficient supplies of the precious serum on hand for the protection of the children, they must contribute blood. The scheduling of the forthcoming visit of the Bloodmobile is a result of the stocks of blood being dangerously low and they must be built up to provide the laboratories with sufficient blood to produce gamma globulin.

To emphasize the need of blood to parents a letter is to be distributed shortly to all children in the schools. According to John Arthur Hill, Blood Program Chairman, another contest by being planned with the class having the most parents give blood being awarded money prizes.

## Tidal House Pies Offered in Stores

The famous Tidal House pie is now available to the public through retail outlets in Virginia Beach. It was announced this week by Peter DeWitt, owner of the Tidal House.

The pies are on sale at Colonial Stores and through the Beach Hotel Supply Company's food club plan. The pies are frozen but possess the same delicious flavor when baked as the pies served in the Tidal House.

Various flavors are available including apple, blueberry, blackberry, cherry and peach. The frozen pies require about 45 minutes to bake in an oven set at 425 degrees.

## TRUE DEMOCRATS

The smashing victory of the Democratic Party in last Tuesday's general election in Virginia must have been a great source of satisfaction to "true" Democrats everywhere and the results of the voting in Princess Anne County and Virginia Beach was particularly gratifying to those loyal Democrats who vote and support the party nominees in the general elections.

In again voting the Democrats into State offices the people of Virginia have expressed their satisfaction with the sound, progressive administration that has marked the Democratic organization in Virginia. A record of achievement that has placed Virginia far above the average state in the conduct of its government.

The Republican Party made a real fight of the campaign for the State's highest offices that has just ended in a Democratic victory. Hardly a stone was left unturned by the opposing party seeking to gain these high offices.

Many statements were made during the hotly contested campaign and many moves were made by opponents of the Democratic organization headed by United States Senator Harry F. Byrd. Much has been said about some of the moves. One in particular was the manner in which an indictment was obtained against Sidney S. Kellam in alleged income tax irregularities. The Democrats labeled the action as "timed" and motivated by politics. The Republicans denied all this yet the timing and Mr. Kellam's position, at the time, as state campaign manager for the Democratic Party, cannot be overlooked.

However, the fight is over and the victory has been won again by the "true" Democrats. The Democrats who awarded Mr. Stanley, with the State's highest office must be labeled "true" Democrats and from the overwhelming victory given the Democratic slate in Princess Anne County and Virginia Beach it is evident that we have a goodly number of "true" Democrats among us.

A "true" Democrat is one who votes in the Democratic primary as a Democrat and then follows through by casting his vote in the general election for the nominee of his party. From the number of "Republican" votes counted in certain precincts in Princess Anne County and Virginia Beach last Tuesday it is quite obvious that there are some who claim to be Democrats but have not demonstrated qualities that would give them the right to be called "true" Democrats.

There are many good Republicans living in Virginia Beach and Princess Anne County, who worked hard and voted for the candidates representing their party. This is as it should be but those who joined the Republican Party for this election are not "true" Democrats, nor independents. They would best be known as "antits" or better still as the "People's Ticket" crowd.

Tuesday's victory, not only here but throughout the Commonwealth, was a victory for the "true" Democrats and a victory for the people.

## DALE CARNEGIE

Several years ago Tom L. Williams, 1225 So. Park, San Angelo, Texas, developed serious heart trouble. The case was rather unusual because the trouble was not in his heart but in his head. One evening after a busy day at the office, he rushed home, ate a hurried meal and dropped down in a chair to read a paper. He developed indigestion but, he thought occurred to him that it was probably a heart attack. That thought grew until he could scarcely breathe and he thought he was living his last few moments. Eventually he felt better but the experience left him pretty well shaken. He didn't want to go to a doctor fearing confirmation of his fears. On the other hand he was afraid not to go. Eventually he did go and the doctor gave him a clean bill of health. But the problem wasn't licked yet. He reasoned that if he continued to worry about the situation he would bring on a real heart attack. He analyzed his problem he convinced himself that if he had a good sound heart, no amount of fright would bring on a fatal heart attack. In other words he replaced his fears and worries with positive, objective thoughts. He also reasoned that if he ever developed a heart condition, there was nothing he could do about the situation except live by good rules of health which was what he was doing anyway. Those objective thoughts did not replace the worry in one single moment. But by concentrating on them over a long period of time he was able to eliminate the fear and worry of heart attacks.

## First Serious

(Continued from Page 1)

the accepted pay-as-you-go plan followed by the Democrats and many observers felt that this one issue dealt his chances a death blow. The successful candidate, Stanley, ran on the record of the Democratic Party in Virginia and promised to continue to carry out the basic principles of the party with progressive improvements. The vote was very heavy, a point the Republicans felt favored their cause. It was the largest turnout of voters in history, but fell considerably short of the presidential election.

## Old Line Demos

(Continued from Page 1)

Democrats in Princess Anne County and Virginia Beach continues a consistent vote of the area which has been predominately Democratic through the years. It gives evidence to the strength and unity of the local Democratic organization. The turnout of voters was one of the largest in the county's history, but fell short of the presidential election a year ago. The largest vote ever cast in Princess Anne County was the county election of 1951. The Democratic ticket easily

captured both Virginia Beach precincts and most of the county's precincts. Only Cape Henry and Glen Rock went to the Republicans by close margins.

## Davis Re-elected

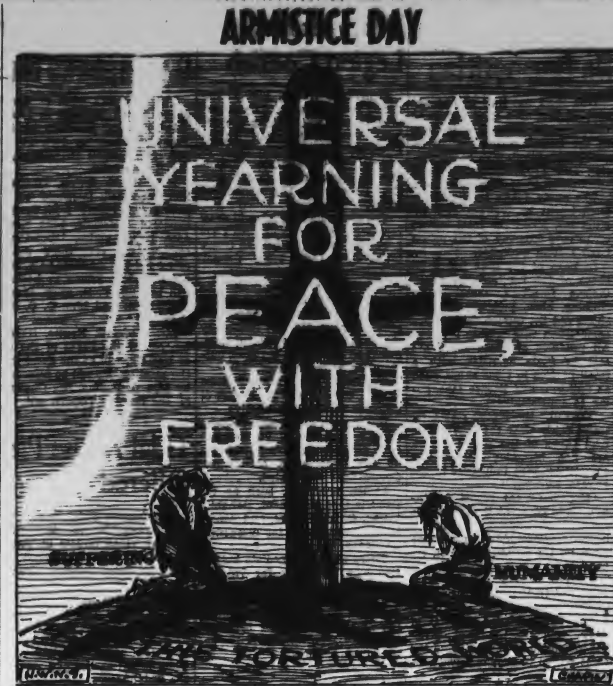

(Continued from Page 1)

my good friends who voted for me in this election and I want to particularly thank the many loyal workers who gave so much of their time to my candidacy. I will continue to work for the best interests of Princess Anne County and the State of Virginia."

## Port Security Team Ends Work

(Continued from Page 1)

The Coast Guard's port security identification card processing team will make its last appearance in North Carolina Sunday, November 8, at the Nags Head Lifeguard Station between 10 a.m. and 4 p.m. Coast Guard officials said today. In recent weeks the team, which was initiated by the Coast Guard to save time and trouble for waterfront workers and fishermen between the two bodies of water proved them wrong. Nearly one-third of Finland's land lies north of the Arctic Circle.

## Meeting on Taxes Next Tuesday

Taxpayers of Princess Anne County will have an opportunity to air their feelings at a meeting with the County's Board of Supervisors and Board of Tax Reassessment on Tuesday night, November 10, at the Princess Anne Courthouse.

The meeting is a result of protests over increased taxes for residents of several of the county's managerial districts. The increased bills are a result of the tax reassessment board plus certain additional taxes resulting from bond issues approved by the electorate.

Basic tax rates were increased last May by the County Board of Supervisors and the reassessment board in turn increased assessments on real estate.

Several groups have been formed in various sections of the county in protest to the higher taxes and it is expected that all will be given an opportunity to speak next Tuesday night.

The increases imposed by the Board of Supervisors were as follows: Blackwater District, 80 cents from \$4.20 to \$5.00; Pungo, 30 cents from \$6.50 to \$6.80; Lynnhaven, \$1.50 from \$5.25 to \$6.75; and Seaboard, 50 cents from \$4.80 to \$5.30.

waterfront workers and fishermen will have to apply for the cards in Norfolk if they miss the processing team at Nags Head, November 8.

The Coast Guard issues the cards to persons whose occupation requires them to visit waterfront properties which might be placed in a restricted status by the Coast Guard in the interest of safety or national security.

The card processing team is equipped to complete all preliminary phases of card procurement for applicants, including the taking of identification photographs and fingerprinting. This means that in one stop applicants can take care of all they are required to do to get a card.

Persons who have already made written application, but have not been photographed or fingerprinted, are urged to take care of those matters with the processing team at Nags Head.

A charge of \$1.00 will be made for the identification pictures since they will be taken and processed by a commercial photographer.

According to the Coast Guard, all applicants at Nags Head should bring with them some means of proving citizenship such as a birth certificate, baptismal certificate, probate record, merchant's marine documents, naturalization papers, passport, an insurance policy at least 10 years old or a military discharge certificate.

In addition, social security numbers of applicants must be available for the Coast Guard processing team.

In Napoleon's time, engineers thought the Red Sea was 30 feet higher than the Mediterranean, but the cutting of the Suez Canal between the two bodies of water proved them wrong.

Nearly one-third of Finland's land lies north of the Arctic Circle.

Coast Guard officials said that

## Woman's Club Meets Tuesday

The regular monthly meeting of the Woman's Club of Princess Anne County will be held at the Pine Tree Inn Tuesday, November 10, at 12:30.

The topic for November is "The Youth of Tomorrow." Everett Wilson, chairman of this department, will present David Emory, talented teen-ager and a student at Maury High School. David won second place in the talent contest at the Princess Anne County Fair held at Virginia Beach in September. He will sing "I Believe."

The Club is most fortunate in having Mrs. V. E. Wornham of Hampton, Virginia, as guest speaker. Mrs. Wornham is president of the sixth district of the Federation of Women's Club of Virginia.

The Club is most fortunate in having Mrs. V. E. Wornham of Hampton, Virginia, as guest speaker. Mrs. Wornham is president of the sixth district of the Federation of Women's Club of Virginia.

## PA RED CROSS MEETS MONDAY

It was announced today by Harold B. Kellam, chairman, that the monthly board meeting of Princess Anne County American Red Cross will be held Monday instead of Tuesday as originally scheduled.

The meeting is to take place at 8 p.m. in the Community house, Arctic and 18th, the earlier date having been set to avoid conflict with the taxpayers' meeting in Princess County Courthouse.

PA to discuss the recent increased assessments.

## New Foreign Postal Rate Soon

Patrons are reminded of changes in international surface postage rates for Postal Union mails and special fees becomes effective November 1, 1953.

The following should be specially noted:

1. The surface letter rate will be 8 cents for the first ounce and 4 cents for each additional ounce, except to Canada and Mexico which remains at 3 cents per ounce.

2. The special "BOOK" rate of 5 cents per pound which has been applicable to certain countries will be discontinued.

3. Newspapers and periodicals mailed by publishers or registered agents will be accepted to member countries of the Postal Union of the Americas and Spain and the Philippines at the present domestic pound rates of postage until December 1, 1953, when these rates will be discontinued and the regular printed matter rate of 2 cents for the first ounce and 1 1/2 cents for each additional 2 ounces or fraction will be applied.

4. The special "BOOK" rate of 5 cents per pound which has been applicable to certain countries will be discontinued.

## Legal Notices

(Continued from Page 6)  
 In the Clerk's Office of the  
 Commission of Game and  
 Inland Fisheries  
 BEVERLEY W. STRAS, JR.,  
 Chairman  
 11-5-51

### LEGAL NOTICE

Commonwealth of Virginia:  
 In the Clerk's Office of the  
 Circuit Court of Princess Anne  
 County on the 29th day of Octo-  
 ber, 1953.  
 E. E. Townsend, Plaintiff,  
 vs.  
 Roy R. Wood,  
 Defendant.  
 County of Princess Anne and all  
 other persons, including comor-  
 tises, if any, or heirs-at-law of  
 Roy R. Wood, who are or may be  
 interested in the Real Estate which  
 is the subject of this suit, are  
 made parties defendant hereto by  
 the general description of "parties  
 unknown," Defendants.

### ORDER OF PUBLICATION

The object of the above styled  
 suit is to remove the cloud upon  
 the title to certain real estate  
 situated in the County of Princess  
 Anne, Virginia, and described as  
 follows:

LOTS NINE (9) to SIXTEEN  
 (16) inclusive, BLOCK THIRTEEN  
 (13) on the PLAT OF  
 GROVELAND, which plat is duly  
 recorded in the Clerk's Office of  
 the Circuit Court of Princess  
 Anne County, Virginia, in Map  
 Book 5, page 247, and LOTS  
 THREE (3) to SIX (6) inclusive,  
 and LOTS TWENTY-FIVE (25)  
 to TWENTY-NINE (29) inclusive,  
 in BLOCK FORTY (40) and  
 LOTS THIRTY-SIX (36) and  
 THIRTY-SEVEN (37) in BLOCK  
 FORTY-NINE (49) on the PLAT OF  
 BUNNY BROOK, which plat is  
 duly recorded in the Clerk's  
 Office of the Circuit Court of  
 Princess Anne County in Map  
 Book 5, page 201.

AND IT APPEARING from the  
 averments of the bill of complaint  
 filed herein and by affidavit duly  
 filed that Roy R. Wood is a non-  
 resident of the State of Virginia,  
 his last known address being Mar-  
 tins Ferry, Ohio; that said Roy R.  
 Wood may have been married,  
 and if so the name of his consort  
 is unknown and her last known  
 post office address is unknown;  
 that said Roy R. Wood may have  
 died, leaving heirs, devisees or  
 personal representatives; if so, the  
 name of said heirs, devisees or  
 personal representatives are un-  
 known, and their last known post  
 office addresses are unknown; and  
 that there are or might be persons  
 other than those named in the bill  
 of complaint interested in the  
 real estate which is the subject  
 of this suit, whose names and  
 last known post office addresses  
 are unknown.

IT IS THEREFORE ORDERED  
 that the above named persons, if  
 living, and if dead, their heirs,  
 devisees, and personal representa-  
 tives, and all persons other than  
 those therein named, who are or  
 might be interested in the real  
 estate which is the subject of this  
 suit, whose names are unknown,  
 do appear within ten days after  
 due publication of this notice and  
 do what is necessary to protect  
 their interests.

## SEAHAWKS CONQUER SAINTS WITHOUT STRUGGLE; POQUOSON GAME ON FRIDAY

By BONNIE KEY

The befuddled St. Paul Saints last Friday night bowed before the seashore Seahawks, who methodically pounded out a 38-7 victory to make it five straight games without a setback. Possessing only two conference wins however the Seahawks remain unopposed in fifth place in conference standings under Suffolk, Chesapeake, Great Bridge and Kempsville in that order. The Seahawks have scored a total of 213 points, an average of over 30 points per game, to lead the conference. They have had only 40 points scored against them which is also the smallest number of opposition points in the conference.

**Summary of St. Paul Game**  
Playing without their regular halfback George Sanderlin, who was laid up for a week, the Seahawks were without a hitch.

The first half saw the Beach kick off to the Saints and on the first exchange of kicks the Seahawks marched 57 yards, on the strength of a 28 yard gallop by Jim Meade, and then a 14 yard sprint by McCall for the T.D. Leudke on a sneak fails for the point.

The Beach again kicks-off and the Saints return to 35 yard line where they run one play from scrimmage before a fumble was picked up from first bounce by Bobby Leudke who never looked back until he was across the goal line. Leudke took it around right end to make it 19-0. The Saints turn at the ball met them one first down and a fumble recovered by the Beach to end the quarter.

The second quarter saw the Seahawks score twice and have a 38-0 exhibition by high scoring Sonny Halstead, called back on a fifteen yard penalty for illegal use of hands. The penalty was followed up by two more, for unsportsmanlike conduct and a personal foul, to set them back on their own 1 yard line forcing them to punt out of their end zone.

Led by Horton and Ed Savage the Saints return the ball, on a

series of plays and one first down, to the Beach 48 yard line, where on an attempted punt he was smothered by Seahawks to turn the ball over to the Beach on their own 43.

Terry McCall set up and pushed over the next touchdown on a 30 yard run that was stopped by Butler of the Saints. Halstead picked up 7 yards and then McCall went over from 14 yards out to make it 19-0. Leudke fails for extra point. The Saints took the kickoff and ran out the clock on a series of pass plays that clicked for one first down and considerable yardage.

Halstead taking the kickoff in the second half returned 14 yards to his own 33. Three plays resulted in only 5 yards forcing the Seahawks to kick.

St. Paul returned the punt to the 20 yard line from where they picked up three first downs led by Kenny and Ed Savage. Kenny raced for 25 yards to put the Saints in scoring position and 3 plays later Kenny carried over from the one foot line. Horton adds conversion 19-7.

At this stage of the game the Seahawks were playing without Guard Jim Standing and Co-Capt. Tackle Bobby Derringer, who were out of the ball game for rule infractions. On an exchange of punts that resulted in one first down for the Saints the quarter was ended.

The Beach regained possession again on their own 48 yard line and quickly on a 23 yard run by Halstead a yard gain by McCall and another 10 yards by Halstead, netted 3 first downs. Then the Seahawks' versatile field general Bob Leudke fired a 12 yard pass to T. H. Davis for the touchdown in the end zone. Leudke fails conversion, 25-7.

The Saints take the kick and returned to the 21 yard line. Three plays result in a 4 yard loss forcing them to punt. Meade takes the punt and returns it 15 yards to the 41 yard line.

The Leudke to Davis combination again clicks for 31 yards putting the Seahawks in scoring position. McCall goes over from

10 yards out to add the T.D. Scarborough's placement is good, 32-7.

The Saints on an epidemic of passes manages to pick up one first down before kicking to their fired up opponents. Ed Mort returns punt to his own 49 yard line. On the first play dead-eye Leudke heaves to the St. Paul 39 where it was taken by Sonny Halstead at full speed which, needless to say was good for the final touchdown making it 38-7. The Saints again ran out the clock on a few erratic passes to end the ball game.

**Individual Scoring**  
The Seahawks scoring is dominated by Sonny Halstead who has 81 points followed by Jim Meade with 37, Terry McCall, 30, Bobby Leudke, 24, George Sanderlin, 19, Eddie Mort, 12, T. H. Davis, 6, Tom Barnes, 4 and Kermil Scarborough, 1. Halstead is the leading scorer in the conference and has three games yet to play.

**Beach vs Poquoson**

The Seahawks will take on Poquoson tomorrow night in a conference tilt that has the Seahawks the favorite by a large margin. Being a favorite, however will not make Coach Isaac's shed his blue spirit jacket, however. Isaac has worn this blue-jacket through his five game winning streak and although we assure you he does have a topcoat, it does not possess the powers of his jacket. On these chilly Friday nights Isaac's turns about the same shade of blue but as long as he can win he will continue to wear it. Kickoff time is set for 8:00 o'clock at Memorial Stadium tomorrow night.

**Predicted Starting Lineups**

Position	Seahawks	Saints
Quarterback	LT	Davis
Fullback	LE	Barco
Halfback	LG	Scarborough
Linebacker	LS	Tarrall
Wide Receiver	RT	Standing
Tight End	RE	Derringer
End	RB	Mort
Punter	QB	Leudke
Kicker	LB	Sanderlin
Special Teams	RB	Halstead
Reserve	FB	McCall

### "Buddy" Guy Swings Clubs in Mexican Meet

George R. "Buddy" Guy, of Virginia Beach, one of the nation's outstanding golfers, took part in the Mexican National Amateur golf tournament last week in Mexico City.

Guy, runnerup for the Princess Anne Country Club championship this year, qualified for match play and defeated one of Mexico's finest players, Francisco Valhina, 5 and 4.

Guy, who makes his home in Fort Lauderdale, Florida, during the winter months, has been playing outstanding golf for the past several months and he was favored to go far in the Mexican tournament.

The course in Mexico City is a true test of golf with its yardage listed at 6900 yards and its par at 72.

### Lions Active in Stadium Work

The Virginia Beach Lions Club has been very active in promoting the new Virginia Beach Memorial Stadium. This club has continued more in the financial way than any other club or individual in the construction of the Stadium. Through this efforts a cyclone fence has been erected to enclose the entire Stadium. The cost to the club is well over \$3,000.

The Lions have been invited to play a prominent part in the Dedication Ceremonies on Friday Nov. 13th at the New Stadium. Va. Beach high school football team will play Central High School of Elizabeth City in the annual Beach Bowl game on that night.

### TYPIST EXAMS ARE SCHEDULED

Civil Service Examinations for the positions of Typist, \$2500 per year to \$2950 per year, and Stenographer, \$2750 per year to \$3175 per year, for indefinite appointment in all Federal establishments in Norfolk, Virginia and Norfolk County, Virginia (East of the Daniel S. Bland Canal), are now open. It was stated today by Mr. H. L. Johnson, Recorder of

## LOCAL LIONS SPONSORING TOP-NOTCH FIGHT SHOWS

Added to the growing list of athletic events at Virginia Beach is the newly formed bi-monthly boxing events, sponsored by the local Lions Club. The bouts are run off on the first and third Mondays of each month at the local high school gymnasium with eight matches scheduled for each night. Tickets for these bouts can be obtained from members of the Lions Club or at the box office at the high school.

Proceeds from these events will go for the newly erected fence that surrounds Memorial Stadium. So if you want an evening of exciting entertainment and a chance to aid the civic minded Lions Club, be on hand for their next event November 16 at 8:00 o'clock. Last Monday's main event from a local stadium was won by Jack Belton, 161, Oceana NAS, in third round. U. T. Brown, 144, Virginia Beach, defeated Earl Winfield, 146, VAC.

Neal Foster, 145, Oceana NAS, defeated Calvin Bland, 147, VAC. John Younck, 145, SrvLant, won TKO over Howard Hollowell, 143, in second round. Bob Harrison, 138, SrvLant, won TKO over Leroy Hearn, 135, Oceana NAS, in second round. Larry Davis, 146, VAC, defeated Jimmy Rose, 146, Norfolk.

## Creeds Likely to Finish Season Undefeated

The Creeds Indians, with only one more game to play, are looking forward to an undefeated season.

The remaining game is Homecoming on November with Norfolk Academy Varsity. They have played six games, allowing only three of the teams to score against them. The scores of these games are: Virginia Beach (3) 13-0, 25-0, Kempsville, (2) 18-0, 20-0, Norfolk Academy Varsity, 19-7 and Oceana, 7-7.

Other festivities of the day will be the reigning of the Queen of the Harvest Bowl, and her court, and a dance that night.

## Miss Virginia at Beach Bowl Tilt

Mr. J. A. Johnson, principal of Va. Beach High School, announced today that Miss Virginia of 1953, Miss Anne Lee Cegle of Norfolk, Va., will take part in the 1953 Beach Bowl. Miss Virginia will ride in the parade preceding the game and will sing "The Star Spangled Banner" before the game begins. Along with Miss Virginia will be "dunk" from the local army base, First Story. The local National Guard will also add color to the pre-game ceremonies.

## Storekeeper Positions Open

A Civil Service examination for Storekeeper is now open. It was stated today by Merrill C. Wolfe, Recorder of the Board of U. S. Civil Service Examiners, U. S. Naval Amphibious Base, Little Creek, Norfolk, Virginia.

The salary for this position ranges from \$2750.00 to \$3175.00 per annum. The examination is closed solely upon experience requirements. There is no written test.

The purpose of this announcement is for establishing eligible registers for filling future vacancies in the future appointment at the U. S. Naval Amphibious Base, Little Creek, Norfolk, Virginia and also U. S. Fleet Air Defense Training Center, Dam Neck, Virginia Beach, Virginia; Fort Story, Virginia; U. S. Naval Air Station, Oceana, Virginia Beach, Virginia.

Applications for this examination will be received by the Board of U. S. Civil Service Examiners, U. S. Naval Amphibious Base, Little Creek, Norfolk, Virginia until further notice.

the Board of U. S. Civil Service Examiners of the Fifth Naval District. The examinations are being held by the Board of U. S. Civil Service Examiners, Fifth Naval District, and applications will be accepted by the Recorder, Board of the U. S. Civil Service Examiners, Fifth Naval District, U. S. Naval Base, Norfolk 11, Virginia, until the needs of the service have been met.

Written tests are required for these examinations and applicants will be rated on the basis of the written tests. Complete information and application forms may be obtained from the Recorder, Board of U. S. Civil Service Examiners, Fifth Naval District, U. S. Naval Base, Norfolk 11, Virginia, or from any first- or second-class post office in this area.

## CONTEST WINNER

Little Teddy Parker is the winner of the contest among Norfolk, Princess Anne and Norfolk County youths who competed in the Tuberculosis Association contest to select a youngster who most nearly resembles the youth depicted on the TB Christmas seal. Young Parker is from Fortress, Va.

## Beach Little Theatre to Present "Doughgirls" Monday, Tuesday

The Virginia Beach Little Theatre will open its 1953-54 season next Monday and Tuesday nights, November 9 and 10, with a sparkling comedy, "Doughgirls." The play, written by Joseph Fields, was first produced by Max Gordon at the Lyceum Theatre in New York in 1942. It has long been a top favorite with Little Theatre groups all over the country, but this is the first time it has been presented locally.

In the large cast are several Little Theatre veterans: Anne Henry, who last appeared in "Out of the Frying Pan"; Jane LaGiglia, seen last season in "The Two Mrs. Carralls"; Joe LaGiglia, who previously acted in "George Washington Slept Here"; Sam Fidgeon, remembered for his role in "John Loves Mary"; Bobby Addenbrook, last seen in "Brighten the Corner"; Lewis Rainey, who played last year in "Out of the Frying Pan" and Miles Chappel, who appeared three seasons ago in "John Loves Mary." Welcomed back is George Mullen, who played one of the leads in the Virginia

Beach Little Theatre's first production, "My Sister Ellen." Mr. Mullen, before moving to Virginia Beach, was active for several years with the Norfolk Old Dominion Guild. Doug Hubbard was seen this summer in the Theatre-Go-Round production of "The Man Who Came to Dinner." John Tucker frequently appearing in other local theatricals, was seen last in "My Sister Ellen."

Among the newcomers are Captain and Mrs. Philip Walker. Captain Walker attached to SACLANT, worked with the Honolulu Little Theatre and took part in drama productions at the University of Iowa. Mrs. Walker was also a member of the Honolulu Little Theatre and received her dramatic training at Washington State College. Rue Hodron was a member of the Little Theatre at Charlotte, N. C., and the Carolina Playmakers. She studied drama at the University of N. C. and recently directed plays for the Richmond Recreation and Play-ground department. She taught

## AGRICULTURAL NOTES

By JOHN O. HART, County Farm Agent

It is with a great deal of pleasure that I announce the addition of four more prizes to the Soybean Growers Club Prize List announced in last week's article. Mr. J. O. Petree, Chairman of the Soybean Committee, notified me of four additions to the previously announced prize list.

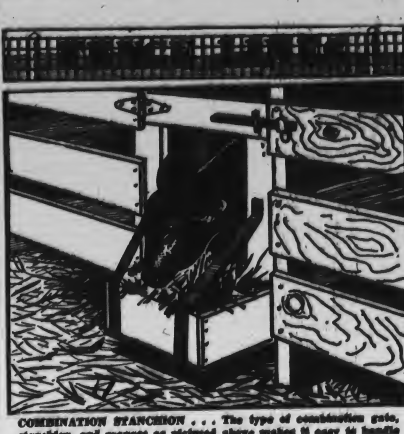

The Farmers Grain Corporation is making an award of \$25.00 cash to the 5th place winner. Also Weaver Fertilizer Company has made available two 1/2 ton fertilizer awards for the 9th and 10th place winners, and Jordan-Hancock Grain Company is awarding their check for \$10.00 to the 14th place winner.

On behalf of the Soybean Committee and the 53 members of our Soybean Growers Club, I would like to take this opportunity to thank these Companies for their interest and support that they are showing by encouraging the increased production of quality soybeans here in the County Contest.

**Corn Pickers and Combines Play No Favorites**

Already this season these two pieces of machinery have claimed the arm of one of our farmers. The running of a corn picker or a combine is no job for an amateur. It requires skill and experience. Your harvesting equipment must be conditioned and adjusted to handle this season's crop to avoid excessive clogging. They must also be handled skillfully and safely in the field to reduce corn or soybean losses and at the same time prevent any possible accidents.

Here are some safety rules that everyone of us should observe during harvest time. Stop your picker before oiling, adjusting, or unclogging. Make "shutting off the power" a habit every time you leave the tractor seat. Keep your shields in place. Operating without safety shields is an Engraved Invitation for a Serious Accident.

COMBINATION STANCHION . . . The type of combination gate, stanchion, and manger as pictured above makes it easy to handle calves.

Dress for your job. Always wear close-fitting clothing that is warm and comfortable. "Extra thumb" gloves are especially dangerous. Watch out for falls. You should not allow extra riders on your harvesting equipment and be sure that you have firm footing when climbing off and on your tractor. On the highway use a Red Flag "up high" to warn motorists of a slow moving vehicle. When moving your tractor on the road at night, use a red light behind your equipment. Be especially observant of all traffic laws.

Most of our accidents occur when we are in a hurry. Take time to be safe, not sorry.

**"HENS LIKE COMFORT TOO"**  
Comfort in your laying house is

## Aids to Meet Livestock Feed Crisis Studied

Aids to meet the feed emergency caused by the drought will be outlined at a series of meetings by VPI Agricultural Extension Service specialists, beginning this week.

W. H. Daughtrey, associate director of the Service, said livestock and dairy farmers are faced with a serious problem, and "research information is available that will help them meet this emergency."

Daughtrey said specialists from the animal husbandry, dairy husbandry, and agronomy departments have canceled many of their "business as usual" activities, and will attend each meeting.

Farmers and others attending the meetings will hear: how to conserve and make the best use of available feed; feeding and management practices to get livestock through the winter with a minimum roughage; methods of balancing rations with low quality and limited quantity roughage; and feed production—when the rains come—including mixtures to plant for early grazing, early spring hay crops, drought insurance system of forage production for next year, and fertilization practices.

The meetings began Wednesday, November 4 in Fredericksburg, to continue this week at: Tappahannock, Chatham, and Halifax, today; Richmond, Martinsville, and Rocky Mount, on Friday.

Next week's schedule: Powhatan, Amelia, Buckingham, Nelson, Charlotte, Craig, and Giles counties, Monday, November 8; Nottoway, Lunenburg, Appomattox, Fluvanna, Floyd, and Montgomery, Tuesday, November 10; Mecklenburg, Brunswick, Prince Edward, Cumberland, Coocheland, Pulaski, Bland, Wednesday, November 11; Sussex, Greensville, (Continued on Page 3)

## Official Warns Hunters to Guard Against Carelessness, Accidents

With the lifting of the ban on hunting in many sections as a result of the rain which is covering the state, Dr. Mack L. Shanholts, State Health Commissioner, issued a warning today to hunters, issued a warning today to hunters, issued a warning today to hunters.

"In the United States about 16 million hunters take to the woods each fall. Most of them return safely, but each year many are killed by their own or their companions' guns. Almost every hunting death could be prevented if a few health and safety precautions were taken," Dr. Shanholts said.

Each year, firearm accidents take about 2,200 lives. This death toll reaches its peak during the hunting season. Nearly 90 per cent of firearm fatalities are among males, teen-age boys frequently being the victims.

The activities most responsible for hunting accidents are: Walking into the line of fire; the discharge of guns when hunters carrying loaded weapons tripped or stumbled or handled them carelessly while climbing over or under a fence; loading and unloading weapons; and being mistaken for game. More hunters are killed by the guns of their own companions than by the weapons of other hunting parties.

"Treat your gun with respect," Dr. Shanholts advised. "Make

## WOULD ALLOW OUT-OF-STATERS VACATION FISHING PRIVILEGES

Temporary fishing licenses—granted for three-day periods to fish in Virginia's impounded waters—would increase the tourist trade in the Old Dominion considerably, a spokesman with the Virginia State Chamber of Commerce said today.

Richard S. Gillis, Jr., director of public relations with the State Chamber, pointed out the advantages of such a fishing permit after the proposal was made to the Game and Inland Fisheries Commission by a group from Southwest Virginia led by Senator George Warren and Jim Tindall, Publisher of the SMYTH COUNTY NEWS, last week. The

Virginia State Game also was on record as approving of a temporary license last week. From the many letters "the Chamber receives, Gillis said, it is quite clear that many tourists who feel that they are being treated unfairly when they have to pay the full cost of a season's permit when they are going to fish only one or two days," he explained.

The letters, he said, indicated that tourists would be more willing to visit Virginia if they could purchase temporary permits. (Continued on Page 5)

## CORN BREAD DRESSING ADDS NEW FLAVOR TO PORK ROAST

Roast pork is one of the many foods that take on added zest when combined with flavorful corn meal.

A delightful main dish for a Sunday or holiday dinner is Roast Pork with Corn Bread Dressing. Easy to prepare, the dressing can be made from either left-over corn bread or fresh corn bread dried slightly in the oven.

**ROAST PORK WITH CORN BREAD DRESSING**

1 Pork Roast (10 lb or rib)  
Season with 1 teaspoon salt  
1/8 teaspoon pepper per pound.  
Dressing:  
1/4 cup chopped onion  
1/4 cup bacon fat  
1 cup crumbled corn bread

1 teaspoon salt  
1/2 teaspoon poultry seasoning  
1/8 teaspoon pepper

Ask butcher to loosen backbone to make carving roast easier. Place meat on roasting pan, fat side up. Roast in a moderate oven, 250 degrees F., about 30 minutes per pound. While meat is roasting, prepare dressing as follows: Brown onion in fat. Combine crumbled corn bread with remaining dry ingredients. Add fat and onion, and mix carefully. About 45 minutes before roast is done, pour dressing fat from pan and transfer corn meal dressing to roasting pan, stuffing it under and around the meat. Continue baking until pork is done and dressing browned.

## MERRY MATRONS

By ALANNEE

Mrs. Wiley Buchanan, wife of the new United States Minister to Luxembourg, has a great mind of her own, is an extremely friendly and merry little matron. She is definitely the petite type in her fashion preferences. Ruth Buchanan returned to Washington about a month ago, after three months in Europe, and she brought back a trunk full of clothes. She visited all the top designers while in Europe and brought back lovely things whipped up by Nicole Pontaga, Jean Deane, Jacques Griffe and Dior, all originals. Ruth likes different ideas on what's why she does not have a favorite couturier. When she follows Pearl Mesta into the Luxembourg embassy, she'll have many American-made frocks, too, because she knows that for some things the United States can't be beat. She's blonde and favors pink and her new Deane ball gown has a tucked bodice of filmy mesh-silk set in a petal shape flowing into a skirt of heavy pink velvet. For the holiday season, she has a ruby red and green satin, and another formal of pink chiffon combined with tulle. Yes, indeed, Ruth Buchanan is a merry blonde matron who keeps with bright and gay colors.

Mrs. Billie Atwell is enthusiastic and then some over the growth of the Virginia Beach Art Association and Lake Shore Drive's Mrs. Thomas Kennedy's untiring efforts for same. Mrs. Henry Boykin, vice president, conceived the idea in November of last year after an impressive exhibit, staged at the beach by the Virginia Museum. She called together Mrs. Charles R. and Mrs. Charles Weris, Mrs. William Graham and Janice Kennedy, formed the group and then some over the growth of the Virginia Beach Art Association. In one short year, this ambitious group has grown with

## STRAIGHT From the SHOULDER

### ... Fashion, That Is!

By ALICE BREWER WHITE  
Fashion Woman's Editor

Time in to Radio Station WAVY—1250 on your dial for latest fashion news, interesting items about people, places, stuff and things by Alice Brewer White each day, Monday through Saturday, 9:00-9:30 a.m. NBC—1250.

**LACE AT ANY TIME, ANY PLACE**—This season, designers have used lace with fresh ingenuity and have opened up a whole new world of possibilities. Many are cutting it along lines that formerly were confined to waisted frocks. For instance, a short white jersey that is just as cleanly precise as a daytime tulle. A cocktail or theater suit of heavy embroidered beige lace is cut with a short trim jacket and a short slim skirt. Others contrast:

Its delicate scrolls with heavy satin playing the blackest black against the whitest white, or throwing a filmy garden of lace over a film of tulle. Many designers are making it even more luxurious by setting it with jewels or mounting it with precious furs, like pastel collars and cuffs. For all its elegance, lace can be very practical. The most budgeted pocketbook. Naturally it can be as fabulous as the traffic will bear but some of the new moderate-priced laces have great beauty and charm plus the practical aspect of not

a total of 100 members and 20 patrons.

It's nice to report that these art-minded matrons will stage their first local artists' exhibit, Nov. 9 and 10. The three are: Mrs. Marianne Sloan, Mrs. Roberts Ballard and Mrs. Rue Hodges, and this their first joint appearance. Mrs. Philip Walker and her husband, Captain Walker, are also in the large cast of twenty-six which Ruth Massey is tirelessly directing. Mrs. John Tucker is the general chairman and your Allstate hopes the Junior Woman's Club girls will sell tickets and fill up the auditorium. (Continued on Page Four)

with a stunning high, pin-on collar? Certainly her most dramatic gown was the black and white evening gown in the last act. Her skirt drifts of white chiffon floating to the floor from a sweater-fitted, long-sleeved black jersey top. With this she wore a cloak of gold cloth, its fullness flowing to the floor from high under the arms.

**THE "LITTLE COAT" POPULAR**—So many smart women this Fall are including a costume ensemble in their wardrobes. The reason is that it's new in fashions and also very practical. A dress and a coat to match, coordinated through color or detail, or a coat with a matching skirt and blouse. The made-for-each-other look of the costume is a new note and the practicality lies in the adaptability of each piece to the rest of the wardrobe. For town or travel much of the year, of course, there is nothing quite so fine as the tweed costume. One noted in Washington was a black and black straight fingerless jacket with coordinated time-weighted tweed skirt and a high rising jersey blouse. The jacket was lined with the jersey of the blouse which made it a team. One just captured was a tangerine color high buttoned jacket, with a cummerbund of the same color, on a pencil slim dress of black wool.

**HIGHLIGHTS OF THE MEN'S SEASON**—The tapered silhouette with a trimmer, narrower line in the new season brings the return of the velvet collar and Chesterfield ... The odd vest will be seen more than ever since the men folk love wearing these varied vests as well as the ladies appreciate many styles and colors. Gay tattered linings add flashes of color to corduroy jackets ... The trend to soft fabrics, seen in the woollen for town suits as well as in sports wear, is emphasized by the stress on luxury fabrics like cashmere and suede and the men are definitely in favor of the softer look in fabrics, and the luxurious feeling of wearing softness.

## Down the Line with Johnny Bell

The big job goes on

American farmers have more and better telephone service than those of any other country.

The Bell companies, along with independent telephone companies, have added 24 million telephones in rural areas since World War II.

Improved methods of construction and service have kept pace with advances in farm practices.

Each year more rural customers have had fewer parties on the line with them. And more have "hit the receiver" service and improved type ringing where they do not hear rings for all others on the line.

An old saying with a new twist

You've heard the expression, "Life is what you make it." Change that around a little, and it applies pretty well to party-line telephone service, which is just about what you make it. It's certainly more satisfying and useful to all on the line, when everybody shares the service considerably and fairly. That's nothing more than good, old-fashioned courtesy. And, we might add, it's old-fashioned horse sense, too.

November is a good month to—

Be courteous and careful when hunting ... Use lights on slow-developing pullets ... Cull old cows of colored cows, and poor milkers from the beef herd ... Give each sheep a dose of penicillin ... Give weaned pigs sodium fluoride for worm ... Store hay in small containers to help reduce rancidity ... Check needs for winter wraps ... Breed cows for freshening next fall ... Apply lime and fertilizer to alfalfa and pasture ... Service and adjust tractor for winter use ... Repair hay racks and silage troughs to save feed ... Mulch perennials for winter protection ... Pot up a few clumps of parsley for kitchen garden and seasoning ... Apply two-inch straw mulch to strawberries.

## Modernization of Highway Sign System in Virginia Now Underway

Completion of the first phase of a program to modernize the sign system on Virginia's secondary highways is announced by the State Highway Department.

S. D. Crute, secondary roads engineer, said a "pilot study" has been completed in Southampton county and plans are now being made to extend the sign program to secondary roads in the other counties in the State.

In modernizing the signs in Southampton County, Crute said, 185 signs were installed at an estimated cost of about \$700. The program calls for the same letter design, mileage information, arrows, etc., used in making primary highways. As far as possible, however, use of oversize lettering and large sign boards will be avoided.

The objective of the program is to provide uniformity and better directional signing of the entire secondary system.

"As a result of increasing travel on the secondary roads," Crute stated, "we believed that we

should have adequate signing." Also, he pointed out, over the years there has developed a growing public demand for more signs on secondary roads.

"Since the practice grew out of public need, the methods employed in directional marking have been fundamentally sound in most cases," Crute observed. However, he added, in some instances signs were erected hastily, without first being given the study necessary for "comprehensive and systematic coverage."

In extending the sign program, engineers pointed out, no wholesale replacement of signs is planned. The new signs will be erected only where necessary and the sub-standard signs will be replaced as they wear out.

The sign program will have no material effect on the normal maintenance and improvement in the various counties. Engineers estimate that it will take about one year to complete the entire plan.

### LT. KAHLER TO GRADUATE TODAY

Naval Lieutenant John B. Kahler, of Virginia Beach, was one of 26 officers of the U. S. Army, Navy, and Marine Corps, who will graduate today from the Army's Psychological Warfare School at Fort Bragg, N. C.

The School, located at Fort Bragg, provides instruction in the latest techniques and doctrines of psychological warfare to classes of qualified officers and enlisted men of the Army, Navy, Air Force and Marines, including WACs and WAVES. In addition, selected officers from the armed forces of Allied nations, as well as a number of civilian officials of U. S. government agencies have completed courses in the past.

During the eight-week course, the officer-students received concentrated instruction in propa-

### LAFF OF THE WEEK

"Hey, I thought you and I made a gentleman's agreement last year!"

When heating ice rolls place in a paper sack in the oven or

ter, as this will melt and dissolve the icing.

When grinding cookie, cake or bread crumbs, tie a paper sack to your food grinder and thus prevent the crumbs from scattering over the floor.

To keep yolks which have been separated from the whites, place in a cup of water. This will prevent a hard crust from forming.

If you do not like acorn on top of cocoa, try beating the mixture with an egg beater.

### RECIPE OF THE WEEK

Beef Baked Limas (Serves 4-6)

3 cups cooked California large dry limas  
1 (8-ounce) can tomato sauce  
1/2 cup sour cream  
1 tablespoon grated onion  
3/4 teaspoon salt  
Black pepper to taste  
1 tablespoon brown sugar  
1/4 cup crumbled, crisp bacon  
Place limas in baking dish. Combine tomato sauce, sour cream, onion, salt, pepper and brown sugar. Heat to simmering (do not boil). Pour over beans. Mix lightly; top with crumbled bacon. Bake in a moderate (350 degree) oven 30 to 35 minutes.

on top of the range in a heavy skillet. Do not sprinkle with wa-

ganda; public opinion, and in the conduct of sustained psychological operations within and behind enemy lines for military purposes. To date more than 500 students have completed courses at the School. Colonel Gordon Singlet is Commandant of the Psy-War School.

## POTATO COUNCIL MOVES TO PUT SPUDS ON TABLES

The National Potato Council moved into high gear over the week-end and announced a long time industry "self-help" program to put this year's big potato crop on the tables of the nation's homes and public eating houses.

During the previous week the Council, meeting in Chicago, determined that no "potato" should be left untapped in the industry "self-help" program. This position was again emphasized at an Industry-Council Conference with Secretary Benson and his staff in Washington.

The small oversupply of potatoes this season resulted from very favorable growing conditions. Sol Lavitt, Council President, Ellington, Connecticut, said at the meeting, "If housewives will add just a few more pounds of health-building budget balancer potatoes to their family fare the entire over-supply will be quickly absorbed. The Potato Industry's problem is not one of over-production, but rather under-consumption. Every one pound increase per year in the national per capita consumption means 2½ million bushels of potatoes. A 10 pound increase of consumption this year would wipe out the surplus, thus preventing any possibility of waste and at the same time pre-

venting loss to the growers." Mr. Lavitt also announced the appointment of William M. Case, who has been Executive Secretary of the Red River Valley Potato Growers Association, East Grand Forks, Minnesota, as Executive Director of the Council. Mr. Case will direct a potato promotion campaign aimed at increasing the per capita consumption. The first act of the new Executive Director was to choose Max Chambers, Preston, Maryland, experienced in vegetable promotion work, to assist in the publicity and promotion program.

Cooperating in an industry merchandising campaign scheduled for December 9 to 15 will be the National Association of Food Chains, National Association of Retail Grocers, other retailers, wholesalers, distributors, restaurant and hotel groups, and consumer organizations. This overall program will emphasize the part that potatoes as a cheap source of nutritive value food can play in helping to stretch the family dollar. Growers are being asked upon to support this program to the fullest.

Within the next few weeks Mr. Case plans to visit potato producing areas to further enlist the support of growers in this industry program to give housewives new methods of using potatoes as a budget balancer.

IT'S SO CLEAN THAT WE CALL IT "White Glove" COOKING

It's a fact, homemakers. Electric ranges cook so clean you could put on your best white gloves, rub your fingers across the surface heating units, and never get a smudge on your gloves! Think what such clean cooking will mean to you . . . think of the hours saved and the drudgery eliminated . . . no more scouring and scrubbing . . . no more blackened pots and pans! Even "spills" just burn away . . . surface units clean themselves! Drip trays, bake and broil units are easily removed for occasional cleaning . . . porcelain surfaces wipe clean quick 'n' easy! You'll be proud of your clean range, your clean kitchen, your clean utensils . . . and how you'll love the way accurately measured, automatically controlled electric heat gives your family better meals with less time and work! Switch to ELECTRIC cooking now!

ium. These Beach Little Theater productions are well worth the loyal and devoted support of the good citizens who take pride in their own community activities.

Mrs. Hiram Cole Houghton, assistant director for refugees and immigration, Foreign Operations Administration, has just returned from a tour of the European escape missions and is convinced that since 1950 the "greatest improvement is that the people are not idle." Persons staying in the camps, established for those who fled from behind the Iron Curtain, are attending vocational training classes, sewing classes and language courses to prepare themselves for immigration. The United States is the first choice for all the people for their new home, Mrs. Houghton reported.

The common house spider has six spinnerets, each of which is covered with tiny spinning spools, and out of these come jets of liquid silk, hardening instantaneously on exposure to air.

## AGRICULTURAL NOTES

(Continued from Page One)

already made plans to burn light bulbs in your laying house, it would be wise to install these now. As the days grow shorter additional light will allow your birds to feed longer during the day and higher egg production will result. Some of the laying breeds that I have visited this fall are not large enough for the birds that were housed. You should allow 3 to 4 square feet of floor space for each laying hen. Roosting space should be adequate to allow 8 to 10 inches per hen. Overcrowding will cause picking. Cull carefully if you have housed more chickens than you have room for.

A new poultry record book for farm flock owners has just come off the press. Copies will be available at this office for those of you who would like to keep more complete records. Drop by the office and ask for the Virginia Poultry Record Book. Good records are necessary for top efficiency in managing your poultry flock.

## Crosby Role in "Little Boy Lost" One of Finest

King Crosby has been one of the popular actors in motion pictures for years. He has won an Academy Award for his acting ability and he has captivated millions with his voice. Bing has a naturally lovable personality and has, during the course of his career, provoked laughter and tears in varying degrees.

What could be better than to have "Der Bingle" combine all of these talents in one film. He does just that in his latest, Paramount's warm, compelling human drama "Little Boy Lost," the George Seaton-William Perleberg production to open next Sunday and Monday, Nov. 8th and 9th at Virginia Beach Drive-In-Theatre.

That subtly envelopes a penetrating study of a man's emotions. Crosby plays an American newspaperman who has spent years searching for his young son, whom he hasn't seen since his birth, just before the Nazi's invaded France. His wife had been executed for working with the underground and took with her almost all traces of their boy.

Through the persistence of a friend, Claude Dauphin, the trail eventually leads to a French orphanage, pointing to a frail, awkward seven-year-old, Christian Froude. Bing, his parental ego flying high, can't believe that this spindly-legged child is his son. A wise Mother Superior has him spend a few days with the boy. However, Crosby decides against talking the boy unless he can definitely prove the moppel to be his son.

Three dimension, photograph, the 3-D of the movies, has invaded the field of X-rays. At the Royal Prince Alfred Hospital in Sydney, Australia, plans are nearly complete for projection of 3-D X-rays on an eight-foot screen.

## MISS JACQUELYN GRAHAM TO WED THOMAS HUDGINS IN SERVICES AT THE GALILEE EPISCOPAL CHURCH FRIDAY

Miss Jacquelyn Dawson Graham, daughter of Mr. and Mrs. Harry Baker Graham, of Charlottesville, will be married tomorrow evening to Thomas Park Hudgins, of Norfolk. The ceremony will take place at 8 o'clock in the evening in Galilee Episcopal Church. The Rev. Herbert A. Donovan, rector of Christ Episcopal Church, Charlottesville will officiate.

Miss Graham will have as her matron of honor and only attendant, her sister, Mrs. Guilford Dudley Acker, of Virginia Beach.

Mr. Hudgins will have as his best man, his father, Harold Hudgins, and the groomsmen will be Comdr. Guilford Dudley Acker, U. S. N., of Virginia Beach, brother-in-law of the bride, William Parker Egerton, Jr., Thomas Allen Bond, Jr., and J. Burks Withers, Jr.

A reception will follow the ceremony at the Princess Anne Country Club. Miss Graham's parents, Mr. and Mrs. Harry Baker Graham arrived yesterday from Charlottesville and are staying at the Princess Anne Club.

## PRE-NUPRIAL PARTIES HONOR MISS HELEN ADDINGTON AND FIANCE; WEDDING SCHEDULED FOR NOVEMBER 27

Miss Helen Virginia Addington and Second Lt. William Moore Passano, Jr., U.S.M.C.R., whose marriage will take place November 27 are being entertained at several pre-nuptial parties.

Rear Adm. and Mrs. Logan McKee entertained last Saturday morning at 11:30 o'clock at a brunch at the commandant's quarters at the Norfolk Naval Shipyard, Portsmouth in their honor. The guest numbered 25.

On Saturday evening Mr. and Mrs. John Twoby II and their son-in-law and daughter, Dr. and Mrs. George Reuter entertained at a supper party, in honor of Miss Addington and Lieutenant Passano.

The party was at the Twoby home on Mowbray Arch, following the Oyster Bowl game and the guest numbered 50.

Miss Betty Louise Murden, a student at Sweet Briar College will spend this week end (Nov. 6-8) in Charlottesville. Miss Murden will attend the University of Virginia-Pittsburgh football game and the Opening Dances at the University of Virginia.

Miss Jane Brown spent the week end in Washington and Alexandria and attended the Dances at E.H.S.

Miss Mary Merriman Pender, a student at Sweet Briar College, spent last week end with her mother, Mrs. Martha Justice Pender, at her home in Bay Colony.

Li. Comdr. George P. Caruhas and Mrs. Caruhas and family who have been residing at the Naval Ammunition Depot, Portsmouth, have returned to the Beach and are occupying their home in Bay Colony.

## MISS GABRIEL MAUPIN TO BECOME BRIDE OF DR. HANS BIELENSTEIN

Mrs. William Gabriel Maupin, of Portsmouth announces the engagement of her daughter, Miss Gabrielle Carter Maupin, to Dr. Hans Henrik Gustaf Bielestein, son of Mr. and Mrs. Maximilian Bielestein, of Stockholm, Sweden. The wedding will take place in the near future.

Miss Maupin is the daughter of the late William Gabriel Maupin. She attended Miss Turnbull's School and the Berbonie, in Paris and was graduated from Holton-Arms School in Washington and Sweet Briar College. She made her debut at a ball given by the Norfolk German Club several seasons ago. She now is a Fulbright student at the University College of Canberra, Australia.

Dr. Bielestein is a graduate of the University of Stockholm and is head of the Department of Oriental languages at the University College of Canberra.

Miss Maupin, with her parents and sister, has spent many summers at Virginia Beach, and has many friends here.

## MEYER-CARTNER VOWS SPOKEN IN ELIZABETH CITY

The marriage of Sonia Cartner, daughter of Mr. and Mrs. Arthur James Cartner, of Richmond, Va., to Mr. Henry Emerson Meyer, son of Mrs. Louise Land Meyer and the late Henry Chopin Meyer, took place at 2 o'clock, Friday, October 13 at Christ Episcopal Church, Elizabeth City, N. C. The ceremony was performed by the Rev. George F. Hill, Miss Cartner attended Richmond Professional Institute. Mr. Meyer attended Kenyon College, Gambier, Ohio and Randolph Macon College, Ashland, where he was a member of the Kappa Sigma Fraternity. After the ceremony the bridal party was entertained at luncheon at the Virginia Dare Hotel by Mrs. Meyer, mother of the bridegroom.

Mr. and Mrs. Meyer will make their home in Palm Beach, Fla.

Mr. and Mrs. Lucille Cohn formerly of Norfolk, is now making her residence at 605, 16th street, Virginia Beach. She is a streamer and was affiliated with Twiford and Edwards in Norfolk.

Comdr. I. W. Meachum has left to report for duty at Petuxent Naval Air Testing Center, Maryland.

Miss Kitty Terrell, a student at Mary Washington College, Fredericksburg, spent the week end of October 24 at Hampden-Sydney College, where she attended the homecoming festivities.

Dr. and Mrs. Wilbert E. Butler of Norfolk spent last week end at the Princess Anne Country Club. They had as their guest Mr. and Mrs. Roland F. Holman and Dr. and Mrs. J. G. Gladstone of Exmore. They attended the Oyster Bowl game on Saturday.

Mr. and Mrs. George Gilliam had as their guest last week end Mrs. Gilliam's sisters, Misses Frances and Betty Vann of Franklinton, N. C. Their mother, Mrs. A. H. Vann, accompanied them to the Beach and she will remain with Mr. and Mrs. Gilliam for several weeks.

Henry B. Norfleet and Linwood Fugay spent last week end in Chapel Hill with Mr. Norfleet's son-in-law and daughter, Lt. C. Robert Wick, U.S.N. and Mrs. Wick. Mr. Fugay also visited relatives in Durham.

Mr. and Mrs. Maclin Simmons left Saturday to spend a week in Atlanta, Ga.

## MARRIAGE OF MISS YVONNE MARIE GUBERT AND JEAN JACQUES LAURENT OF INTEREST AT BEACH

A wedding of interest here took place Saturday morning, October 10, at 12 o'clock noon, when Miss Yvonne Marie Gubert, daughter of Mr. and Mrs. George Chittenden Gubert, of Beverly Hills, Calif., became the bride of Jean Jacques Laurent, son of Charles Laurent, of Paris, France, and Madam Charles Laurent, of Virginia Beach. The ceremony was performed with a nuptial mass by the Rev. Andrew McGrath in St. Martin of Tours Catholic Church in Brentwood, Calif.

The bride, given in marriage by her father, wore an original Manbo creation of bluish silk tulle with a wide chapel train. Her fingertip veil fell from a lace and pearl embroidered cap and she carried a prayer book, topped with orchids and lily of the valley, with a shower of seed pearls.

Miss Patricia Sullivan of Wilmette, Ill. was maid of honor and the bridesmaids were Misses Carolyn Hartman, Patricia McDaniel and Anne Gaudier. They wore white length gowns of green and cyclamen silk tulle. They carried bouquets of magnolia leaves and cockscomb. Miss Judy Ann Gubert, sister of the bride, was junior bridesmaid. She wore a full length dress of pink organza and

## JOHN A. MAPP NAMED IN 'WHO'S WHO'

John A. Mapp, son of Mrs. R. C. Mapp of 54th St. is one of the 15 Virginia Military Institute students named to appear in the 1953-54 edition of Who's Who Among Students in American Universities and Colleges.

Cadet Mapp, one of V.M.I.'s all time great athletes, has starred in both football and track, an All-Southern halfback last year and is co-captain of the 1953 V. M. I. football team.

Mr. and Mrs. James E. Mays and three children, who have been residing in Williamsburg, have moved to their home in Princess Anne County.

Mr. and Mrs. Frank Blackford of 72nd St. had as their guest for the week end, Mr. Blackford's aunt, Mrs. John Baylor of Baltimore, Md. They attended the Oyster Bowl game on Saturday.

Mr. and Mrs. William A. Whitehurst and young daughter, Susan, have recently moved from 27th Street to their newly purchased home at 8406 Atlantic Ave.

Miss Betty Louise Murden arrived Friday (Oct. 30) by plane from Sweet Briar College to spend the week end with her parents, Mr. and Mrs. Joseph David Murden of London Bridge. Miss Murden also visited her grandfather, Mr. Joseph B. Murden who was a patient at Leigh Memorial Hospital.

Mr. and Mrs. Maclin Simmons left Saturday to spend a week in Atlanta, Ga.

## WHO DOESN'T KNOW SHORE DRIVE INN?

## Club & Society Items - -

### Alice B. White Attends Fashion Forum in Capital

Alice Brewer White is one of the clubwomen from all over the state attending the fifth annual Miller & Rhoads Virginia Woman's Forum today in Richmond. "A Woman's Place in a Changing World" is the theme of the all-day meeting to which club leaders have been invited to attend.

Mrs. White, vice-president of the Pilot International club in Norfolk, will also interview most of the speakers and will present her remarks on her WAVY radio program beginning Monday of next week at 9 a.m. 1950 on the radio dial.

Mrs. Dave E. Satterfield, Jr., counselor on women's organizations for the store sponsoring the event, has arranged for the following speakers for the morning panel: Louis W. Wright, author and director of the Folger Shakespeare Library, Washington; Agnes De Mille, originator of the Agnes De Mille Dance Theater and author of the best selling "Dance To The Piper"; Philip Rhys Adams, director of the Cincinnati Art Museum and the Art Academy of Cincinnati; and the Rev. Dr. Albert Theodore Mollegen, professor of New Testament Language and Literature, Protestant Episcopal Theological Seminary in Virginia. This panel session will be conducted in the Richmond Woman's Club building this morning, (Nov. 5).

This afternoon, in the Miller & Rhoads tearoom, Gov. John S. Battle will introduce Dr. J. H. Van Rullen, retired Presiding Bishop of the Protestant Episcopal Church of the United States, will present Dr. G. W. Wu, Governor of Formosa and Minister Without Portfolio in the Chiang Kai Shek cabinet, who will speak on "A Picture of The Far East." A question period will follow.

### 700 Enjoy Local Halloween Fete

Approximately 700 children and their parents turned out last Saturday night for the eighth annual halloween party sponsored by

### Lake Joyce Club To Hear Talk on Federation

The Lake Joyce Garden Club will meet Wednesday, November 11th at the home of Mrs. C. J. Fox, at 1:30 p.m. Mrs. George F. Wilkinson, Jr. will be co-hostess.

Mrs. Robert L. Munn, guest speaker, will talk on "The Federation of Garden Clubs of Norfolk and Vicinity" of which the Club is a member.

Horticulture and Arrangement Classes are:

Class 1—"The Abundance of Princess Anne." A Composition of any plant material depicting the abundance of our County.

Class 2—"A Treasure from the Seaside." An Arrangement using some fresh plant material.

Specimens. Fall flowers, not over three by an exhibitor. Collection. Not less than three, nor more than six.

### Local Girls Are Pledged at Longwood

Among twenty girls who have pledged membership in the eight National Social Sororities at Longwood College, Farmville during fall rush are:

Pledging Theta Sigma Upsilon were Misses Bonnie Owen of Blairs and Nancy Taylor of Virginia Beach.

Zeta Tau Alpha bid Misses Margaret Felton, of Virginia Beach, and Shirley Kemp, of Hampton.

Virginia Beach merchants. The party was staged on the Virginia Beach playground at 20th Street and Pacific Avenue.

Prizes were awarded for various classes of costumes. In all there were 150 prizes given with 75 being awarded on costumes. The grand prize was a box of groceries.

Afeka's "Mountains of the Moon" were named by Ptolomy, ancient Greek scientist, who believed that the moon touched them and turned them silver.

Prizes were awarded for various classes of costumes. In all there were 150 prizes given with 75 being awarded on costumes. The grand prize was a box of groceries.

### Beach Ladies at Fashion Forum

Mrs. Aubrey Holmes, Mrs. Russell Crenshaw, and Mrs. Charles M. Lovett, all of Virginia Beach are expected to be among those attending the Miller and Rhoads Virginia Woman's Forum in Richmond, Thursday, November 5.

This is the fifth annual session of the Forum to which the leadership of the member clubs of the several state federations of women's organizations are invited.

Speakers this year are Dr. Jan Herman van Rullen, The Ambassador from the Netherlands; Dr. K. C. Wu, recent Governor of Formosa; Dr. Albert Theodore Mollegen, of the Protestant Episcopal Theological Seminary of Virginia; Dr. Philip R. Adams, Director of the Cincinnati Museum of Art; Agnes George de Mille, the choreographer; and Dr. Louis B. Wright, Director of the Folger Shakespeare Library.

Class 1—"The Abundance of Princess Anne." A Composition of any plant material depicting the abundance of our County.

Class 2—"A Treasure from the Seaside." An Arrangement using some fresh plant material.

Specimens. Fall flowers, not over three by an exhibitor. Collection. Not less than three, nor more than six.

### PA Garden Club MEETS MONDAY

Princess Anne Garden Club will meet Monday, November 9 at 2:30 p.m. Mrs. H. C. Olds will be hostess at her home, Oldton, London Bridge, Va.

### Teddy Parker Named 'Caroler'

A Festress youngster, 11-year old Teddy Parker, son of Mrs. A. A. Stack, has been selected as the youth to represent Princess Anne, Norfolk and South Norfolk in the statewide contest to select a youth who most nearly resembles the youth depicted on the tuberculosis Christmas seal.

Young Parker was selected from a group of six finalists who appeared on a recent television program. The judges for the contest were the Rev. Lawrence Strehley, pastor of the Ingleside Presbyterian Church, Mrs. Charles Griffin, executive director of the Norfolk Y.M.C.A., and Leroy Ober, instructor for the Virginia Institute of Effective Speaking.

Prizes were awarded for various classes of costumes. In all there were 150 prizes given with 75 being awarded on costumes. The grand prize was a box of groceries.

### Your GARDEN GUIDE

Barlow H. Bridges, Jr.

Fall is the best time of the year to plant or move many shrubs and trees. There are several advantages to planting at this season as opposed to spring planting.

For example, the soil is warm and easily worked and as a general rule is moist without being soggy such as is often the case in the spring time.

There is a long season of planting in the fall; autumn seems to linger on but spring comes with a rush. One often has to wait weeks in the spring for a good planting day.

Nurseries are very busy in the spring and they must fill their orders as they are received. Sometimes you are ready for your stock before it can be dug or it may

be dug too soon and the stock is out of the ground and drying out before it can be planted. There are exceptions, but, in general, shrubs in full leaf of early spring are not ideal for planting. Nurseries are apt to sold out by spring—the best and most popular items are the one first sold.

Fall planted shrubs are established and ready to grow when spring arrives. The roots have grown to a small extent in the warm soil of autumn and will force the tops of the plants into immediate growth when winter is over.

There are several drawbacks on fall planting however which are interesting to consider. For example, if the plants are put into heavy clay type soil, then the alternating freezing and thawing of winter breaks roots and heaves plants from the soil (or at least partially so), unless they are mulched. Another point is that winter winds are apt to loosen and tilt the plants in the soil. If plants are planted too late in the season when the soil is frozen, clouds and air spaces are apt to be left under the roots.

Some plants are best transplanted in the spring time and thus constitute an important exception to the advice to plant in the fall. In this group are all broad leaf evergreens, particularly anemone, laurel and magnolia.

Others which are moved more successfully in the spring are dogwood, hibiscus, butterfly bush and tamarix. However, if you plan to use these plants, why not prepare the bed for them now so that in the spring most of the work will be over?

As to planting the shrubs, there are a few points which should be remembered to insure success. First, put the shrubs in the ground as soon as possible to retard undue drying out. Do not let them stay out of the soil too long, particularly in the sun. If it is impossible to plant them right away, then heel them in at a shady cool spot. Heeling in (Continued on Page 9)

# Best time to trade for BARGAIN BUYS IN TRUCKS

## Chevrolet Trucks!

From light delivery to heavy hauling, there's a Chevrolet truck to fit your needs.

### Be ahead on price!

Chevrolet trucks are America's lowest priced truck line! It's easy to find a truck that costs more, but nowhere else will you find all the advanced features, all the thrifty power, all the ruggedness and durability you get in a Chevrolet Advance-Design truck. It's the biggest truck bargain your dollars can buy!

### Be ahead on operating costs!

Chevrolet trucks bring you big gas savings. Both the mighty Loadmaster engine on heavy-duty models and the rugged Thriftmaster engine on light- and medium-duty models squeeze more miles out of every gallon of gas. In addition, extra ruggedness in all Chevrolet trucks means lower upkeep costs.

### Be ahead on trade-in!

You're ahead with low first cost... you're ahead with low operating costs... and you're dollars ahead again when it's time to trade! That's because Chevrolet trucks traditionally command a higher trade-in value. It's another big advantage you get with Chevrolet trucks and Chevrolet trucks alone!

### Buy no truck until you get our deal!

Save money now on a money-saving truck! See how little it will cost you to own a thrifty new Chevrolet truck that's just right for your job. Pick your model... pocket your savings.

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

# DEMONSTRATION CLUB NOTES

Reported by MRS. ELIZABETH D. DEAL, County Home Demonstration Agent

There are so many topics of interest to tell you about this week.

Our Kitchen Committee of the Home Demonstration Clubs has made the new tables for the kitchen.

Our Federation Goal Committee has chosen topics for study for each month on the goal—Health and Safety. This study will begin in December when our new year starts.

Here are some suggestions which may be of help with your fall cleaning—washing slip covers. Many fabrics used for slip covers, particularly cotton fabrics,

may be laundered successfully at home in washing machines. But it pays first to make sure that fabrics and binding are washable and preshrunk. Otherwise, colors may run or the covers may come out too small to fit the furniture. It saves fabric and makes for easier cleaning if covers are laundered before they become badly soiled. It is advisable to brush out any loose dust and dirt from seams and remove any conspicuous stains—grease spots, for example, before laundering. Close all zippers or snaps before washing.

For machine washing, use a mild soap or synthetic detergent in lukewarm water in the machine. Wash once and rinse twice in lukewarm water. Then, if the soil is not removed, use a second short wash and rinse. Avoid setting in wrinkles by spinning only a short time in a spinner machine or by releasing the tension of the wringer rolls in a wringer machine. Hang the cover straight on the line and let it dry.

It has been frequently suggested that putting the cover on the chair while still damp saves ironing and insures a better fit. However, slow drying may cause stains along seams or bindings and some homemakers have reported stains from upholstery fabric underneath. Careful ironing so that the cover does not stretch out of shape seems safer.

Now for these busy days here is a suggestion. As you cook one meal—prepare enough for two and freeze one. As we get closer to Thanksgiving and Christmas, time is more valuable for those special things we want to do with and for our families, a new idea is to freeze a meal on individual plates which need to only be reheated in the oven before serving. Partitioned paper plates or metal ones or square aluminum containers which you can partition by using folds of foil or cellophane are excellent. Place food in container, cover snugly with foil or cellophane or plastic and freeze as

soon as cold. Label and date! Use oldest first! When ready to serve, put in hot oven (450 degree) without thawing. Heat for 15-30 minutes depending on thickness of package.

Some good meals to freeze: Roast pork and gravy, apple sauce, candied sweet potatoes, turnip greens and rolls. Another includes roast beef and gravy, french fries, stringbeans and biscuit. A dessert of frozen fruit or baked pie or cake is easy to freeze in serving—size packages. Be sure to wrap bread before putting on plates.

"Freezing Baker or Pre-cooked Food" Bulletin no. NF-244 is available from our office if you will call at our office or telephone Princess Anne 321.

Some Norwegian motorships now carry figureheads of metal like the wooden figureheads formerly carried by sailing ships.

## Barbara Stanwyck Has Top Role in "All I Desire"

Barbara Stanwyck achieves one of her greatest dramatic triumphs since the days when she made "Boo" and "Gilda" in the new Universal-International film, "All I Desire," which opens Tuesday and Wednesday at the Virginia Beach Drive-In-Theatre. Richard Carlson, Lyle Bettger, Marcia Henderson, Lori Nelson and Maureen O'Sullivan receive co-star billing in the film. "All I Desire" is the compelling story of a woman who made one mistake and spends ten long unhappy years paying for her wrong. The story actually begins when Naomi Murdoch, having served her ten years' penance, returns to the family she had deserted and tries to begin a new life.

Miss Stanwyck rises to great emotional heights in her portrayal of the second-rate actress who tries to hold her head proudly on returning to the small town

where she had left her husband and three children. The husband, as portrayed by Richard Carlson, is a man whose emotions every adult member of the audience will understand.

The children's roles are played by Lori Nelson, Marcia Henderson and Billy Gray. Miss Nelson, 19-year-old actress, bears careful watching. Her performance as the high-strung daughter of Miss Stanwyck certainly gives promise of great things to come from the young beauty.

Also prominent in the cast are Lyle Bettger, who is most convincing as the heavy who would destroy Miss Stanwyck's life once again; Richard Long, who is seen on the screen for the first time since returning from duty in Japan with the Army; and Maureen O'Sullivan, portraying the high school drama instructor who is secretly in love with Carlson.

The military sea transport service carried nearly two million passengers in 1952.

About 54 per cent of Canada households own autos.

## Fishing Licenses

(Continued from Page 1)

Some States in the area, he commented, allow special advantages to the tourists, or out-of-State fishermen. "In those cases," Gillis said, "the tourists have been well pleased. And the States are finding that many more tourists go fishing when they can purchase the temporary permits at a logical cost."

Under the proposal made by the group from the Southwest, a special three-day license would be issued at a reduced rate instead of the flat \$10 license fee required of tourists or non-residents who wish to fish in non-tidal waters of Virginia.

At its twenty-sixth annual session here last week, the Virginia State Game also pointed out that the tourist trade in Virginia was being injured by the \$10 fee. Its members said that three-day licenses were available for tourists for only \$1 in Tennessee, and asked that Virginia issue the licenses at \$1.50.

The Grange proposed that the

special permits be made available to residents and non-residents alike, and that persons should have the privilege of obtaining licenses for as many three-day periods as desired during the fishing season.

With special permits, Gillis explained, the tourists have more of an opportunity to enjoy the many inland lakes and ponds at the resorts in the State.

In return, he added, the State will realize probably a larger monetary return from the licenses because of the more tourists who would purchase the limited license than would buy the full

# CHECK YOUR "N&W I.Q."!

PEOPLE WHO LIVE "ALONG THE N&W" ARE PARTNERS WITH THE N&W. EACH BENEFITS BY THE COOPERATION AND PROGRESS OF THE OTHER. FOR THIS REASON, YOU'LL BE INTERESTED IN THESE FACTS ABOUT THE NORFOLK AND WESTERN—YOUR RAILROAD. READ THEM AND CHECK YOUR "N&W I. Q."!

There are approximately 29,500 owners of capital stock of the Norfolk and Western—people just like you. In fact, you may be one of the owners of the Norfolk and Western.

The Norfolk and Western uses a total of 3,585 telephones.

The N & W's Chemical Laboratory at Roanoke makes approximately 35,000 analyses per year. From determining the ash content of coal to analyses of ores, drinking water, steel, etc. Balances used in this Laboratory are so sensitive they can weigh as little as 1 five-millionth of a pound!

Since the end of World War II, the Norfolk and Western has spent and authorized more than \$214,000,000 for improvements and additions all along the line.

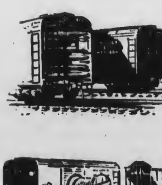

In 1952, the N & W paid a Federal tax bill of \$30,756,931, plus \$8,799,866 in taxes paid to cities, towns, counties, and states in which it operates. This represented a total tax bill of \$39,556,797, which is equal to 20¢ for each dollar of operating revenue, or 1,808¢ for each N & W employee.

In 1952, the Norfolk and Western's property investment averaged \$31,690.00 per employee.

In 1952, N & W employees were paid \$94,120,000 in wages and salaries, and since the end of World War II through last year, they have received \$542,065,000. These payroll dollars circulate through the communities along the N & W, benefiting the people and government of those communities.

A Norfolk and Western freight car works day and night for 12 years before it pays for itself. Since the end of World War II, the N & W has spent approximately \$53,000,000 for new freight cars.

The Norfolk and Western's Pier "N" at Lambert's Point— which can accommodate four of the largest ocean-going vessels simultaneously—is the largest, single-deck pier on the Atlantic Coast.

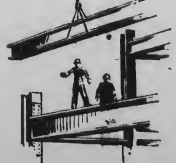

During 1952, 308,158 meals were served on Norfolk and Western dining cars. For each dollar of dining car revenue taken in the N & W spent \$1.60.

There are nearly 60,000 items on the N & W's "shopping list," and the cost of N & W purchases runs from \$60 million to \$70 million per year, depending upon current cost conditions. All things being equal, the N & W buys from firms located along its line. Like N & W payroll dollars, these "shopping list" dollars are a substantial aid to the economic life of the communities along the N & W.

If all the cross-ties supporting N & W rails were laid end to end, they would reach a distance of approximately 22,000 miles, or almost around the world. It would cost \$67,500,000 to replace them.

Last year, 151 new factories and factory additions were constructed in N & W territory, representing a total capital investment of \$72,000,000, and employing 4,890 persons, in addition to the Atomic Energy Plant in Pike County, Ohio, being built at a cost of one billion, two hundred million dollars.

Members of the Norfolk and Western Family have passed their 26th-million-dollar milestone in the purchase of U. S. Defense Savings Bonds through the Payroll Purchase Plan.

Last year, the N & W used 2,083,506 tons of coal for locomotive fuel.

For a number of years, the Norfolk and Western has consistently advertised in *Business Week*, *United States News and World Report*, *Fortune*, *Newsweek*, *Wall Street Journal* and other business publications, to tell top management of the industrial advantages offered by the territory served by the railroad. In addition, for more than a half-century the N & W has maintained its own staff of industrial development specialists to assist manufacturers in finding satisfactory plant sites in this territory.

The Norfolk and Western has won the Harriman Memorial Gold Medal five times, the highest safety honor in railroading. In addition, the N & W has twice received the National Safety Council's Award for the best employee safety record, and twice the American Museum of Safety's Certificate of Commendation.

The railroad maintains 66 merchandise freight, coal, and passenger traffic offices in 39 principal cities strategically located throughout the nation.

In 1952, the N & W transported 64,154,536 tons of revenue freight, of which 46,695,667 tons (72.5%) were Bituminous Coal.

As of mid-1953, a total of 330 N & W Veterans now living were wearing the diamond insignia awarded by the N & W to members of the N & W Veteran's Association who have completed 50 years or more of service. Of this number, 127 were still on active duty.

Norfolk and Western Railway

If you built or bought your house in 1943, its value is about double today. And if your insurance is based on 1943 values, the protection it provides won't meet 1953 requirements.

Ask us to check your insurance. Our expert counsel will cost nothing extra, but it may be worth hundreds of dollars to you.

### ENGAGEMENT OF MISS LUCY DEANE WOODSON ANNOUNCED

Mr. and Mrs. Frank Woodson, of Charlottesville, announce the engagement of their daughter, Miss Lucy Deane Woodson, to Mr. E. Hope Deasley, son of Mr. and Mrs. Emory Hope Deasley, of Norfolk Island, N. C.

Miss Woodson is a graduate of Washington College and is associated with the Princess Anne County Department of Public Welfare as a social worker.

Mr. Deasley, who is serving with the United States Coast Guard, is attached to the staff of the commander, Fifth Coast Guard District. The wedding will take place on November 15.

Comdr. George W. Forbes, Jr., U.S.N. and Mrs. Forbes will spend the week end in Baltimore and attend the Navy-Duke game on Saturday.

Miss Nancy Norfleet spent last week end with friends in Washington, D. C. She returned to the beach by plane Sunday night.

Roderick Watson will leave tomorrow for Camp Mead, Md. He was returned from 14 months duty in Korea and has been in the States a day leave with his parents, Mr. and Mrs. Rudolph Watson on Lakeside Drive.

### TWINS ARE BORN

Mr. and Mrs. W. Taylor Johnson announce the birth of twins, a daughter and a son, Friday, October 23, at Leigh Memorial Hospital. Mrs. Johnson is the former Miss Foye Keeter, daughter of Mrs. Stanley Keeter and the late Mr. Keeter.

Mr. and Mrs. Charles Ferrell Moore have returned from their wedding trip and are now residing in the Yorkshires Apartments on Spoutwood Ave., Norfolk. Mrs. Moore, before her marriage on Oct. 10 was Miss Anne Wingate Kyle of Alantou.

Waverley Dickens, Jr., a student at V.M.I., Lexington spent last week end with his parents, Mr. and Mrs. W. J. Dickens on 25th Street.

Mr. and Mrs. Hugh S. Meredith will spend this week end in Charlottesville and attend the Va.-Pitt football game on Saturday.

Among those from the Beach who will spend this week end in Charlottesville and will attend the Va.-Pitt football game on Saturday are Mr. and Mrs. James Jordan III, Mr. and Mrs. Vivian B. Hodgson, Mr. and Mrs. Talbot Dickson, Mr. and Mrs. J. Peter Holland III, Mr. and Mrs. Goodwin S. Jordan and Mr. and Mrs. Frank Motley.

### GARDEN GUIDE

(Continued from Page 5b)

consists of putting soil loosely around the ball of roots temporarily. If the plants have dried out considerably in transit, then the entire shrub, top and all, can be buried in moist soil for a few days.

In the actual planting operation, dig a hole wider and deeper than the ball of earth around the roots. Then fill the hole up to the required level which will have the plant at the same height at which it had previously been growing. To insure this it is better that they be too high rather

than too low because they will settle to some extent anyway. A shrub planted in a hollow spot is apt to receive too much water and this is often fatal to the plant.

After the ball is placed in the hole, fill around the ball with good topsoil. If just a small amount is available, then use it at the bottom of the hole—that is where the roots will grow. Good soil at the ground level does not do much good. Pack the soil tightly around the ball to prevent air pockets and to secure the plant against strong winds. It is a good idea to make a ridge or collar of soil around the plant to hold water. It will eventually wear away and not look objectionable. Water well and then often enough to keep the soil damp but not muddy. Prune back the plant. The idea is to maintain a balance between the roots and the foliage. When the plant was dug, it was inevitable that many of the tiny root hairs were damaged or destroyed. Pruning restores the balance between the roots and foliage.

Mulching will help the plant get started. Just apply a layer of a substance such as pine needles, leaves, peat moss, etc. This will conserve moisture, retard weeds, insulate against changes of temperature, and hinder erosion. Fertilizer is best applied in the early spring. If used at this season, it is apt to promote a lot of tender growth which will not have time to harden before the winter's killing frosts.

In all planting perhaps the most important thing is to have a reason for the use of the plant at spot being considered. Using plants at random is likely not to satisfy. If a plan is made so that the overall appearance of the yard is considered, then a goal or reason for using the plants is obtained and much more satisfaction will be the outcome.

Mr. and Mrs. Bernard E. Smith of Larchmont, N. Y., spent last week end with Comdr. and Mrs. William R. Hunknutt at their home in Linkhorn Park.

Mr. and Mrs. Dawson Miles have returned to their home in Cavalier Park after spending several days in Charlottesville.

Miss Florence Blake, a student at Longwood College, Farmville, spent last week end with her parents, Mr. and Mrs. Preston Blake on 49th Street and attended the Oyster Bowl game on Saturday.

Mr. and Mrs. Fielding Jeter have left for a trip to Bermuda. Before returning to the Beach they will spend some time in New York and Washington.

Mrs. Rachel Steel has returned to her home in the Mayflowers Apts. after spending 10 days with Mr. and Mrs. Cecil B. Garrett, at "Grand View," Elizabeth City, N. C.

### Second Phase of Census Begins

U. S. Census Bureau enumerators will begin visiting approximately 4,500 Virginia farms today as the second phase of the Sample Census of Agriculture of Virginia gets underway, according to Supervisor Meredith A. Bass of Richmond. Earlier, census questionnaires were mailed to owners and operators of all large farms in the state.

The smaller farms to be visited by enumerators were selected by means of the scientific sampling procedures developed by the U. S. Census Bureau. For the purpose of taking the survey, Virginia has been divided into small areas, each containing about five farms. A sample of approximately 800 of these areas has been selected and all farms in these sample areas, totalling about 4,500, will be enumerated. Some of the sample areas are located in each of Virginia's 100 counties.

Questions to be asked by the Census Bureau enumerators cover use of land, acreage and production of crops, number of livestock, facilities and equipment, expenditures and farm labor. The answers to these questions will provide up-to-date information on Virginia's agriculture and show the major agricultural changes which have taken place since the 1950 census.

Supervisor Bass pointed out that the Sample Census of Agriculture of Virginia is authorized by law. This law provides that all information about individuals and their farming operations be kept in strict confidence and that only statistical totals be published. Information obtained in the census cannot be used for taxation, investigation or regulation.

### LOCAL CADETS AT OAK RIDGE

The Military Department of Oak Ridge Military Institute today released a promotion list of those cadets receiving promotions effective this date.

Cadet Pfc. Braithwaite, J. F., of Virginia Beach, va., was promoted from Pfc. to Cpl.

This is Cadet Chaplain's 1st year at Oak Ridge. Cadet Pfc. Lackey, D. B., of Oceana, Virginia has received promotion from Pfc. to Cpl.

This is Cadet Lackey's 2nd year at Oak Ridge.

Dear Mrs. Housekeeper,

Have you been longing for a new sink, kitchen cabinets and/or water heater? Probably the reason you don't have it is because the house money is used up before you can save enough for a down payment. If this is your reason you can stop trying to save for a big down payment. Just come into our store and decide what you want. We can then give you the total cost and figure what your payments will be under F.H.A. There is no down payment required under these terms and you can take thirty-six months to pay.

Don't wait any longer come in today.

Sincerely,

*John Taliaferro*

P.S. We also have terms on television and other kitchen appliances with trade in or down payment.

## SERVICE MEN GIVE HEARTILY

Captain Guy D. Thompson, Fort Story Commander, holds check for almost \$1100 representing contributions of men at Fort Story and the Transportation Amphibious Unit Training Center, Princess Anne Virginia Beach Community Chest. With Colonel Thompson are (left) E. W. Smith, secretary and treasurer of the Chest, and B. M. Stanton, general chairman. (U.S. Army Photo)

## COMMUNITY CHEST TOPS GOAL WITH FIGURE NOW OVER 109%

The Virginia Beach-Princess Anne County Community Chest Drive is "over the top." At the final report meeting held at the Virginia Beach High School Monday night, a total of \$233,637.00 was reported as having been collected or pledged. This amount represents 109.3 percent of the Chest Goal of \$213,600.00.

Chest President Fred A. Haycox and General Chairman B. M. Stanton expressed appreciation of the untiring efforts of the many workers in the Drive. Special mention was made of the splendid work done by the chairman in key positions in the drive, including V. Alfred Ethridge, Chairman for the County of Princess Anne; Lewis E. Smith, Chairman for the City of Virginia Beach; Howard S. Myers, Chairman for the Business Division of the City; Mrs. Paul B. Maestas, Chairman for the Residential Division of the City; Grayson K. Willis, chairman for the Special Gifts Division; Mrs. P. B. White, Chairman for North Virginia Beach. Haycox said: "We want to express sincere thanks and appreciation to every one of the 350 individuals who participated in the Drive this year." Stanton remarked that "Victory was possible this year, only because so many gave graciously of their time, and more so conscientious and enthusiastic about their work, we thank them all."

## POST OFFICE PREPARES FOR DELUGE OF XMAS MAIL

Postmaster Howard S. Myers today compared October in the Post Office to what Spring training is to a baseball team.

"We're already flexing our muscles, swearing in extra employees and getting ready for the Christmas rush hours. People planning to send gifts and Christmas cards should be bringing their address books up-to-date," he said.

"Especially those of us with loved ones in the armed forces overseas. Too many people dilly-dally until the eleventh hour," the Postmaster warned.

Parcel post for armed service personnel in Korea, Japan and the Pacific Islands should be mailed by November 15. Articles addressed to Europe or American possessions will be delivered by Christmas if posted before November 15.

Christmas cards are the bright spot in overseas mailing. They may be sent by air mail as late as December 1. However, all overseas Christmas cards bearing three-cent stamps should be mailed by November 15.

The Postmaster also pointed out:

- 1) Air parcels for overseas are limited to two pounds. At regular parcel post rates, the weight limit is 70 pounds. Packages may not exceed 100 inches in combined length and girth.
- 2) Foodstuffs such as fruitcakes, cookies and candy seem to be the most popular gifts for servicemen. Don't mail perishable items. Matches and lighter fluid are forbidden. Expensive gifts should be sent by registered mail.
- 3) Select a durable mailing carton of wood, metal or fiberboard. Line it with newspapers to cushion any shock. Use a heavy wrapping paper and strong cord to prevent parcels breaking open.

"It's particularly important," the Postmaster continued, "that an overseas address be correct and easy to read. Servicemen are on the move so much that any additional delay may mean delivery after Christmas."

To avoid any such disappointment your Postmaster recommends that you hand-print the full name, rank, service number, branch of service, organization and the army or navy post office through which the mail is to be routed.

Labels frequently fall off when exposed to moisture, so print dry.

(Continued on Page 2)

## Farmers Must Keep Allotments To Get Supports

The U. S. Department of Agriculture announced that a producer will, with one exception be required to comply with all acreage allotments established on his farm for 1954 crops in order to be eligible for price support on any basic crop—wheat, cotton, corn or peanuts—produced on that farm.

The exception applies to wheat where only those farmers who will be subject to marketing quota penalties if they exceed their established acreage allotments will be ineligible for price support on other basic crops if they fail to comply within their wheat allotments. The marketing quotas apply only on farms with more than 100 acres.

(Continued on Page 3)

## Busman's Holiday Taken by Officials

Two city officials recently took a busman's holiday when they vacationed in New York City. It was learned this week.

The official City Sergeant H. E. Halstead and City Councilman George Manson, recently visited the Nation's largest city in the company of their wives. On the return trip the party visited several oceanic resorts in New Jersey to have a look-see at the erosion problems faced by their sister resorts.

The result of the inspection trip was that the city officials felt Virginia Beach was coping with its problem very satisfactorily, comparatively speaking.

Interest such as shown by Halstead and Manson on this pleasure trip is carrying civic interest pretty far and is a very healthy condition when city officials are so interested in their jobs that they take time off from their vacations.

## Surf Club to Operate; Fills Amusement Needs Here

The sale of the Surf Beach and Cabana Club last Saturday to a group of Virginia Beach businessmen has met with unanimous approval among hotel and other tourist interests here.

The lavish club was sold at auction last Saturday for a reported \$150,000. The group of businessmen that included Fred A. Haycox, James Standing, Clinton Curtis, Norfolk banker, Henry L. Gregory and others.

A spokesman for the purchasing group said that they would not operate the club but that the club had been purchased as a civic gesture to save it for citizens of the Beach and guests at Oceanfront hotels.

Property sold includes the club building itself, cabana, a 575 foot frontage on the ocean and 300 feet on Atlantic avenue.

Bidding on the property which has, at times, enjoyed an unequalled popularity as an amusement center, started at \$100,000 and rose slowly to the ultimate sale figure. There were four active bidders, among them C. A. Studds, whose final bid was \$141,000.

Haycox, one of the most civic minded citizens of Virginia Beach, said immediately after the purchase by his group that the hotel association approached them with the idea of acquiring the club so that it could be continued as an amusement center for the resort and has been since its inception, Haycox said.

John B. Smith, owner of the Surf Beach and Cabana Club, said that the \$150,000 figure was not final, as an additional amount is expected from the Fifth Naval District when all units have reported and amounts are apportioned to the various Community Chests and agencies. Likewise, no report has yet been received from the club.

(Continued on Page 3)

## Jaycees Sponsor 'Voice' Essay Contest Here

The annual voice of democracy contest sponsored locally by the Virginia Beach Chapter of the Jaycees is now underway, according to Jack Talferro, president of the local Jaycee group.

Purpose of the contest is to give youths an opportunity to consider seriously and to speak in behalf of the blessings and freedoms and opportunities traditional to this nation.

The contest is open to all students in the tenth, eleventh and twelfth grades and the talks must be original with the contestants. The talk must not exceed five minutes in length. The contestant should speak for democracy, not against some other form of governmental process.

Each community is to select a winner and the winner in turn will compete in a State contest. The local contest will be held between November 16 and 20th.

## CONFIRMATION AT GALILEE

Confirmation classes will begin next Sunday afternoon at the Galilee Episcopal Church. It has been announced by the Rev. Edmund Berkley, rector.

Classes will begin at 4:30 p.m. each Sunday for the next several weeks, the announcement revealed.

## COUNTY'S PROTEST HIKE; LIVELY MEETING RESULTS

## FETE MARKS DEDICATION OF NEW BEACH STADIUM

The beautiful Virginia Beach Memorial Stadium will be formally dedicated Friday night in ceremonies preceding the Beach Bowl football game between the Elizabeth City Central High School and the Virginia Beach Seahawks. Dedication ceremonies are scheduled to get underway at 7 p.m.

Prior to the dedication ceremonies, a gala parade will wind through the business district of Virginia Beach in recognition of the Beach Bowl game and the stadium dedication.

The parade, complete with dignitaries and band music, will form at 8:45 p.m., at 18th Street and Baltic Avenue. Parade Marshals will be Virginia Beach Fire Chief E. B. "Bubba" Bayne and George Aldridge, president of the Virginia Beach high school athletic association.

Route of the parade will be south down Baltic Avenue to 17th Street, then east on 17th Street to Atlantic Avenue. The parade will then move north on Atlantic Avenue to 26th street where it will move west to the stadium on 26th street. The parade is scheduled to enter the stadium at 7 p.m.

Trafton Robertson, well known Tidewater radio and television performer, will serve as master of ceremonies and will introduce special guests as they enter the stadium grounds.

Dr. Thomas S. Eley, department commander of the American Legion Department of Virginia, will deliver the dedicatory address. A flag ceremony with D. Murray Malbon, commander of the Princess Anne Post 113 of the American Legion in charge, will follow Eley's address.

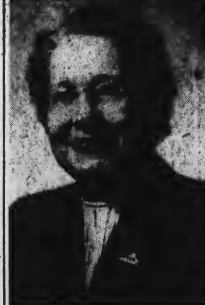

Miss Julia Vagos, of Virginia Beach, will be crowned queen of the Beach Bowl to highlight the halftime ceremonies.

In addition to Eley and Malbon, other notables scheduled to take part in the festivities include J. Melvin Goad, president of the Virginia Beach Lions Club; Albin R. Malhe, president of the Rotary Club; Miss Ann Lee Coglin, Miss Virginia for 1953; Frank W. Cox, divisional superintendent of schools for Princess Anne County and Virginia Beach City; Dr. Walter L. Taylor, chairman of the Virginia Beach School Board.

Whitt G. Sessions and Kenneth L. Jard, members of the Virginia Beach School Board; R. H. Owen, high school supervisor for Princess Anne County and Virginia Beach; Colonel Guy D. Thompson, commanding officer of Fort Story; Capt. W. S. Butts, commanding officer of the Ocean Naval Air Station; Mayor P. F. Murray of Virginia Beach; H. E. Halstead, Virginia Beach City Sergeant; E. W. Smith, commissioner of the Virginia Beach Police Department; Lewis E. Smith, city treasurer; Worthy P. Potts, acting city manager.

Councilmen Henry L. Gregory, George C. Manson, Frank A. Dusch, John W. McCombs and William W. McClanahan, Jr.

## LEAVING

Miss Lillian Ashley, above, who has served as public health nurse for Virginia Beach and Princess Anne County for the past 18 years, has been transferred to Warwick County, effective November 9.

## Physical Ed Work Well Underway

The Girl's Physical Education Classes of Virginia Beach High School have formed squads and under the leadership of Mrs. Mary Fritch, have begun their activities for the year.

Each class has student leaders and squad leaders. According to classes they are Bell two; students leaders, Dora Holland and Frances Jennings; squad 1, Ellen Ackles; 2, Mary Ellen Frutin; 3, Jean Fletcher; 4, Janet Hunt; 5, Susan McClanahan and 6, Betsy Turner.

Bell three: student leaders, Anita Cruser and Jobie Lassiter; squad 1, Miriam Allen; 2, Anita Cruser; 3, Ester Hubbard; 4, Diane McCombs and 5, Virginia Simmons.

Bell four: student leaders, Desiree Park and Nancy Waterfield; squad 1, Nancy Barco; 2, Becky Edwards; 3, Alma Rae Howell; 4, Maria Johnson; 5, Patsy Skipper and 6, Ruth Thompson.

The last class is bell five: student leaders, Carol Lash and Betty Lou Cornick; squad 1, Marcia Abernathy; 2, Kim Dashiell; 3, Virginia Eumprich; 4, Maxine Moore and 5, Judy Taylor.

Study in Health and Hygiene is an important part of the physical education course and the girls alternate between Health study and athletics during the week.

## Committee Named to Formulate Plan of Action; Meet Next Friday

A committee of taxpayers representing every area of Princess Anne County will meet next Friday night to discuss and formulate plans looking into the increased taxes in the county. Naming of the committee was the result of a public tax meeting held Tuesday night at the Princess Anne Courthouse.

Taxpayers met with the County's Board of Supervisors and the Tax Reassessment Board Tuesday night in the courtroom at Princess Anne. It was a lively meeting such as any public meeting of protest usually is. Tempers flared and little was accomplished until late in the meeting when the courtroom was filled to capacity at the meeting with some 100 persons standing outside in a freezing rain.

At the outset of the meeting, a suggestion that a committee made up of civic leaders in the community investigate the tax structure, was put into motion form by Eldridge Whitehurst, of North Virginia Beach. However, before the joint boards could consider it, a lively discussion from the floor blocked the motion.

The meeting was a result of the tax bills recently mailed out that found many taxes trebled and some increased by as much as five times. County officials have given assurances of a reduction in 1954.

Many taxpayers complained that the increase had been too sudden, and that the tax base had been inequitably distributed between large farm owners and building lot owners. It has also been alleged that the county's budget is not a true one since certain federal funds are included in it.

One person at the meeting stated that he had obtained figures from the State Taxation Board which showed the Lynnhaven District to be the highest taxed district in the State and that Kempville was second highest.

Tempers flared to such a point at one time that it prompted Board of Supervisors Chairman S. Paul Brown to say: "If we can't have order, this meeting will be adjourned." Several members of the two boards then withdrew from the meeting.

Finally the meeting resulted in the naming of the following to meet in a closed session Friday night:

(Continued on Page 2)

## Episcopal House of Bishops Meets In Williamsburg; Over 100 Attend

The House of Bishops of the Episcopal Church is meeting in Williamsburg, Virginia, November 9 through 12. The meeting this year is held between the annual General Convention of the church, brings together more than 100 Bishops from the 75 Dioceses in America and 28 Missionary Districts as well as 15 retired Bishops.

The agenda for this year's conference includes the election of a Bishop for the Missionary District of Spokane and a discussion of plans for the Anglican Congress, the first since 1908, to be held in Minneapolis in August, 1954. The Bishops are hearing reports from the Committee of Nine, appointed to investigate the state of the Church, from the Committee on Procedure under Marriage Legislation, and from the Committee to Study the Problems of Alcoholism. The House will investigate the missionary strategy and program of the Church, will consider various petitions relating to inter-church services, and will study the status of the seminary in the Diocese of Lexington, Kentucky. The Bishops will issue a Pastoral Letter at the end of their conference.

During their five-day stay in Williamsburg, they celebrate Holy Communion in Bruton Parish Church, famous in colonial history, and on Jamestown Island.

The Rt. Rev. George F. Gunn, Bishop of the Episcopal Diocese of Southern Virginia, host-Diocese for the House of Bishops meeting, being held at Williamsburg, Virginia, November 9 through 13.

Special tours of Williamsburg were arranged for the Bishops and their wives and they were received at the home of Alvin D. Chandler, President of the College of William and Mary.

## AT MEETING

## Mrs. Wm. Kellam Dimes Chairman

Mrs. William P. Kellam, of Virginia Beach, has been named general chairman for the Princess Anne-Virginia Beach March of Dimes campaign scheduled for the month of January. It has been announced.

The 1954 March of Dimes chairman is an active civic worker and is a former president of the Junior Woman's Club of Princess Anne County.

Mrs. Kellam announced that committee chairmen and other details of the organization of the 1954 drive would be worked out at a later date.

Mrs. Wallace T. Clark, also of Virginia Beach, is chairman of the Princess Anne County chapter of the National Foundation for Infants of Paralysis, the organization sponsoring the drive.

## FAMED "MISS DICTATOR" WILL AGAIN FACE SEA AT VA. BEACH

Any concern as to the future life of "Miss" Dictator, the ship's figurehead that has stood at 16th Street and the Oceanfront for many years was dispelled this week in an interview with city officials, including Mayor P. F. Murray.

It seems that what concern was raised since the figurehead's removal from the oceanfront was brought about in some quarters by a lack of knowledge of the subject.

"Many of us in official positions over the deteriorated condition of the ship's relic," Mayor Murray explained, "and at our insistence city labor removed the landmark to the city garage several days ago for storage and protection until such time as we can determine the best method to preserve the statue." The Mayor continued.

H. E. Halstead, city sergeant and another city official who wants to preserve the relic, a

remnant left from a Norwegian freighter, "The Dictator," destroyed by a terrific storm in 1891, stated that the city had removed the figurehead from the oceanfront because it was feared it would soon disappear from the ravages of the weather and from vandals.

According to Halstead, the city has contacted Congressman Edward J. Robeson with a view to getting advice from the Mariners Museum at Newport News as to the best preservative material to use in protecting the figurehead.

The figurehead is made of sturdy, light Norwegian pine and at the time of the wreck she was not badly damaged. Originally the figurehead washed ashore after the storm and Coast Guardsmen propped her up on the beach. In the wreck that resulted in the figurehead standing on the beach, the ship's captain, J. M. Jorgensen, his wife and child were aboard the

ship. The captain's wife and child drowned and Capt. Jorgensen returned to Virginia Beach each year until his death some years ago.

The figurehead has been wrapped in a protective cloth and is presently stored in the city garage. As soon as possible the best method of treating the ancient wood it is expected to be renovated and if it can stand the ocean blasts will again be restored to its former location at 16th street, and the Oceanfront.

City officials are anxious to preserve the landmark and have no intention of letting it rot away. As one official expressed it: "The figurehead from The Dictator is a part of Virginia Beach and we want to see that it remains with us forever."

So, anyone who felt upset over its removal can rest assured that the move was made to insure that the figurehead would not completely disappear from the Virginia Beach scene.

## Tide Calendar—Virginia Beach and Cape Henry

To obtain times of high or low water from above times:  
Lynnhaven—add 20 minutes.  
Ocean View—add 45 minutes.  
Old Point—add 45 minutes.  
Oregon Inlet—subtract 45 minutes.

## 'Cooperative Christianity Sunday' Will be Observed in State on 15th

Sunday, November 15th has been designated as "Cooperative Christianity Sunday," and on this day every Protestant Church in Virginia is urged briefly to explain how the Churches of the State work together through the Virginia Council of Churches.

The Virginia Council of Churches was organized in 1944, 9 years ago, as an outgrowth of the thinking of both clergy and lay-people

who realized there was a great need for cooperation among the Protestant churches of the State. Prominent ministers and laymen representing most of the Denominations in the State met and drafted a resolution to the effect that the churches of the state organize and form a Council of Churches. The resolution was presented to various conventions and authoritative groups within each

Denomination, and met with approval among all the Protestant groups except one. Thus, out of this action was born the Virginia Council of Churches.

Several existing church related agencies merged and became the nucleus for the formation of the Virginia Council of Churches. Cooperative Christianity in Virginia dates back to 1875 when the first Sunday School Convention was held in Richmond. Gradually the Protestant forces of Virginia have been learning to trust each other and to work together for the common tasks that bind hearts in Christian love and service.

The Virginia Council of Churches is composed today of 14 denominations and a number of individual churches whose denomination is not affiliated as an official member. Representatives of each of these Denominations serve on the Executive Committee and various Departments.

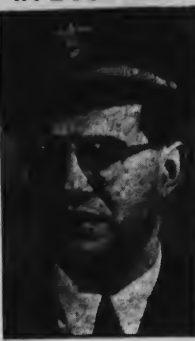

The Virginia Council of Churches operates on a budget of \$60,000.00 a year. The areas of service that the Council of Churches is at present engaged in are Leadership Education, Weekday Religious Education, Evangelism, Community Relationships, Ministry to Migrants, Interracial Cooperation,

## PA Garden Club Hears Oscar Smith Talk on Roses

The Princess Anne Garden Club met at the home of Mrs. H. C. Old in Lynnhaven on Monday.

Commodore Oscar Smith spoke on "Roses in A Sea Shore Garden." A prime necessity is a well to protect the roses from mist-spray," he said. He and Mrs. Smith, both members of the Princess Anne Garden Club, have worked in partnership from the day they dug a place four feet deep in the sand and began their rose garden. "We made many mistakes," said the Commodore. We planted sixty four roses, bordered them with Floribundas. We lost most of the first planting except the hardy Floribundas. "Plant vigorous roses," is now our maxim. "Picture, Peace, Pierre Du-Font are among our favorites."

## IN BUSINESS

Navy Lt. Cdr. George F. Charuhas has been released to inactive duty and has entered the general contracting business with Baggett - Champion Construction Corp., Virginia Beach, Va. Formerly a member of the faculty of the College of William and Mary, Lt. Cdr. Charuhas has been attached to the U. S. Naval Ammunition Depot, St. Juliens Creek, as Inspection Officer. He is the husband of Mrs. Huldah S. Charuhas of Cradock, Va.

## HIGH SCHOOL PTA MEETS MONDAY

The next regular monthly meeting of the Virginia Beach High School P.T.A. Association will be held next Monday evening, November 16, at eight o'clock at the high school auditorium. Mr. Frank Cox, superintendent of Princess Anne County Schools will be present to conduct a discussion of school problems. A panel of high school students under the direction of Mrs. Grace Duval, director of high school SCA, will present a program. Miss Betty Edwards, school librarian and the P.T.A. library committee will serve refreshments in the library following the meeting. This is National Book Week and all parents are invited to inspect the library and see the improvements made during the year.

seeded 10 a. Peanut Allotment 5a, planted in this example, Farm A is eligible for price support on wheat because the wheat acreage allotment was exceeded. However, Farm A is eligible for price support on peanuts since it is within the peanut allotment for that farm and the amount of wheat produced was not in excess of 10 acres.

Example 2  
Farm B: Wheat allotment 6a, seeded 16 a.  
Peanut allotment 5a, picked and threshed 5a.  
Farm B is not eligible for price support on wheat in this example and is liable to a marketing penalty on the production from the 10 acres in excess of the farm wheat allotment. Furthermore, Farm B is not eligible for price support on its peanuts.

Example 3  
Farm C: Wheat allotment 35a, seeded 25a  
Peanut allotment 2.0 acres, planted and threshed 2.5 acres.  
Farm C in the example leaves price support on both wheat and peanuts since the farm has exceeded the peanut allotment.

In 1907, The Danish-American philanthropist Jacob Rias wrote an article about the Danish Christmas charity stamp and urged a similar project in this country to raise money to fight tuberculosis.

## Farmers Must

(Continued from Page 1)

15 acres of wheat. Therefore, a farmer who exceeds his acreage allotment, but does not have more than 15 acres of wheat on his farm, will still be eligible for price supports on other basic commodities provided he observes the acreage allotment for those on his farm. He will, however, be ineligible for wheat price supports.

The department announced on October 8 that a wheat producer would have to be in compliance with all other basic commodity acreage allotments on his farm in addition to the wheat allotment itself, in order to be eligible for wheat price support in 1954. Today's announcement applies that same principal to all other

# OCEAN AND BEACH BOWLS HIGHLIGHT SPORTS WEEK

## ELIZABETH CITY HERE FOR SECOND BEACH SPETACLE

### BEACH DROWNS POQUOON 62-6

By RONNIE KEY

Fred Isaac's Virginia Beach "Seahawks" will play host tomorrow night to the Elizabeth City "Green Wave" in the second annual Beach Bowl football game. The event sponsored by the local Bowlers Club will be played at Memorial Stadium. The Beach Bowl boasts an array of colorful attractions including the presence of Miss Virginia of 1953, the Beach High School Band, performance by the military, and a formal dedication ceremony of Virginia Beach Memorial Stadium. Activities will begin at 7:30 with the dedication ceremony, to be followed with the ball game scheduled for 8:00 o'clock.

Last week's water carnival, featuring Virginia Beach and Poquoson High Schools, would have been a wonderful game to watch on television, not being televised, however, there was a mere handful of the hardest fans on hand to cheer through purple lips as the loyal cheerleaders cheered with numb and drenched bodies. The game ended with a 62-6 score favoring the Seahawks which is indicative of the amount of resistance offered by the outclassed Poquoson eleven.

On the first play from scrimmage Eddie Singleton for Poquoson threw a 45 yard pass to George Carmine who splashed his way 20 yards to score a T.D. The try for extra point was no good so beginning and ending the scoring for the visitors.

The Seahawks scoring in the first half was set up by a series of pass interceptions, blocked punts and recovered fumbles. Standing and Derring blocked 2 kicks and recovered one fumble. T. J. Davis blocked one kick and recovered one fumble. Junior Halfback Jack Melver intercepted two passes and played a major role in setting up 2 touchdowns in the first half.

Scoring in the first half was Halstead—3 on runs of 10, 43 and 40 yards; Leudke—1 for 6 yards; McCall—1 for 22 yards and Meade—1 for 30 yards. Adding the extra points were Leudke 3, Meade 1. The score at the end of the first half 46-0.

At the beginning of the second half, neither the rain nor the Seahawks had let up. The third quarter was only 4 plays old when Leudke sent Terry McCall over for a T.D. from 4 yards out after McCall fumbled the slimy leather on a 35 yard gallop. The Beach

## BARBECUE AT OCEAN BOWL

An old fashioned barbecue is scheduled for tonight in conjunction with the Ocean Bowl football game between Oceana and Kempville High Schools, it has been announced.

The barbecue is set for the Oceana High School cafeteria starting at 5 p.m. and ending at 7 o'clock. The barbecue is expressly for those participating in the parade and for alumni of the two schools.

## Three Top Bouts Monday Night

Three local fighters will be featured on the third semi-monthly boxing card to be presented by the Virginia Beach Lions Club in the Virginia Beach High School gymnasium Monday night at 8 o'clock.

U. T. Brown, a former Marine and guard on the first Seahawk football squad, will be making his second appearance. Brown a 144-pounder, two weeks ago won a decision over Earl Winfield from the Virginia Athletic Club in Norfolk. John and Charles Runk, 140 and 150 pounds, respectively, will be making their first start for the Lions.

The seven bouts Monday night will be the third in a series of fights being presented by the Lions on the first and third Monday nights of each month.

Money raised through the sale of tickets is being used to pay for the fence the club erected around the Memorial Stadium at the high school.

Fighters are from military reservations in the area and several Tidewater athletic clubs. Tickets, which are on sale at the News Center, Harrell's Delicatessen, the Sportman's Shop in Norfolk, or from any member, are \$1.50 ringside, and \$1 general admission.

## Hunters Find Geese Plentiful

The duck season officially opened Wednesday at noon and many Virginia Beach and Princess Anne County residents, headed for the Back Bay country.

Geese are plentiful this year but ducks are rather scarce is the considered opinion of veteran hunters.

Regulations this year place at 4 p.m. curfew on shooting and hunters are reminded to obey this earlier closing time for the day. They will be subject to fine and revocation of their hunting license if found in violation.

Hunters are also advised that hunting licenses and duck stamps may be purchased at Halstead's Variety Store on Atlantic Avenue in Virginia Beach. It is not necessary to travel to Princess Anne Courthouse for a license or stamps.

The army adjutant general's office keeps files on nearly 30 million

## KEMPVILLE-OCEANA TILT PITS TRADITIONAL RIVALS

One of the keenest football rivalries in the State will be renewed Thursday night as the Kempville Blue Devils invade the Oceana Stadium to battle the Oceana Cavaliers in the annual Oceana Bowl game. Kickoff time is set for 8 p.m.

The rivalry will come to a close Thursday night as the two schools with this year's Ocean Bowl game since the Princess Anne Consolidated High School at Thalia is expected to be open next year. County football followers may then look to a series with Virginia Beach's Seahawks in the future.

Tonight's big grid contest will be preceded by a parade marking the event. Floats from all parts of the county and the City of Virginia Beach are entered in the parade. Halftime ceremonies are planned and many dignitaries are expected to be on hand for the grid clash.

At halftime the highlight of the program will be the crowning of the Oceana Bowl queen. This year's queen is Miss Geraldine Midgette, daughter of Mr. and Mrs. E. O. Midgette, of Oceana. The Queen's court will consist of Miss Dolly White, Miss Selma Baker, Miss Robin Taylor, Miss Carolyn Lucas and Miss Patsy Hittinghale.

The bands of Kempville and Oceana will portray a salute and farewell to each school in anticipation of the consolidated school next year. The bands are under the direction of Mr. James Cantwell.

The following dignitaries will be on hand: Lt. James V. Bailey, Released P.O.W.; Mr. B. W. Worton, C.O. U.S.A.C., Virginia Beach; Lt. Col. Herbert M. Reed, U.S.A. Executive Officer, Port Street; Capt. H. F. Crist, P.A.D. T.C. Dam Neck.

Parade Marshal: The Rev. Robert Davis, Va. Beach Presbyterian Church; Senator V. Alfred Etheridge, Judge Floyd E. Kellum; Sheriff Robert E. Malboe; Mr. M. P. Strickler, Principal Oceana High School; Mr. J. Warren Littleton, Principal Kempville High School; Mr. Walter N. Carral, Oceana High School; Mr. F. W. Cox, Superintendent of Schools.

## Girl Scouts Will Entertain Adults

The Princess Anne Girl Scout District Committee will entertain

fined and held off the attack. Academy received the kick off at the beginning of the half, but were unable to gain much ground.

With Creeds in possession of the ball, they traveled about 60 yards. At this point, Academy got possession of the ball again. They started passing for nice gains, with Stobbs on the receiving end of the passes. Shortly, the Indians broke up this attack, and good running plays by Craft and Malbon put Creeds back into Academy territory.

With the game nearing an end, both teams started passing almost on every play. This proved futile for interceptions were frequent. When the game ended, both teams were still fighting for a touchdown which never came.

all adults in Girl Scouting who are active with the county troops at a Christmas Workshop, November 19, 19:30—1:30 at the Kempville Baptist Church.

Many phases of Christmas, including suggestions for recipes, centerpieces for tables, craft ideas, gift wrapping, door displays, songs, games and story-telling will be available.

This is an annual event and is staged with the cooperation of the Virginia Electric and Power Company Area Girl Scouts, Garden Clubs, and other Civic and Girl Scout District Committee.

At the monthly meeting of the Girl Scout District Committee held Friday, November 6th, at M.S. J. C. Brady's home, report of tremendous progress in scouting in Princess Anne was made. The present membership including adults in Princess Anne now stands at an all time high of approximately 800, (including Negro Scouts).

A typical coal-carrying barge is 175 feet long, 28 feet wide, and has a capacity of about 1,000 tons.

## AGRICULTURAL NOTES

By JOHN O. HART, County Farm Agent

As many of you folks will remember, Princess Anne County held a one day Dairy School last winter at the Kempsville High School. Many of our dairymen, feeling that this type of school could offer them important and timely answers to their current dairy problems, suggested that another dairy school be planned for the coming year. During August, Clark Flemming, Bill Oliver and I made some tentative plans for a two day Dairy School to be held possibly on a District basis some time this December. After working out our plans and contacting the other County Agents in this area, our Committee submitted our tentative program to the Agricultural Committee of the Norfolk Chamber of Commerce for their approval. They not only thought that our two dairymen had made plans for an excellent program, but they asked to be allowed to take this school on as one of their projects.

All of our dairymen have now received a letter written by Curtis Brooks, Assistant Manager of the Chamber, outlining the proposed Program of this Dairy School. Each Princess Anne farmer was requested in this letter to return the enclosed card to notify Mr. Brooks that they planned to attend this meeting. I would like to urge our Dairymen, if they have not already returned this post card, to look over the program and decide whether you

**LOW WATER BRIDGE**... The bridge above was designed by agricultural engineers for farms that have streams that are difficult to cross. Such a bridge will work in most rivers and creeks.

think this type of school is worthwhile.

In making plans for our first annual two day Dairy School our committee has attempted to line up the best possible speakers to handle the different topics. Some of the speakers are: E. Y. Floyd,

Manager-Plant Food Institute of Virginia—talking on Pasture Management; W. Clark Flemming, Bayville Farms—discussing Forage Crops for Silage; R. G. Connelly, Extension Dairyman, VPI, in Dairy Records; and Dr. John E. Lippincott, County Veterinarian, discussing Disease Control. These are some of the men that we hope to have on our program. This meeting will not be limited to our dairymen. We are extending an invitation to all farmers and interested business people to attend this program.

The date of the school has been set for December 2nd and 3rd. Many of our County Dairymen and Farmers have already shown interest in our proposed Dairy School. If you would like to attend and have not already returned your post card, I hope you will do so immediately. We think we have scheduled a well rounded

## No Scarcity of Entertainment in Tidewater During Winter

The Entertainment Calendar for the winter season in Tidewater reads like a "Who's Who" in show business. A varied assortment of entertainment that should suit every taste from circus to classical concerts is scheduled.

Beach lovers of the legitimate theatre will have the opportunity of seeing "The Caine Mutiny" read by movie stars John Hodiak, Lloyd Nolan, Dock Powell and Dana Andrews, all in person. Returning again this winter is "John Brown's Body" with Tyrone Power, Anne Baxter, and Raymond Massey, also all in the flesh! The latter was rated the outstanding artistic accomplishment of the New York Stage last season. These two plays will be at the Center Theatre in Norfolk on December 16th and January 6th. "Hippodrome of 1954" beginning February 3, for five days is a combined stage, skating, and water show, featuring many diving and swimming champions, not to mention top ballet star, Patricia Bowman! Dance enthusiasts will have the opportunity of seeing Jose Greco, the World's Greatest Spanish dancer in person with his Ensemble on January 15th at the Center Theatre. The "Ballot Theatre" will also appear here on April 28th.

Classical music devotees will have their days among others when the famous Boston Pops Symphony Orchestra gives a concert in the Center Theatre on March 16th, and when the First Piano Quartet appears on the William and Mary Concert series at the same place on February 3rd.

Musical Comedy fans have not been overlooked. The original New York cast of "Guys and Dolls" will play the Center Theatre for five days beginning January 25th. On the religious side, "The Black Hills Passion Play" with the German Cast will be presented from November 22nd to December 5th. Thousands have gone

# VIRGINIA BEACH SUN-NEWS

VOLUME XXVIII, NO. 46.

VIRGINIA BEACH SUN-NEWS, THURSDAY, NOVEMBER 12, 1953

SECTION TWO

## SALE OF CHRISTMAS SEALS BEGINS HERE ON SATURDAY

Tuberculosis costs the American people every year more than \$350,000,000 most of it in tax dollars. Mrs. F. A. Van Patten, vice-president of the Norfolk-Princess Anne Counties Tuberculosis Association said today. She announced that the annual Seal Sale to raise funds to support the tuberculosis prevention and the control work of the Tuberculosis Association opens November 16.

The cost of hospital and other medical and nursing care for TB patients, case finding, health education, rehabilitation, relief to families, pensions to veterans, and medical research is estimated at more than \$350,000,000. Mrs. Van Patten pointed out. To this must be added more money for needed hospital construction, depreciation of old buildings, and the training of professional personnel.

"We cannot even estimate how much the loss of patients' productive capacity and their possible loss of income adds to the national pocketbook," she said.

"Can the people of this community afford to pay the price for a disease which can be prevented and can be cured?" she asked. "Christmas Seal dollars spent now for prevention of tuberculosis are an investment in human life, the most precious of our natural resources. They also mean tax dollars saved in the future."

She explained that funds contributed by Princess Anne County residents through their purchase of Christmas Seals are not used for treatment of TB patients or for relief to their families. "The total of Christmas Seal Contributions in the United States last year would not be enough to pay for two weeks of treatment for all known TB patients. We believe that the most economical way of spending Christmas Seal money is on prevention of the disease."

"Every one of the deaths from TB in this community and every case now on the rolls of the health department represents a human tragedy to a wide circle of people as well as a serious financial loss to the community as a whole. The TB Association hopes, with proceeds of the 1953 Christmas Seal

sale, to expand its efforts to fight the spread of this disease," Mrs. Van Patten said.

Last year, Princess Anne County citizens contributed \$7,692.64 to support the association's work. Mrs. Van Patten said that at least \$8,500.00 will be needed to carry on programs planned for 1954.

Projects scheduled for 1954 include an intensified program of x-raying among susceptible groups including those whose living conditions are conducive to TB and those who are already ill with

some other disease and are more likely than the average person to have TB. Our continued program of Health Education among all races must continue.

"This represents only a moderately expanded program," she said. "But I confidently believe that through generous purchases of Christmas Seals during the campaign, from Nov. 16 through December, the people of this area will give the green light for a much more intensive effort aimed toward wiping out a disease which threatens all of us."

Elaine Stewart and Richard Widmark are costarred in the film, "Take the High Ground" that will be shown at the Beach Theatre for three days starting next Sunday. Richard Widmark plays the part of a hard-boiled army sergeant with the job of turning John Doe into GI Joe. The film gives

## Vet Farmers Are Mostly Specialists

Nearly half of the 65,000 veterans who have obtained GI farm loans were engaged in specialized farming operations, according to a survey of GI loans guaranteed or insured by the Veterans Administration.

The study of farm loans shows that 20 percent were engaged primarily in producing grain, cotton, fruits or vegetables; 17 percent, in dairy products; 8 percent, in livestock; and 2 percent, in poultry.

The remaining 53 percent, or approximately 35,000, received GI farm loans, to operate general farms with diversified crops or products.

Veterans of World War II and those with service since the beginning of the Korean conflict may be eligible for VA guaranteed or insured GI farm loans secured from private lending institutions. GI farm loans may be used to buy a farm, farm land, stock, feed and seed, farm machinery, and other farm supplies and equipment.

As of the end of September, 65,285 farm loans totalling more than \$22,831,000 had been guaranteed or insured by VA since the beginning of the GI loan program in 1944.

## MERRY MATRONS

By ALISSEE

Greta Matson, whose interesting group of paintings were exhibited at the Theater-Go-Round last summer, now has an exciting new water color exhibit at the Norfolk Museum which may vie with

the famous "Grief" which won the Arts and Crafts National exhibition prize at New Orleans. She paints everyday life around her, her relatives, friends and neighbors, and as she sees them in their daily busy ordinary domestic tasks. Greta Matson's life can easily be said as "never a dull moment" in her life. She is a woman who has many other women who have time on their hands and are fretting away might take up "puttering" with the paint brush and develop into fine artists themselves.

Beatrice Little is now whooping it up on the Shubert stage in Washington. A great artist who has contributed much to the happy hours of our American people. However, watching her on stage in her "An Evening With Beatrice Little" performance, as she comes hither and thither, it is hard to visualize her ever having a sad or worried moment. But she's had them. Lady Peel in private life, she's suffered the loss of her husband and of her only son, Robert, of whose death in action in World War II. She was informed just before an opening night in Manchester, England, but she went "on with the show" and has kept that spirit up all through her acting career. Just goes to show how if you have the will to rise above sorrow and difficulties you can still continue on in matter what.

Mrs. George Mullen bubbling over the good theater to be found in New York; the result of a play-going spree with George on vacation. Mrs. Russell Hatchett's merry twinkle upon meeting a friend is a joy to see. Love's happy philosophy and faith is truly fine.

Infested with moths will have to be cleaned out and sun-dried. Spray if the infestation has been serious.

If sprays are used against insects, use a spray which will give off a fine mist and have the room sprayed completely closed for 15 minutes afterwards.

Borax scattered over areas which have been infested with silverfish is fast and effective. Other insect powders work more quickly than borax but are not as safe. Let the borax remain for some time to be completely effective, and use it when storing any of the items mentioned.

If you've had infestation with carpet beetles, plan to take up and turn the rug at least twice a year. Use thoroughly cleaning methods and spraying at this time.

**CHRISTMAS SEAL BUYERS ARE ON THE FIRING LINE AGAINST TB!**

## STRAIGHT From the SHOULDER ..... Fashion, That Is!

By ALICE BREWER WHITE  
Fashion Woman's Editor

Tune in to Radio Station WAVY-1350 on your dial for latest fashion news, interesting items about people, places, stuff and things by Alice Brewer White each day, Monday through Saturday, 9:00-9:50 a.m. NBC—in Tidewater.

**LUXURY MADE WEARABLE**—Hannah Troy, smart designer that she is, has come up with the line of luxury made wearable as the look for her Fall and Winter Collection. Lending full support to the exquisite treatments devised in the Hannah Troy line is a series of richly new fabrics in a wide range of tones such as jet blacks, browns and blacks. The use of soft shirring to swirl diagonally in set-in flares on a full skirt, neat tailoring on a collarless neckline; sunburst gathers, jet and velvet accents are all subtly effective. They're a complete pair of sole skirt and bow attached to a jersey bodice with satin scotch work on the flared skirt of another Troy jersey to complete the range of occasions and activities for which jersey may be used.

**DAY SUITS AND AFTER-FIVE**—Complementing a group of Hannah Troy day suits in soft brushed rabbit hair and wool combinations, there are one-piece wools distinctive for chiffon weights. These are bulky-looking but always lightweight wools. There are imported flecked wools. Always simple, most of these dresses are to be distinguished for their effectively accented hiplines on slim skirts, accented through hip pockets, jet accents or broad cuffs. They're collarless necklines is a favorite and appears with many variations such as the occasionally dropped collar yoke, a black velvet yoke insert, or once worn with the use of braided belt. When collars are used these may be of crinoline or a pearl-studded one on an easy navy wool dress and a grey chiffon Chanel costume. For after-five, the use of two fabrics in a dress is repeatedly shown. There's shirred silk net on bands of insets on paul de sole, wool jersey flower appliques interspersed with jet; a bengaline bodice posed against a marquisette skirt swirled with net ruyhing; velvet against paul de sole with elaborate cut-out work enhancing the transition between the two on a simulated apron time.

**SUSPENSION BELT LINE**—Of specific interest is the "suspension" belt idea used in these Hannah Troy designs. On dressy and casual clothes alike, button-

on belts that fasten from the side have special pockets that conceal elasticated sections. Finally, the most dramatically effective silhouette of all, is the black polished broadcloth princess with jutting, rounded hipline. Completely unadorned in front, the back drops low in a V that's impelled in buffed black satin. The satin continues in a back closing to the hemline.

**QUEEN'S TRAVEL FASHIONS**—Queen Elizabeth II, the last of this month, will start on a world tour to last seven months. Her wardrobe will include a series of gowns for ceremonial occasions, which much be designed to provide a background for the broad blue ribbon of the order of the garter, to the simple frocks to be worn aboard ship or at country houses. Half the black satin, the Duchess of Kent likes to wear, is considered high - fashions for partytime wear! Craven's French perfume "Robe d'Un Roi" is Greek Queen Frederica's favorite perfume for wearing and necklaces as an accessory. The Duchess of Kent likes to wear it. It is made of 33 flower essences. It rivals Craven's popular "Ma Griffe," an all citrus fruit combination which has already been adopted by the charming Princess Alexandra of England! There were no flying dresses as last week's 65th National Horse Show at Madison Square Garden since padded hunting caps (usually black velvet) have now been officially sanctioned as the proper topper for milady's riding habits.

**HEMLINE RISES DISCREETLY**—Queen Elizabeth's skirts will be slightly shorter than she wore them last summer. They will be long enough to cover the royal knickerbockers and sit down and allow her to step out of a car or train without revealing too much leg. Even though the royal dressmaker, Norman Hartnell, did have an international controversy with Christian Dior about the hem styles earlier in the year, and English women would succumb to Dior's influence on the hems, the Queen is still the acknowledged pacesetter in English fashions and this may shorten up the English women's hemline.

**FROM THE TOE TO THE CROWN**—The crowds must be able to see the Queen as clearly as possible, and even her wide-brimmed hats for bright sunny days are designed to reveal as much of her face as possible without detracting from her comfort. Mrs. Claude St. Cyr, the French milliner, has already made 18 new hats for the Queen, including many head-bugging types that will not obscure her profile. Mayfair's own Kate Day is whipping up several hats for the tour. English shoe-designer Edward Raines has created all the Queen's footwear. For evening occasions, she generally chooses a pair of high-heeled strapped sandals with built-up platform soles like those she wore on Coronation Day.

**GOWNS IN FAVORITE COLORS**—Most of the Queen's gowns are in light summery fabrics and the best Spring fashions are seen in jet blacks, browns and blacks. Some have been made from exclusive materials that nobody else ever will wear, like the embroidery patterns with which Hartnell often decorates evening gowns. These designs are always buried after the Queen's dresses have been made so that not even by accident could any other woman have a similar gown! Copies of some of Queen Elizabeth's informal frocks will be sold in all the big department stores to the British women next Spring. They are models that will be priced from \$14 to \$22.40. They are made by a Lancashire firm and the Queen bought about a dozen of them in striped, spotted and gaily-patterned designs. Clothes "fit for a Queen" for a seven-month world tour are just as much a headache to the royal crowned feminine head of England as to any smartly coiffed American head over here, it would seem!

**FASHION FOIBLES**—The classic necklaces, so did not an indispensable part of a woman's jewelry wardrobe is the latest casualty of the 1953 revolution in daytime clothes. Now that the high collar for day wear is a "must," fashion fears from on necklaces as an accessory. The Duchess of Kent likes to wear it. It is made of 33 flower essences. It rivals Craven's popular "Ma Griffe," an all citrus fruit combination which has already been adopted by the charming Princess Alexandra of England! There were no flying dresses as last week's 65th National Horse Show at Madison Square Garden since padded hunting caps (usually black velvet) have now been officially sanctioned as the proper topper for milady's riding habits.

**HEMLINE RISES DISCREETLY**—Queen Elizabeth's skirts will be slightly shorter than she wore them last summer. # WHAT'S DOING IN VIRGINIA BEACH AND COUNTY SOCIETY LIFE

## MISS JO ANNE TURNBULL ENGAGED TO MARRY JOHN PHILIP McLUISKY; WEDDING SET FOR FEBRUARY

Mr. and Mrs. Robert Gale Turnbull, of Virginia Beach, formerly of New Bern, N. C., announce the engagement of their daughter, Miss Jo Anne Turnbull, to John Philip McLusky, son of Mrs. James Shepard Slyron, of Syracuse, N. Y.

Miss Turnbull was graduated from Miss Turnbull's School, of Norfolk and Goucher College, Baltimore, Md., where she was a member of Delta Gamma sorority. She made her debut at the Terpsichorean Ball at Raleigh, N. C., in 1949. Miss Turnbull is the

granddaughter of Mrs. Albert Robert Turnbull, of Norfolk and the late Mr. Turnbull. For the past year Miss Turnbull has been living in Cincinnati, Ohio, where she is employed in the personnel department of General Electric.

Mr. McLusky was graduated from Syracuse University where he was a member of Psi Upsilon fraternity. He is associated with the St. Regis Paper Company in Cincinnati.

The wedding will take place early in February at Virginia Beach.

## ENGAGEMENT OF MISS SUSAN TYLER WILSON TO DAVID PENDER, III, ANNOUNCED; VOWS IN LATE WINTER

Mr. and Mrs. Nicholas George Wilson, Jr., of Norfolk and Virginia Beach, announce the engagement of their daughter, Miss Susan Tyler Wilson, to David Pender III, son of Mrs. Martha Justice Pender, of Virginia Beach and David Pender, Jr., of Norfolk.

Miss Wilson attended the Graham School and the Hotten Arms School and Junior College, Washington. She made her debut serving

several seasons ago at a ball given by the Norfolk German Club and is a provisional member of the Junior League of Norfolk.

Mr. Pender attended Woodberry Forest School and the University of Virginia. He is a member of Sigma Alpha Epsilon, social fraternity.

The wedding will take place in the late winter.

## MISS VIRGINIA COVER RUSSELL WILL BECOME BRIDE OF HOWARD ARTHUR HOLLAND IN JANUARY WEDDING

Mrs. Harry Kerr Russell of Winchester, announces the engagement of her daughter, Miss Virginia Cover Russell, to Howard Arthur Holland, son of J. Peter Holland and the late Mrs. Holland, of Norfolk. He is the

brother of J. Peter Holland, Jr., of Virginia Beach and visits here frequently.

The wedding will take place in January.

Miss Russell is the daughter of the late Harry Kerr Russell. She

## WEDDING VOWS OF MISS JACQUELYN GRAHAM AND THOMAS PARKER HUDGINS ARE SPOKEN HERE

The marriage of Miss Jacquelyn Dawson Graham, daughter of Mr. and Mrs. Harry Baker Graham of Charlottesville, to Thomas Parker Hudgins, son of Mr. and Mrs. Harold Hudgins of Norfolk, took place last Friday evening at 8 o'clock, in Galilee Episcopal Church. Rev. Herbert E. Donovan, rector of Christ Episcopal Church, Charlottesville performed the ceremony. The altar was arranged with white flowers and cathedral candles. Mrs. George Aldridge, organist of the church, played the wedding music.

The bride, given in marriage by her father, wore a gown of imported Chantilly lace and pleated nylon tulle over satin, with a sculptured neckline and fitted bodice. The full skirt fell into a chapel length train. Her veil of illusion was arranged from a Juliet cap of lace over satin with lace leaves outlined in seed pearls. She carried a semi-cascade bouquet of white dove orchids with clusters of pearl leaves, caught with strands of seed pearls.

Mrs. Gullford Dudley Acker, of Virginia Beach was her sister's matron of honor and only attendant. She wore a gown of royal purple tulle taffeta. The strapless bodice was draped with matching velvet and topped with a short jacket with a standing portrait neckline. Her headpiece was a half hat of purple velvet waves and she wore matching muffs. She carried a moonbeam bouquet of orange tuberous begonias and bitersweet.

Harold Hudgins was best man for his son and the groomsmen

were Comdr. Gullford Dudley Acker of Virginia Beach, brother-in-law of the bride, William Parker Egerton, Jr., Thomas Allen Bond, Jr., and Joseph Burks Withers, Jr., all of Norfolk.

After the ceremony a reception was given at the Princess Anne Country Club. Later Mr. and Mrs. Hudgins left for a Southern wedding trip and upon their return they will reside in Norfolk. For traveling, the bride wore a two piece black faille suit. She wore a small black velvet hat with black accessories and a corsage of white royal bouquet orchids.

The bride was graduated from St. Anne's School, Charlottesville, and attended Stephens College, Columbia, Mo. She is a member of the University League of Charlottesville.

The bridegroom was graduated from the University of Virginia in 1950. He is a member of Beta Theta Pi fraternity and the

## HUSBAND HONORED AT BIRTHDAY PARTY

Mrs. Virgil C. Chasteen entertained at her home at 2412 Arctic Avenue Friday evening with a surprise birthday party honoring her husband, Virgil C. Chasteen. The guest included: Mr. and Mrs. Billy J. Traylor, Mr. and Mrs. John Pace, Miss Barbara Dwyer and Mr. and Mrs. Charles Helwig.

## SON IS BORN

Mr. and Mrs. Norman Bruce Scott IV announce the birth of a son, Norman Bruce Scott V, born on Tuesday, Nov. 3 at the De Paul Hospital. Mrs. Scott is the former Miss Barbara Adkins of Franklin, Va.

Col. Howard Eager and Mrs. Eager have returned home after spending several days in Washington.

Virginia Club of Norfolk. During World War II he served in the Army with the 29th Division.

## LARRY CHISWELL HONORED AT BIRTHDAY PARTY

Mrs. B. M. Chiswell, Jr., entertained last Friday in honor of the seventh birthday of her son, Larry Chiswell. The party was at four o'clock at their home on Atlantic Ave. and 48th Street. The young guest numbered 8.

Mr. and Mrs. James Kelly and their son, Ronnie Kelly returned home yesterday after visiting Mrs. Kelly's brother and sister-in-law, Mr. and Mrs. Samuel Hardy Cole, Jr., in Shreveport, La. They were accompanied by Mrs. Ruth Williams Morgan and her daughter, Ann Morgan, who left from Shreveport by plane for San Antonio, Texas, to visit her brother-in-law and sister, Mr. and Mrs. John Newport Greene IV, at their home in San Antonio, Texas.

Mr. and Mrs. Nathaniel Lee and their son, Herbert Lee, who have been residing in the Lewark Apt. on 22nd St. have recently moved to a house on 22nd St.

Mrs. Ralph Dawson of Arlington is visiting her son-in-law, Mr. and Mrs. Sterling, who are temporarily residing at the Princess Anne Hotel.

Thomas Woodhouse, Jr., returned to his home in Norfolk, N. C. after spending several days with his parents, Mr. and Mrs. T. L. Woodhouse, in San Heights.

Mr. and Mrs. John Tyley, who have had as their guest, Mrs. Murray's mother, Mrs. M. Atzenhouser, of Ponce City, Ga., home, and her sister, Miss Red Wilson of Dallas, Texas.

Here are two points to remember when you buy a car! . . .

# CHEVROLET PRICES are the LOWEST

# CHEVROLET VALUE is the HIGHEST

of any line in its field!

See it, drive it, and you'll know that it alone brings you all these features of highest-priced cars at the lowest prices and with such outstanding gasoline economy!

You know, of course, that again in 1953 more people are buying Chevrolets than any other car.

And you also know that more people own Chevrolets today than any other make—its ahead in total registrations by almost 2 million!

But would you like to know why this is true? Would you like to know what it means to you in terms of getting maximum motor car value? Then, come examine Chevrolet, and see for yourself.

You'll find, as so many others have found, that Chevrolet gives more fine features at lowest cost! More beauty, build and out, with the widest choice of body-types and colors in its field.

More driving thrill, with either of Chevrolet's two great high-compression Valve-in-Head engines!

More comfort, more road-stability and more safety with this stronger, heavier, longer lasting car!

More value throughout, when you buy, while you drive, when you trade!

Come in, confirm these facts to your own satisfaction, and you, too, will choose Chevrolet!

\*Optional at extra cost. Combination of Powerglide automatic transmission and 151-h.p. "Blue-Flame" engine available on "Two-Ten" and Big Air models. Power Steering and E-Z-Eye Floor Glass available on all models.

Chevrolet's thrilling "Two-Ten" 4-door sedan. With 3 great new series, Chevrolet offers the widest choice of models in its field.

Fashion-First Bodies by Fisher. Extra-Easy Power Steering.\* 115-h.p. high-compression engine in Powerglide models—108-h.p. high-compression engine in gear-shift models. Advanced Powerglide automatic transmission.\* Largest brakes in its field. E-Z-Eye Floor Glass.\* Safety Floor Glass in windshield and all windows of sedans and coupes.

## Club & Society Items -

### Ocean Park Woman's Club Will Honor School Teachers

The Ocean Park Woman's Club held its monthly luncheon meeting Wednesday, November 11th, at the club room.

Mrs. J. G. McCallister, president, presided over the business session. They were made to honor the teachers of Boyds, Kempsville and Oceana at a tea, November 15th from 4 to 5 p.m. at the Ocean Park Clubhouse. The club has also issued invitations to parents in Ocean Park who have children attending one of these schools.

Mrs. C. J. Hiller, ways and means chairman, announced that a rummage sale will be held every Saturday at Robinson Corner, weather permitting. It was decided to divide the club membership into groups for various money raising projects.

Members planned to help with the tuberculosis Christmas seal program and to add the Red Cross by wrapping Christmas presents for servicemen at the United States Naval Amphibious Base, Little Creek.

Mrs. W. M. Seawell, membership chairman plans to have a welcome committee call on new families in the community and invite them to the club activities.

The leader of the garden group, Mrs. J. M. Bragg, reported on a recent party held at the Kilmorynch Veterans Hospital. They distributed cigarettes and apples among the patients of the hospital. Bingo was played and the members of the Garden Group furnished prizes.

The Committee in Charge of the November luncheon was: Mrs. C. G. Lyons, Mrs. E. V. Smith, Mrs. G. O. Horton, Mrs. E. D. Ledbetter, Mrs. Fred Baggett, Mrs. Katherine McWilliams, Mrs. E. O. Pavey and Mrs. J. C. Pike.

### Birdneck Garden Club Hears Soil Conservation Talk

The Bird Neck Point Garden Club held its October meeting Tuesday at the Princess Anne Country Club with Mrs. R. S. Crenshaw, the president, presiding.

Plans were made for the formation of a voice arranging group to be open to all members never having had flower arranging instructions.

Mr. Duncan of the Experimental Farm discussed soil conservation. Award winners were Mrs. David Stormont and Mrs. R. S. Crenshaw, high blue in Hogarth line arrangements. Mrs. David Stormont, Jr., blue in harvest arrangement; Mrs. Rosenbrom, blue in horticulture and Mrs. Cecil Mears, Mrs. A. S. Crenshaw and Mrs. A. E. Doyal, red.

### LADIES OF MOOSE MEETING TODAY

A special meeting for the members of the Women of the Moose will be held Thursday, November 12, 1953, at the Moose Home to discuss a matter concerning the entire chapter.

If you need transportation, please call Sally McCaslin at 1792-M or Betty Ponds at 2183-J. The Fashion Show and Dance formally scheduled for November 21, 1953, has been postponed indefinitely due to unavoidable circumstances. A definite date will be announced later.

### Clothing for West German Noddy Sought by Ladies

The wives of Air Group Eight, which is stationed at the Naval Air Station, Oceana, and the Women's Auxiliaries of the Galilean Episcopal Church of Virginia Beach, under the leadership of Mrs. V. A. Dahlstrom, are conducting a drive to collect articles of clothing, bedding, household items, and scraps of materials for sewing, to send to refugees in West Germany who are arriving there daily from the Russians.

Also, toys are gently needed for Christmas. There are several thousand children among the refugees.

All clothing and everything will be accepted from those who want to contribute. All contributions will be sent to the Allied Women's Club Welfare Section in West Germany immediately in order to arrive there before Christmas.

Contributions will be picked up by Mrs. Charles B. Smith, phone 378-W or can be left in the hall of Galilean Episcopal Church Proper.

### Additional Society

Scott Sterling returned Sunday by plane from Florida. He accompanied his mother, Dorothy F. Sterling to Florida by motor. Mrs. Sterling will remain for several months.

Mrs. Charlotte Frost of Marblehead, Mass. is spending some time as the guest of Mrs. J. D. Bryant at the Bryant Cottage on Atlantic Ave. and 26th Street.

Mrs. John Walker of Washington is the guest of her sister, Mrs. Cornelia McElain Stribling, and Mrs. John Haigh Daingerfield at their home on Pocohontas Drive.

Mrs. John F. Butler and three children, Peggy McCaslin, Nancy Friess and John F. Butler, Jr., of Santa Monica, Calif., are visiting Mrs. Butler's parents, Mr. and Mrs. John Elmer Johnson at their home on 54th Street.

### 10th ACHIEVEMENT DAY AT KEMPSVILLE SATURDAY

The Princess Anne County Home Demonstration Clubs will hold their Annual Achievement Day at Kempsville School on November 14th beginning at 3 p.m. as a Harvest Festival.

There will be booths at which you can buy country produce, home made baked goods, gifts, flowers and home-made pickles, etc. Materials for dried arrangements will be sold. Hand-made crocheting and other gifts will also be on sale. There will be a barbecue dinner as well as "hot dogs," coffee and cold drinks. You can also enjoy yourself at a Midway operated by the Kempsville 4-H Club.

At seven o'clock the public is invited to attend the program in the auditorium. At this time they review the year's work and recognize those members who have attained nine of the ten pin requirements. The requirements are as follows:

1. Attend nine or more club meetings.
2. Attend District or State Federation Meeting.
3. Be present at County Achievement Program.
4. Repeat from memory the Homemaker's Creed.
5. Turn in completed record of accomplishments by November 1 to your club president.
6. Give information to at least three non-club members.
7. Have chest x-ray or donate one or more pints of blood.
8. Put into practice the recommendations from at least four different demonstrations.
9. Apply principles learned in "Art in Daily Living" program.
10. Enlist at least one new member.

Also clubs who reach the eight goals which they have set out to accomplish are recognized. In addition to this part of the program there are skills showing the improvements made by learning new methods through the demonstrations given during the year.

Cora Marie Blackmore, an International Farm Youth Exchange person, will tell of her experience in the farm homes in Australia.

Following this a square dance is being held so that everybody can have fun. The public is cordially invited for all day.

### WORK OF LOCAL ARTISTS ON DISPLAY AT BEACH

The paintings of a number of Virginia Beach artists are on exhibition at the Beach under the auspices of the Virginia Beach Art Association, in conjunction with the celebration of National Art Week.

Among the artists are Jane Whitmore, Frank De Wolf, Miss Laura Arolabald, Mrs. Constance Moore, John F. Roberts, Virginia Ryan, Mrs. E. H. Cohn and Winifred Nixon Greene.

The paintings are at the Chamber of Commerce, the Princess Anne and Cavalier Country Clubs, the Golf Ranch and a number of down town stores.

### "HERE TO ETERNITY"

One of the biggest smash hits of recent years is due for a five-day run at the Beach Theatre beginning Friday, Nov. 26, when "Here to Eternity" comes to the local screen. Pictured above are Burt Lancaster and Deborah Kerr, two of the picture's stars. Frank Sinatra, the singing star, plays a surprise dramatic find in his first major role of this character.

Mr. and Mrs. Henry I. Jaffee entertained on Sunday, Nov. 1 at an oyster roast in honor of Mr. and Mrs. Ben Goodman, of Pensacola, Fla. and Mr. and Mrs. Philip P. Goodman of New York City, who were spending that week end in Norfolk as the guest of Mr. and Mrs. B. A. Banks. The party was given at the home of Mr. and Mrs. Jaffee in Cavalier Shores and the guest numbered 30.

Joseph Selles Burns, of New York who has been spending some time with his brother-in-law and sister, Mr. and Mrs. John E. Ad-

## DEMONSTRATION CLUB NOTES

Reported by MRS. ELIZABETH D. DEAL, County Home Demonstration Agent

This week we are being very busy working on our Home Demonstration Harvest Festival to be held at Kempsville School on November 14th.

The committees have been meeting and working. We should be ready by that big date. We hope that all the folks can come to see our booths where we have things to sell and eat a barbecue dinner with us and then enjoy the program.

This month the topic for study and demonstrations in most of the clubs is Christmas Decorations. The folks giving this have given excellent suggestions to all attending concerning ways of arranging decorations for doors, tables and other places in the house and yard. Christmas time is a time when we like to "fixup" and make things around beautiful and shiny. Ways of doing it are interesting and important.

If you are interested, find the club nearest you and come. You are always welcome.

Several hints which we would like to pass on:

Sandwiches can be frozen which make it possible to save time if

you pack a large number of lunches. They will keep from a week or two at the time. To avoid soginess, keep sandwiches away from walls of freezer. Allow 3-3½ hours for sandwiches to thaw. Do not freeze lettuce or other vegetables but wrap in wax paper and let each person put in sandwich just before he eats it.

### AGRICULTURAL NOTES

(Continued from Page 1)

program including many of the best speakers available in Virginia. Another feature of the program will be of the panel discussions planned for both days. At this time our speakers will attempt to answer any of your dairy questions. We are looking forward to a very successful first Annual Dairy School, and I hope each and every one of you will make your plans to attend.

During the year this office has had many requests concerning the newest variety of large strawberry developed by our Virginia Truck

To be sure that the salad dressing you use will not separate when frozen put some in a small jar, cover, and leave in the freezer overnight. If it separates when defrosted, do not use it for freezing as it will make bread soggy. Also don't freeze hard-cooked egg whites as they become dry and tough.

Experiment Station. A great deal of publicity was given this Pochontas Variety last spring. In the November issue of the Vegetable Growers News, Dr. Parker announced that a limited number of plants would be available this year for our local growers. These plants are being made available through the Virginia Potato and Vegetable Growers Association of Bell Haven, Virginia. The three nurseries which are cooperating in the distribution of these plants are: W. F. Allen Company—Salisbury, Maryland; Bunting's Nursery, Selbyville, Delaware; Rayner

Brothers, Salisbury, Maryland. Because of the limited number of these Pochontas plants it will be necessary that you place your order with the Vegetable Growers Association as soon as possible.

### FARMING TIPS

**Corn May Be Worth Much More in January.** If you could control Weavels in the Barn. Hold for higher price.

**Buy Grass And Legume Seed Now.** Prices are sure to be higher next spring.

**Broiler Prices Are Holding Steady.** January looks like a good time to be on the market.

**Ships Hogs That Weight Over 200 Pounds.** Light receipts so far means more hogs later. Signs point to lower prices, but no sharp break.

**Seabean Prices Are Holding Steady.** Here in the County, but the outlook is for higher prices if put under government loan.

**Are You Overlooking Ewes.** You can buy ewes, for one-half what they cost two years ago. Lamb prices next spring look good and wool prices will be supported—preventing any serious sagging.

**Turn On The Lights In The Hen House.** With egg prices due to

## Jimmy Stewart Scores Heavily In 'Thunder Bay'

It was only a few years ago that Jimmy Stewart came shambling back from war, his hair graying and his features pinched from his combat experiences. Everyone around Hollywood—Jimmy most of all—wondered if he could pick up where he had left off.

Stewart is now brought to the screen by Universal-International, starring with Joanne Dru, Gilbert Roland and Dan Duryea in the Technicolor "Thunder Bay," opening Thursday and Friday at the Virginia Beach Drive-In-Theatre.

The war years had taken a sizable chunk from the actor's film career. He had entered the Air Force when he was 33, returned to find a lot of new screen heroes firmly established around the movie lots.

Stewart started on what he so lower a couple of extra hours on the hen's day will mean more eggs.

## Personals

Mr. and Mrs. Kermit C. Robinson will spend this week end at the Colonial Inn, Raleigh, N. C. and will attend the North Carolina-Notre Dame football game in Chapel Hill on Saturday.

Mr. and Mrs. George Powell, Jr., who are now spending some time at the Sea Ranch, Kitty Hawk, N. C. spent last week end

hoped would be the comeback trail with "It's A Wonderful Life," a cinematic venture which did little to give him his second wind. People around town began saying that the gauging, unloquacious star was as dead, professionally, as the proverbial doornail.

Refusing to give up, Stewart turned the tables and made a group of hit pictures in rapid succession... such films as "The Stratton Story," "Broken Arrow," "Winchester 73," "Harvey," "Bend of the River" and now "Thunder Bay," which Stewart claims will top even his recent success.

with Mrs. Powell's mother, Mrs. A. T. Grimes at her home at Rodeo Hills.

Ensign James H. Vaughan, Jr., U.S.N.R. and Mrs. Vaughan, who have been living in Washington, D. C. have recently moved to Virginia Beach and are making their home at 317 69th Street.

# The Promise Abe Lincoln Made

When Lincoln went to Gettysburg on November 19, 1863, he made a simple promise to the people.

He told them that the United States would not perish so long as it was built upon government of the people, by the people, and for the people.

Government of the people is the people's necessity.

Government for the people is the people's privilege.

Government by the people is the people's responsibility.

If you could have asked, "Mr. President, what do you mean by 'government by the people'?", Abe Lincoln might have answered you along these lines:

*I mean a government in which every citizen feels himself a part—a free organization of the people in which each individual is just as interested in the affairs and success of government as he would be in the affairs and success of a business in which he had invested money; just as eager to monitor it, just as eager to offer suggestions, just as aware of his right to participate.*

Actually, we can't have government by the people unless at all times a majority of the people are informed to understand what's going on, vigilant to detect an opportunity or a danger, and vocal to express an opinion about it.

You can't hold Abe Lincoln to his promise unless you hold yourself to your responsibility.

# Norfolk and Western Railway

## Entertainment

(Continued from Page 5)

Germany in the past to see the payoff.

If you like your music on the "hill billy style," then you'll want to be on hand when the famous "Rope Family Singers" give a concert at the Center Theatre on

December 18th.

In other words, everything from soup to nuts is being offered within twenty five miles of Virginia Beach this winter. So let's stop crying "there's nothing to do," and crank up the old bus and see some of this top entertainment. A complete schedule and breakdown of the coming season's entertainment is given below, subject to change and deletions.

Classical Concerts:

Nov. 18th—Youth Concert, Norfolk Symphony, Center Theatre.  
Nov. 19th—Norfolk Symphony, Center Theatre.  
Dec. 14th—Norfolk Symphony, Center Theatre.  
Jan. 11th-12th—Feldman Chamber Music Society Concert, Little Theatre.

### "Book Week" to Be Observed by W. T. Cooke PTA

The W. T. Cooke School will celebrate National Book Week November 16 through 20, sponsored by the P.T.A. of the school. Books will be on display from the Book Nook in Norfolk and will also be for sale. The W. T. Cooke School will get a percentage on all books sold.

The library will be open to the public, Monday afternoon from 2 p.m. to 3 p.m., Tuesday, Wednesday, Thursday from 9 a.m. to 10 a.m. and from 2 p.m. to 3, and all day Friday. The mothers of the school children will help in the library.

### "Student Corner" Will be Feature Of Art Exhibit

A special students corner is being featured at the Art Exhibit on November 20th through 22nd. The Virginia Beach Art Association is sponsoring this exhibit in the auditorium of the Virginia Beach High School.

Art Students under the direction of Miss Billie Barber are currently engaged in making posters for the exhibit.

All students who do creative painting (oils, water colors, pastels or charcoals) and craft work (clay modeling, ceramics, wood carving, etc.) are urged to display their work in the Art Exhibit. Exceptional work of pre-school children will also be shown.

Please contact Mrs. W. A. Cole, 2849 for further information on children and students displays.

In the senior division of the exhibit, Mrs. R. B. Tynes is chairman of the Arts and Mrs. Carter Coupland is chairman of the crafts. All adults having arts or crafts for sale or for display will please call Mrs. Tynes 1851-J or Mrs. Coupland 1354-J.

The common house type centipede has only 15 pairs of legs, but some species have as many as 100 pairs of legs.

How much do you plan to pay for your new home? A certain amount down and a fixed monthly installment—that's all some folks consider.

But there may be far more to a home investment than its initial price. Unless your home is built of quality materials, you may be burying yourself in later repair bills. Green lumber can cause all sorts of defects in your home... defects that cost both time and money.

You can avoid these repairs by insisting on dry, well-manufactured lumber. DRY lumber guards against damaging shrinkage—protects your home investment!

If you built or bought your home in 1943, its value is about double today. And if your insurance is based on 1943 values, this protection it provides is off's about 1953 requirements.

Ask us to check your insurance. Our expert counsel will cost nothing extra, but it may be worth hundreds of dollars to you.

## BANK OF VA. BEACH PLANS NEW HOME

Bids for the erection of a new building for the Bank of Virginia Beach will be opened on December 1, according to B. H. Church, president, who revealed the banking institution's expansion plans this week.

The new building will serve as the main office of the Bank of Virginia Beach and will be located on Pacific Avenue near 31st St., contiguous but not connecting with the bank's present drive-in facility which fronts on 31st St. Church revealed that the new building will be dedicated at a formal opening ceremony on next June 5 and that the present headquarters located on Atlantic Avenue near Eighteenth Street will become a branch facility.

Oliver and Smith, Norfolk and Virginia Beach architects, announced that plans and specifications are ready for posting and that bids will be opened on December 1 at the main office. The same firm was also architects for the drive-in facility of the Bank of Virginia Beach.

The date set for the formal opening—June 5, 1954—will also mark the ninth anniversary of the bank which was founded in June, 1945. Judge Floyd E. Kellam is chairman of the board, and, like Church, has held his office since the inception of the institution.

Church stated that the new building has been made necessary by the rapid growth of the bank and that it is designed to serve the convenience of patrons of the bank. He said that the additional space is badly needed and that the bank's capital has more than doubled, rising from \$150,000 to \$365,000 and the bank's resources are currently at \$670,000.

The new building will measure 82 feet by 80 feet and will be of one and two-story masonry construction with the main entrance on the side fronting 31st street but on Pacific Avenue. The architectural design will be modern.

NEW BANK BUILDING

This is the architect's conception of the new home of the Bank of Virginia Beach, to be erected on Pacific Avenue near 31st Street. Plans were announced this week by B. H. Church, president. Oliver and Smith, Norfolk and Virginia Beach architects, are architects for the new building.

## New Vet Questionnaire to Quell Charges of "Chiselling" Readied

Veterans seeking hospital treatment for non service-connected ailments will be asked to provide information concerning their financial status. Veterans Administration announced.

VA emphasized that the additional information, which will be furnished in the answers to five questions, is designed to protect applicants and veterans generally from charges of "chiselling" on the government's inability to defray the necessary expenses of hospitalization or domiciliary care.

The questions to be answered by applicants are:

1. What is the current value of your property both real and personal?
2. What is the current amount of your ready assets, in the form of cash, bank deposits, savings bonds, etc.?
3. If you own real property, what is the approximate amount of the unpaid mortgage or other indebtedness owed thereon?

4. What are your average monthly expenditures, including your mortgage payments and all other personal expenses including your expenses for your dependents?

5. What is your average monthly income for the last six months, from all sources?

In its instructions to field stations in connection with the added questions on the application (Continued on Page Three)

## Riptide Loses ABC License

Apparently the City of Virginia Beach's efforts to get better control of establishments having ABC licenses is paying off. This week the Virginia Alcoholic Beverage Control Board announced the revocation of three licenses and the placing on probation of several places.

One of the places that had its license revoked was a Virginia Beach establishment, The Riptide, located at 30th Street and Atlantic Avenue.

Several establishments received fines of \$60, including the Boardwalk Grill, Seaside Park, Virginia Beach and W. J. Vokes' Top Hat at 29th Street and the Oceanfront, Virginia Beach.

Included in the list of those places put on probation was Davis Brothers Corporation, Pine Tree Inn, Virginia Beach Boulevard.

## E. W. SMITH BACK FROM RICHMOND

E. W. Smith, Virginia Beach Commissioner of the Revenue, has returned from Richmond where he attended a convention for commissioners of the revenue.

During the convention State Tax Commissioner C. H. Morrisette discussed certain changes in the State tax laws for 1954.

Smith commented "that the most important change for taxpayers is the amendment to section 58-406 which relieves the taxpayer of paying on bonds, notes and other evidences of debt."

Previously these intangible personal properties were taxed at a rate of 50 cents per one hundred dollar valuation of the fair market value, Smith said.

## Bank Declares Extra Dividend

An extra dividend of two percent has been declared by the Bank of Virginia Beach in addition to the semi-annual three percent dividend. It was announced this week by E. H. Church, president of the banking institution.

The total five percent dividend will be paid December 5 to stockholders of record on November 25, 1953. The bank's assets have risen to a record high of \$6,682,000.

The Bank of Virginia Beach has also announced plans to erect a new building on Pacific Avenue near 31st Street, next to its present drive-in facility. When the new building is completed the present main office will become a branch outlet.

the church of our faith; extended a most cordial welcome from the local Chamber of Commerce, and brought gifts from many of our local merchants.

All these things really gave us a feeling of warmth and one of "belonging." But still something is missing. Back home we had bridge, canasta, sewing and knitting groups which brought friends and neighbors together in social relationship. Isn't there something Welcome Wagon can do to bring the newcomers to Virginia Beach together? I am sure there are many who feel the same as I do.

Mrs. Hale got busy at once— and out of that business came the organization of the Welcome Wagon Newcomers Club. With the assistance of Mrs. Mickey Merrill, a newcomer; Mrs. Margaret Conklin, assistant Welcome Wagon hostess; and Mrs. Vera Herzel, area supervisor, the club was organized on November 11 at the Community House.

A temporary slate of officers was appointed as follows: Mrs. Mickey Merrill, president (Continued on Page Three)

## Civitan Club Gives Prizes For Artists' Exhibits

The Civitan Club of Virginia Beach has donated two prizes of five dollars each to the Virginia Beach Art Association to be used as awards in the Children's and Student's Corner of the Art and Craft exhibits which are being held this weekend in the High School gymnasium. The show opens tomorrow evening at 7:30, and again on Saturday morning at ten o'clock in the morning. It will be open until ten o'clock at night on both Friday and Saturday, and again on Sunday afternoon from two until five o'clock.

Many fine paintings by local artists will be on display, a number of which will be for sale.

In addition to the paintings, there will be on display ceramics, stenciled trays and other creative work of unusual quality, most of which will be offered for sale.

Of special interest to many people will be the original figurines and book-ends done by the well-known local artist, Miss Laura Archibald. With the Christmas season in mind, she has also done some of her delicately molded "angels."

The work of Tessa Cody, of London, England, who is now making her home in this vicinity, will be displayed for the first time at a local art exhibit. Mrs. Cody studied under the famous Gerald Cooper in London, and is having a one-man show at the Norfolk Museum on January 10 under the auspices of the Tidewater Artists Association.

Henry Euler's architectural exhibit and Laura Lamb's commercial art exhibits will be especially interesting to men.

## Junior Red Cross Active in Schools

Schools throughout Princess Anne County this week are being visited by Mrs. David B. Hill, Princess Anne County Chapter, Junior American Red Cross chairman, in recognition of the opening of the membership campaign of that organization. Each classroom is collecting at least a penny from its members to insure the room's winning, a so-called recognition of 100% membership.

It is with pride that Mrs. Hill announces the acceptance by all schools of the various holiday requests made by military hospitals and establishments.

The list of schools, the requests to be filled and the persons in charge include:

Bayside Elementary School—Christmas tree ornaments; Mrs. Margaret Fisher and Mrs. Grace Harrell.

Louchous Elementary—Gift wrapping supplies and candies; Mrs. Nellie Gilbert.

Credits Elementary—Four dart boards and darts; Mrs. Nita Dixon.

Credits High School—Fifty

## RETURNS

Miss Leland Smith, daughter of Mr. and Mrs. J. C. Smith, of Glenwood Park, Princess Anne County, has been selected Queen for the annual Christmas show to be held at the Norfolk City auditorium November 21-22. The show is sponsored by the Federation of Garden Clubs of Norfolk and vicinity.

Three candidates finished as runner-ups to Miss Smith and will serve as princesses. These winners will not be announced until the crowning of the queen. Other candidates will make up the queen's court.

Miss Smith is a past president of the Granby Junior garden club. There were 24 candidates in the queen contest.

City Treasurer Lewis E. Smith issued a reminder to the city's taxpayers this week that the interest and penalty date on payment of city taxes has been changed from June 10 to July 1.

Smith explained that the date had been changed to coincide with the city's fiscal year which begins on July 1. Heretofore, the June 16 date has necessitated an additional accounting period from June 16 to June 30. The change will result in only one accounting period and will also result in considerable saving to the taxpayer.

## CLOTHING FOR GERMANY

Mrs. Nanna G. Robinson, Mrs. Ward Cole and Mrs. Herman Evans, all of Virginia Beach, are shown sorting clothing collected for Western Germany. The clothing will be boxed and shipped to the Allied zone of Germany.

## CITY EMPLOYEES TO GET SOCIAL SECURITY BENEFIT

### Leland Smith to Be Xmas Queen

Eighty-eight employees of the City of Virginia Beach will get social service coverage as a result of action taken by the city council at its meeting Monday night.

Coverage of the city employees is to go into effect January 1 and will be retroactive for three years at a cost of \$2,000 to the city, with a like amount to be contributed by employees according to length of service during the last three years.

It was explained that teachers, police men and firemen participating in other Social Security or retirement plans would not be included.

In taking the action the city is seeking full benefits for its employees under 1950 legislation enabling municipalities to participate in Federal Social Security.

It was explained that payments contributed by employees will be on the installment plan to make up for the past three years.

In other matters, Mayor P. F. Murray was asked to write the Bank of Virginia Beach thanking that institution for its handling of \$1,200,000 worth of city bonds at no cost to the city. The bonds vary in years between twenty and fifteen and the bank has handled the financing on a gratuitous basis, effecting a saving in excess of \$5,000 to the city.

Police Chief Reeves E. Johnson announced that the State Highway Commission has been requested to make a traffic survey for the city in the Spring when it is planned to make the normal. He explained that the normal grew out of a request by the Cavalier Park-Say Colony Community League for a stoplight at 47th Street, the main traffic artery in the two areas from Atlantic Avenue.

The new text book is for senior high school civics classes and is co-authored by Oka Stanton Flick and Henry L. Smith, both Indiana educators.

Acting City Manager A. Worth Petty announced that work had started on a pump house in South Virginia Beach, beginning the installation of a 2,300,000 sewer extension in that area. He said it is planned to start laying the new lines early next week.

The council discussed a "Clean Up Your City" educational campaign. Mayor P. F. Murray said he hoped special attention would be given to beautifying the 31st Street entrance to the city. He said it would become the main entrance when the new road from Norfolk is completed.

Council heard a request from R. Lee Page for the city to match funds to be provided by property owners for the beautification of Atlantic Avenue. Councilmen expressed the opinion that city funds were insufficient to undertake the project, and no action was taken.

## CHURCH GROUP SPONSORS DANCE

The Galilee Episcopal Church of Virginia Beach is sponsoring a dance November 25th from 8 o'clock on in Tucker Hall on 18th Street and Atlantic Avenue. The admission is 50c stag and 35c drag.

## URGENT CALL MADE FOR BLOOD DONORS

Appalled at the lack of donors to contribute blood for the production of gamma globulin, officials of the Princess Anne County American Red Cross Chapter are appealing to all parents to give blood at a special visit of the Bloodmobile to Virginia Beach next Tuesday, November 24. This appeal is in the form of a letter drawing attention of all parents to the fact that if only 10% of their number, approximately 120, would give blood, a new record would be set. The highest number of donors before has not topped 125, or 25 less than the quota set for this area.

Harold S. Kellam, chapter chairman, points out that from the current blood contributions comes the blood required for the production of gamma globulin, at present the only available effective aid in the fight against polio. To produce an average 10 cc dosage of gamma globulin for one individual, two pints of blood are necessary.

The recent visit of the Bloodmobile to Virginia Beach netted 90 donors, and covered a two-

month period. As the Virginia Beach Hospital is among hospitals in this nation receiving free blood through the national blood program, during this same two-month period, it received 37 pints of blood in October and 46 pints in September, a total of 83 pints, or three more pints than given by Beach residents. As Red Cross officials point out, there is no provision made here for the production of gamma globulin—and in fact three pints had to be drawn from elsewhere to provide free blood for patients at Virginia Beach Hospital.

For many months the Civitan Club of Virginia Beach has been sponsoring the regular visits of the Bloodmobile. Now another major organization is promoting blood donors. Under the leadership of Ralph Stacy, the American Legion, Post 113, cards have been mailed to nearly 300 members urging their donations of blood.

In connection with the current drive, a prize of \$10 is offered to the club bringing the greatest percentage of parents to the Bloodmobile. Five dollars

will go to the second best class and \$2.00 to the third. Letters are being distributed in the Virginia Beach High School, W. T. Cooke School, Miss Everett's and Miss Barclay's Schools.

The spiritual leaders in Virginia Beach's places of worship also have been requested to encourage their memberships to respond to the need for more blood donors.

It has been pointed out that persons feel that sufficient contributions of blood come from the military establishments of

Fort Story, Little Creek, Dunn Neck and Oceana Air Base. This blood is used for plasma for military medical needs. Despite the recent peace negotiations, 400 pints of blood are sent each week to Korea, a fact that fuels the charges of mismanagement of blood supplies. The weekly decline in blood donations throughout the country.

The Bloodmobile will be at the Community House from 10 noon to 6 p. m., the location being 18th Street and Arctic Avenue.

## TIPPING THE CHAPEAU

The home of Mr. and Mrs. C. C. Baughman, located on Abingdon Road in Bay Colony, receives the top award for beauty from the Council of Garden Clubs this week. A profusion of flowers consisting of masses of chrysanthemums, gladioli, canna lilies and a solid carpet of perfectly groomed green grass, present a typical picture which appears to be more like the cover of a well-known magazine than to be actually real.

It is truly a spot of beauty and is well worth the time and late date in November (almost Thanksgiving) toward judging lovely gardens in this area.

(Note: An observer for the Council of Garden Clubs selects through this column a beauty spot each week.)

## NEWCOMERS CLUB ORGANIZED HERE

This group of ladies represents the first meeting of the newly formed Newcomers Club of Virginia Beach, which is sponsored by the Welcome Wagon. Standing in the background are the temporary slate of officers, which include: Mrs. Harry Blegeman, first vice-president; Mrs. Emerson Planck, Jr., second vice-president; Mrs. Mickey Merrill, president; Mrs. Lena Clark, Welcome Wagon hostess; Mrs. Margaret Conklin, assistant Welcome Wagon hostess; and Mrs. Richard Dyer, secretary.

## NEWCOMERS AT BEACH HAVE OWN WELCOME CLUB

The telephone rang! A voice at the other end of the line asked, "Is this Mrs. Clark, the Welcome Wagon hostess?"

Assured that it was, the caller wasted no time in getting to the point.

"I have been a resident of

Virginia Beach for almost three years now," the voice declared, "and had it not been for your friendly Welcome Wagon call on myself and my family at that time I'm afraid we would still feel like strangers in the community."

"You encouraged us to attend

## Personals

Mr. Arthur Winder is visiting his parents, Mr. and Mrs. Stephen E. Hamilton, at their home in Wilmington, Dela.

James Gaddy, of Norfolk, spent the weekend with Mr. and Mrs. Edna Campbell at their home in Emporia.

Mrs. Stanley Hodges has returned to her home on Holly Road after spending a week with relatives in Richmond.

Mrs. James Beasley has returned to her home in Cavalier Shores after visiting relatives in Christiansburg.

Mr. and Mrs. Owen Campbell have returned to their home in Litchfield after spending a week in New York City.

Mr. and Mrs. Julian Lawrence have returned to their home in Cavalier Park after spending several weeks in Washington.

Miss Sue Preston has returned to her home on Raleigh Drive after spending the summer at Michigamoc Island, Mich.

Mr. and Mrs. B. M. Stanton have returned home after spending several days in New York.

Mr. and Mrs. Robert Taylor and Mr. and Mrs. J. Peter Holland, Jr., will spend this weekend in Charlottesville and attend the football game between the University of Virginia and North Carolina.

Mrs. Edith W. Burden is visiting her sister, Mrs. George Arnold, and Mr. Arnold, at their home in New York City.

Mrs. Robert G. Turnbull is visiting her daughter, Miss Jo Anne Turnbull, who is now living in Cincinnati, Ohio.

Mr. and Mrs. Henry S. Lewis have returned to their home on 61st Street, after spending a week in Boca Raton, Florida.

Mrs. Ruth Williams Morgan and her daughter, Miss Ann Morgan, returned home Sunday after visiting Mrs. Morgan's sister and brother-in-law, Mr. and Mrs. John Newport Greene, IV, at their home in San Antonio, Texas.

Miss Jean Kersey spent Saturday at Chapel Hill and attended the North Carolina Notre Dame football game.

Roughly half of the earth's known uranium ore lies in the Belgian Congo in the fantastic open-pit mine at Shinkolobwe, 70 miles northwest of Elisabethville. Shinkolobwe's name was dropped from maps for secrecy's sake during World War II.

## Clare Hume Meier, Wife of Famed "Christus," Has Role of Mary

The part of Mary in the Black Hills Passion Play, soon to be performed in Norfolk, is played by a woman who is a radio actress and then became a radio actress.

She is Clare Hume Meier, wife of Josef Meier, famed Christus in the pageant.

The play will be seen in two matinees and thirteen night performances at the Center Theatre from Nov. 22 through Dec. 5.

During her high school days, Mrs. Meier decided to follow the footsteps of her grandfather, then drama critic of the New York Mirror.

In college, however, she chose dramatics in imitation of her parents, who for years were prominent in musical comedy and vaudeville. She later combined the two fields by becoming both a writer and actress for radio.

"My husband is the seventh generation of his family to portray the Christus," she says, explaining that the Black Hills production is a continuation of the one originally presented in Luenen, Germany, in 1242.

Meier met her after bringing the company to this country in 1932 to escape the tyranny of Hitler. Many members of the cast moved with him to Spearfish, in the Black Hills of South Dakota.

Meier had to learn English—not only to perform the Passion Play here, but to talk to his fiancée's parents. Mrs. Meier studied German, so she could talk with her husband's father when he arrived from Germany in October.

Mail orders for the play are now being received at the Center Theatre, 9th and Granby Streets, Norfolk. Reserved seat prices for Sunday matinee and evening performances are \$1.30, \$1.95, \$2.60, \$3.25, \$3.90, tax included.

CLAIRE HUME MEIER

## Mothers Slant Sons to Ministry

Mothers influence their sons to enter the ministry much more than fathers do. Outside of a boy's pastor, his mother is first in turning him toward full-time Christian work. One pastor out of five was led into the ministry by his mother.

These facts came from a study of 1978 ministerial students made by the Rural Department, Drew Seminary, Madison, New Jersey. It was interesting to find that 425 of these students said that no one had ever told them that the Church was badly in need of

## Your GARDEN GUIDE

Virginia Beach gardeners are becoming worried by the Mexican Scale insect which is currently the worst pest by far of ornamental plants in this locality. The Mexican Scale is a newcomer to the scene and, as a result, little is known about it. Colleges of agriculture and agricultural experiment stations have done little, if any, research on the problem. This is because the insect has not become a problem plants of economic value, i.e., farm crops, and the personnel of these research groups have to study and carry out experiments on the production of plants of the most economic value. Four years ago, when Dr. Richard N. Hofmaster of the Virginia Truck Experiment Station submitted specimens of the scale to the U. S. Department of Agriculture for identification, the entomologists there were uncertain as to what genus and species the insect belonged to. Since then it has been now in the genus Ceroplastes and the common name is listed as either Mexican Scale or Florida Wax Scale. A bibliography of agriculture at the Virginia Truck Experiment Station reference library lists several publications on the insect, but none in Australia, so evidently it has caused some trouble there. Dr. Hofmaster stated that as far as he has been able to ascertain the Tidewater, Virginia section of the United States has been most severely hit by the pest.

The insect has a soft red body about 1/8" long. It spends practically its entire life under a soft white waxy mound that constitutes its protection from enemies. Dr. Hofmaster has observed that they are active for a few days a year, usually from about the 4th of June to the 7th or 8th. These dates could vary according to the severity of the spring weather. When they are active, they mate and the female lays numerous eggs which will hatch into larva and later into pupa. These young insects, or crawlers, feed on the stems of a very wide range of ornamentals. As a result of their feeding, the white substance (honeydew) that forms their soft shell is produced. It is the feeding by the insects on the stems that cause damage to the plants.

Control of the insect is very difficult because of the short time it is active. However, a spray of emulsified oil, such as voltek, is effective when the insects do emerge and are active in early June. Dr. Hofmaster recommended 2 to 3 tablespoons of the oil to a gallon of water. The effectiveness of the spray can be increased by the addition of other insecticides such as DDT or Dieldrin.

After the insect hatches and is observed on the plants, spraying does very little good because of the protective soft scale. A mechanical means of removal should be resorted to. This can be done by picking of the white, rubbery scale with the insect inclosed. Another method is to use something such as an old toothbrush to reach into a bush if it has thorns or many branches. Still another method is to knock off the scales with a heavy stream of water using a hose nozzle. However this is difficult to do after summer has past because the scale is firmly attached to its host.

As far as can be determined by Dr. Hofmaster, removing the insect from the stem will kill it, so that it does not matter if they are dropped on the ground.

The Mexican Scale will probably do as much damage next year as the Japanese Beetles ever did in a year so it constitutes a problem which will have to be faced by the gardeners and which should be studied by our research institutions.

more ministers.

Only seven of these boys said their girl friends had ever discouraged them from becoming ministers. Three times as many said their girl friends had encouraged them.

This report of 30 pages is available upon request. It was interesting to note that 731 of these young men said they wished someone had talked with them about this matter.

"No one had ever talked with me about going into the ministry until I asked about it," is the way one student summarized the situation.

## Radford College Observing 40th Anniversary

Radford College, Woman's Division of Virginia Polytechnic Institute, will observe the 40th Anniversary of its opening in 1913 on Saturday, November 21. The observance of this milestone in the service of Radford College is planned to summarize the significant aspects of the growth and development of education for women in Virginia. President Charles K. Martin, Jr., said the program, which opens at eleven o'clock, will be in the form of a Symposium to discuss "The Salient Contributions of Virginia Colleges to the Education of Women During the Last Forty Years—1913-1953."

Representatives of the various types of colleges in the state concerned with the education of women have been invited to participate. They will show the contributions of their representative type of institution to the on-going of women's education. Those who will participate in the discussion are: Dr. William F. Sullivan, Jr., Randolph Macon Woman's College, Lynchburg, on "The Contributions of the Private Woman's College;" Dr. Dabney Lancaster, President of Longwood College, Farmville, will summarize "The Contributions of the State Teachers Colleges;" Dr. H. Sherman Oberly, President of Roanoke College, Roanoke, on "Church Affiliated Colleges;" Dr. David M. Graybeal, Chaplain of Emory and Henry College, Emory, will discuss "The Contributions of the Coeducational Colleges;" Dr.

## James D. Hubbard In Michigan Band

James D. Hubbard, Jr., of 87th Street, Virginia Beach, trombone player, will be among the more than 150 University of Michigan students, members of the U-M Marching Band, who will high step into Michigan Stadium for the last time during the 1953 season at the Michigan-Ohio State game November 21.

A well earned round of applause will greet the boys who have learned to dance, march and follow intricate formations while playing their instruments. They have devoted eight hours every week to be coached by the director, William D. Revelli, and his assistant, George Cavender. During the drills equal stress is placed on seeking perfection in precision marching and in musical ability.

In addition to the six games, trips to two out-of-town games have been included in the 1953 season. Each game means a pre-game and a half-time show involving six or more formations. Each member is responsible for remembering the new music.

Marguerite Roberts, Dean of West-Hampton College, University of Richmond, Richmond, will discuss "The Unique Contributions of the Coordinate College;" Miss Maude Wallace, Assistant Director of the Virginia Extension Service, Virginia Polytechnic Institute, in Blacksburg, will show "The Contributions of the Extension Service to Adult Education of Women." The Symposium will be coordinated by Dr. Charles K. Martin, Jr., President of Radford College.

## CHILDREN'S THEATRE

Don't forget, "Aladdin and the Wonderful Lamp" will be presented by the Children's Theatre of Virginia Beach, Saturday, Nov. 21st at 11:00 a. m. and 1:00 p. m. at the Virginia Beach High School. Admission 60c for children or adults.

## Fishery Scientists Attend Meet

Staff members of the Virginia Fisheries Laboratory at Gloucester Point recently attended the fall meeting of the Atlantic Estuarine Research Society in Annapolis, Maryland. Research workers from New Jersey to South Carolina met in a two-day session at St. John's College last weekend. Twenty papers describing the research of marine scientists during the last six months were presented and discussed.

Five members of the Virginia Laboratory staff described their work. Dr. Jay D. Andrews reported on a fungus infection that kills oysters. Dexter Haven showed that the distribution of hogchokers in the York River is similar to the distribution of young croakers. William Massmann showed how returns of tagged rhad in the York River were used to calculate the number of oysters in the 1953 spring run. W. A. Van Engel explained how the spawning history of blue crabs can be discovered by studying the occurrence of worms on the gills and on the sponge. Dr. J. L. McHugh, Director of the local Laboratory, reported on the yield of market oysters from planted seed.

The Society was formed in 1950 to promote the exchange of information between scientific workers engaged in the study of estuaries. Attended by chemists, physicists, mathematicians, biologists, and fishery workers, the discussions bring forth ideas and accomplishments of great importance to the management of our seafood resources.

A western railroad has completed tests of what is said to be the world's first propane gas-operated turbine-electric locomotive. Sponsors say it produces more horsepower than three standard diesel units.

## "Lord's Acre" Winning Favor

"The Church is going too far, mixing business with religion." This was the criticism leveled by a farmer in Wirt County, West Virginia, when the Reverend Vair Winter started his Lord's Acre project.

And what a mixture it was! Before the "church potatoes" were planted, the County Agent analyzed the soil to select the right kind of fertilizer. Certified seed was purchased. The potato money re-rooted and re-decorated the church and installed a gas heating system. The four other churches on the circuit copied the idea. The Lord's Acre moved from farm to farm as a demonstration in good agriculture. The farmer soon raised so many potatoes that a marketing agent had to be employed. And he became a Sunday school superintendent. And the high school boys who raised the potatoes joined the pastor's class in week-day religious education. Seven years have passed and the pastor is still "mixing business with religion."

The story of this church and fifteen other successful churches is given in a new bulletin, entitled "A New Gospel of the Soil." It contains 96 pages and 118 photographs and is being sent upon request by the Rural Church Department, Drew Seminary, Madison, New Jersey.

The farmer who criticized this church for "mixing business with religion" was not a member, but he lived nearby and felt responsible.

## PA Woman's Club Hears District President Speak on 'Club Collect'

The Woman's Club of Princess Anne County held its regular monthly luncheon meeting recently at the Pine Tree Inn with Mrs. R. H. Owen, president, presiding. The invocation was given by Mrs. James A. Beasley.

Mrs. Earl C. VanBaskirk presented David Emory, a senior of Maury High School, Norfolk, in two vocal selections, "I Believe," and "Without a Song."

Mrs. Aubrey Holmes presented Mrs. V. E. Wornham, of Hampton, president of the Sixth District of the Federation of Woman's Clubs of Virginia, who spoke on the "Club Collect."

Mrs. R. R. Hoyle, of Newport News, parliamentary of the Virginia Federation, spoke briefly on women in politics, and urged all women to take an active part.

Mrs. Owen announced four new chairmen recently appointed to fill vacancies on the board. They are: Mrs. R. B. Tynes, legislative; Mrs. R. E. Davenport, safety division; Mrs. Frank Pentress, magazines; and Mrs. J. P. Flemming, bulletin.

Mrs. Waverly J. Dickens, Jr., hospital committee chairman, gave a report and asked for more volunteers to help in the library work.

## CAPT. ST. CLAIR WEBB DIES IN KOREAN CAMP

Word was received this week by the family of Capt. St. Clair Webb, Jr., USA, of Virginia Beach, that Captain Webb died in February, 1951, in a prisoner of war camp in Korea.

This official notification by the office of the adjutant general ended several years of uncertainty as to Webb's fate, after he was reported missing in action.

Captain Webb is survived by his wife, Mrs. Lucile Clark Webb; two daughters, Clair, nine, and Gail, seven; his parents, Mr. and Mrs. St. Clair Webb; a sister, Mrs. J. M. Ponds, and two brothers, H. N. Webb and R. L. Webb, all of Virginia Beach.

Mrs. Richard Dyer, secretary, and Mrs. Leo Hoar, treasurer.

Twenty enthusiastic ladies attended that first meeting, and promised to work hard at getting all other new residents to join the club.

A Christmas party is planned for the children of club members and other newcomers.

Both Mr. and Mrs. McCoy have long been active in civic affairs in the community and they will be missed by their many friends.

## Deadline Near on Navy ROTC Appointments

The Navy has announced that November 21, 1953, is the deadline for receipts of applications for the competitive NROTC college training program examination to be conducted at test centers established throughout the nation on December 12, 1953.

From those who attain qualifying scores, approximately 2000 students will be selected for entry into the program in the 1954 Fall term of college. The Navy has NROTC units at 52 universities and colleges throughout the United States.

Accepted students will be appointed midshipmen, U. S. Naval Reserve and will have tuition, books and normal fees paid by the government. The student will also receive an additional \$500 per year to help defray other expenses. In addition to his courses in Naval Science during the school year, the student will take summer cruises to provide a practical working knowledge of the Navy.

Graduates from the four-year program will be commissioned as ensigns in the U. S. Navy or second lieutenants in the U. S. Marine Corps, and ordered to active duty. Prior to completion of the required three years service, these officers will have an opportunity of applying for selection as a career in the Navy. Those not selected will return to civilian life as Reserve officers.

Applications may be obtained at high schools, colleges, offices of Naval Officer Procurement and Navy Recruiting Stations throughout the country. Applications must be received by the Educational Testing Center Service, in Princeton, N. J. prior to the deadline date.

### Questionnaires

(Continued from Page One)

for hospitalization, VA said: "Use of this addendum should cause each applicant for hospitalization to focus his attention on his financial status and thereby give him a clearer understanding of the propriety of signing the oath of inability to pay. To assist him in determining his ability to pay, the applicant should, if and when practically possible, be given some indication of the probable length of required treatment."

"This addendum may be used in no way whatever to deny hospitalization to a veteran, as the law specifically provides that the statement under oath of the applicant . . . shall be accepted as sufficient evidence of inability to defray necessary expenses."

"If a veteran applicant for hospitalization signs the oath of inability to pay contained in the Form 10-P-10, that is legal evidence of eligibility for hospitalization and the applicant shall be admitted when a bed is available and the need for hospitalization has been medically determined."

"Of course," the VA instructions continued, "emergency applications are excepted. They will furnish the information later, if and as required. All Veterans Administration personnel are cautioned that the Form 10-P-10 and the addendum are confidential, the same as all other material in a veteran's file, and may not be seen by, or information therefrom be given to anyone except as provided in VA regulations 500 to 526."

One whale, the world's largest animal, can provide as much meat as a herd of 100 cattle. This meat is a valuable protein food, and is eaten in large quantities by the Japanese.

## LAFF OF THE WEEK

## Oceana to Have Fire Auxiliary

The second and final meeting of a group of wives of the Oceana Volunteer Firemen met Monday evening of this week at the home of Mrs. L. E. James for a final decision on organizing a woman's auxiliary to the Oceana Fire Department.

Notes on the first meeting held November 7 were read by Mrs. James and a discussion followed regarding the necessity of an auxiliary organization. It was unanimously agreed to form such an organization, and officers were elected as follows:

Mrs. L. E. James, president; Mrs. Mary White, vice president; Mrs. Earla Davies, secretary; and Mrs. Rene Hines, treasurer.

Committees were appointed by the president as follows:

Ways and means, Mrs. Norma Vassili; social chairman, Mrs. Anne Little; publicity chairman, Mrs. Lorraine Kadas; and hospitality chairman, Mrs. Clarine Brehm.

It was voted that regular meetings be held on the second and fourth Monday of each month, the place of meeting the Oceana Fire

### CHICKEN AND OYSTERS

#### SUPPER AT MASONIC TEMPLE

There will be a chicken and oyster supper at the Masonic Temple, 20th Street and Arctic Avenue, last night between the hours of five and eight o'clock. Each plate is \$1.25 and the public is invited.

Nutrition experts have expressed concern over the decline in sweet potato production from 31,000,000 bushels in 1946 to 30,000,000 bushels in 1952. They say that 28 common fresh vegetables, sweet potatoes contain the lowest percentage of carbohydrates and the largest number of calories per pound.

Since the end of World War II there has been over 300 per cent increase in the use of paper containers for milk, so that now barely 40 per cent of milk sold for beverage purposes comes in paperboard.

Hall, and the time 8 p. m. Dues were fixed at 25 cents per member per meeting.

The next meeting will be held Monday evening, November 23, at which time many items will be up for discussion. The meeting was followed by a social hour.

## LEGAL NOTICE

Commonwealth of Virginia:  
In the Clerk's Office of the Circuit Court of Princess Anne County on the 29th day of October, 1953.

**R. E. Townsend, Plaintiff,**  
vs.  
**SAMUEL W. GREENLAND**  
St. Louis, Missouri  
County of Princess Anne and all other persons, including consorts, devisees, if any, or heirs-at-law of Samuel W. Greenland, who are or may be interested in the Real Estate which is the subject of this suit, whose names are unknown and who are made parties defendant hereto by the general description of "parties unknown," Defendants.

**ORDER OF PUBLICATION**  
The object of the above styled suit is to remove the cloud upon the title to certain real estate situated in the County of Princess Anne, Virginia, and described as follows:

LOTS ONE (1) and TWO (2), BLOCK SIX (6) and LOTS ELEVEN (11) to TWENTY-FOUR (24) inclusive, in BLOCK FOUR (4) on the PLAT OF GROVELAND, which plat is duly recorded in the Clerk's Office of the Circuit Court of Princess Anne County, Virginia, in Map Book 5, page 247, and likewise LOTS THREE (3) and FOUR (4) in BLOCK TWENTY-NINE (29), LOTS FIFTEEN (15) and SIXTEEN (16) in BLOCK EIGHTEEN (18), LOTS ELEVEN (11) and TWELVE (12) in BLOCK TWENTY (20), LOTS NINE (9) through TWENTY-TWO (22), inclusive, in BLOCK TWENTY-TWO (22) LOTS NINE (9) to TWELVE (12) inclusive, in BLOCK TWENTY-THREE (23), LOTS ELEVEN (11) to FOURTEEN (14), inclusive, and LOTS TWENTY-FOUR (24) in BLOCK SEVENTEEN (17), all on the plat of Easton Place, which plat is duly recorded in the Clerk's Office of the Circuit Court of Princess Anne County, Virginia, in Map Book 5, page 249.

AND IT APPEARING from the averments of the bill of complaint filed herein and by affidavit duly filed that Samuel W. Greenland is a non-resident of the State of Virginia, his last known address being St. Louis, Missouri; that said Samuel W. Greenland may have been married, and if so the name of his consort is unknown and her last known post office address is unknown; that said Samuel W. Greenland may have personal representatives; if so, the names of said heirs, devisees or personal representatives are unknown, and their last known post

office addresses are unknown; and that there are or might be persons other than those named in the bill of complaint interested in the real estate which is the subject of this suit, whose names are unknown and who are made parties defendant hereto by the general description of "parties unknown," Defendants.

IT IS THEREFORE ORDERED that the above named persons, if living, and if dead, their heirs, devisees, and personal representatives, and all persons other than those therein named, who are or might be interested in the real estate which is the subject of this suit, whose names are unknown and who are made parties defendant hereto by the general description of "parties unknown," Defendants, do appear within ten (10) days after due publication hereof, and do what may be necessary to protect her interest in this suit.

**LEGAL NOTICE**  
Commonwealth of Virginia:  
In the Clerk's Office of the Circuit Court of the County of Princess Anne, on the 23rd day of October, 1953.

**Irvin, Celest Finley, Plaintiff**  
against  
**Clarence Melvin Finley, Defendant**  
**ORDER OF PUBLICATION**  
The object of this suit is to obtain a divorce a vinculo matrimonii from the said defendant, upon the grounds of desertion for a period of more than one year.

And an affidavit having been made and filed that the defendant is not a resident of the State of Virginia, the last known post office address being: Willow Street, Antwerp, N. Y.

It is ordered that he do appear here within ten (10) days after due publication hereof, and do what may be necessary to protect her interest in this suit.

These are the first members of the women police of Virginia Beach being utilized to handle school traffic at strategic intersections in the city. Left to right, they are: Mrs. R. K. Hanstead, Mrs. C. R. Bailey and Mrs. J. Waterfield. The policewomen went through a period of intensive training prior to being assigned to duty.

Lessons learned during World War II are being employed by city fathers of Virginia Beach. The first trained policemen have joined the Virginia Beach police force and thereby marks a new chapter in the local law enforcement agency.

Three members of the fair sex have completed intensive training and have joined the Virginia Beach police force as traffic control officers, primarily engaged in school traffic.

The move on the part of city officials, including Mayor P. F. Murray, was prompted by the unusual flow of traffic, both foot and vehicular, at the Virginia Beach High School and the Willoughby Shopping Center.

The city faced a real student traffic problem and the ladies have supplied the answer. The first three ladies to join the force are Mrs. R. K. Halstead, Mrs. C. R. Bailey and Mrs. J. Waterfield.

at the corner of 25th Street and Baltic Avenue, 17th and Baltic and at the W. T. Cooke School. The program has been working extremely well and the employment of women has relieved male policemen for other duties.

As a result of the success of the program thus far, city officials are giving serious thought to utilizing the policemen in parking traffic during the congested summer months.

The new program has been ap-

The red double-barred cross, the registered trademark of the National Tuberculosis Association, begins its 52nd year this week as the international symbol of the war against tuberculosis, according to Mrs. W. R. Ashburn, county Christmas Seal sale chairman.

"Whatever the design of the Christmas Seal," she stated, "the red double-barred cross appears on it each year, and those who buy seals that their contributions will be used effectively in fighting tuberculosis."

Seal was made during the first international conference on tuberculosis in Berlin, where medical and lay leaders from twenty nations, including the United States, met to join forces against TB, then the leading cause of death in most of the world.

Teddy Parker, 11-year-old son of Mrs. Albert Shack, of Portsmouth, was chosen last week as the Virginia Caroler in a special ceremony in Richmond launching the 1953 Christmas Seal sale.

Selection of the caroler: continued a search that has been underway for over a month. The contest was sponsored by the Virginia Tuberculosis Association, and local associations throughout the state nominated boys from their communities. Teddy was the nominee of the local 1st group.

During the period of the Seal sale he will participate in many activities in different areas of the state, appearing on radio and television, and in special Christmas Seal singing programs and before various groups. The runners-up will be honored in their local communities.

The Virginia Beach Music Club will meet tomorrow, November 20, at three o'clock, at the home of Mrs. Goldsborough Robinson, on Pinewood Road. Mrs. Maclin Simmons will serve as co-hostess. Guest pianist will be Mrs. W. R. Honnicutt.

A new electrical and electronics building, costing \$4,221,700, has been started at the Norfolk Naval Shipyard, Portsmouth, Va.

The construction will be the largest single project started this year at the Tidewater area.

Cramer Construction Co., Inc., of Washington, D. C., was awarded the construction contract by Captain A. J. Fy, CMC, USN, District Public Works Officer, who will also administer the work.

The five-story structure will utilize modern industrial planning to repair and alter electrical and electronic equipment. Construction is expected to take about 581 days and will be completed in 1981.

Measuring 581 feet in length and 195 feet in width, the building will have a structural steel frame with metal roofing and metal siding. The six-story portion will be built with concrete. The building will include an elevator penthouse and mechanical equipment rooms.

The Senior Confirmation Class (for adults) will meet at the Haven, The Parish House, next door to the church on Thursday nights, beginning this Thursday, November 18th at 8 p. m.

The Junior Class will meet Sunday afternoon at 4:30 p. m. beginning next Sunday, November 22.

The Rt. Rev. Wm. A. Brown, retired Bishop of the Diocese of Southern Virginia will visit Galilee Church for Confirmation on February 14, 1964 at 11 a. m.

The Children of Galilee Episcopal Church School, Primary and Junior, church departments are asked to bring vegetables, canned goods and staple groceries to put in the Thanksgiving baskets for the needy, at the 9:45 and 11 a. m. services Sunday November 22, the Sunday before Thanksgiving.

The Home Economics Club of the Virginia Beach High School will be hosts at a Stanley party in the new home economics department. Refreshments will be served by the club members and a door

The Oceana Parent-Teacher Association will hold its next meeting next Tuesday night, November 24, at 8 o'clock, in

The Matthew Fontaine Maury Science Club at Mary Washington College of the University of Virginia has elected thirty-seven new members among whom Miss Florence Elizabeth Hood, daughter of Capt. and Mrs. A. Hood of 70th Street.

## AGRICULTURAL NOTES

By JOHN O. HART, County Farm Agent

### PURCHASE PROGRAM OF INTEREST TO BEEF RAISERS

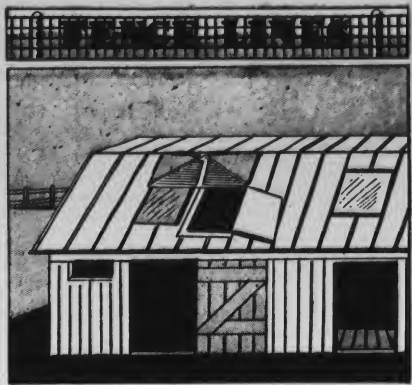

A matter of great interest to our county beef raisers is the purchase program now being undertaken by the United States Department of Agriculture. There is some question on the part of our farmers as to what effect this program is having on our county beef price. Feeling that this beef purchase program is not understood by all of our farmers, I would like to outline some of the important points of this program.

The United States Department of Agriculture's beef purchase program has been stepped up to acquire the maximum amount of beef that can be readily disposed of through both domestic and foreign markets, other than through normal trade channels. The estimated amount of beef to be bought will be around 750,000 head.

The purchases have been and will continue to be made from the grades of cattle that need price help the most. Namely, the lower grades. Purchases are being timed to bolster the prices of these grades when it is needed most—mainly October thru December.

Although some actual deliveries of meat are scheduled for later, all cattle bought on these contracts must be slaughtered and be in the coolers by December 15. It is estimated that the equivalent of between one-third and one-half of the cutter and canner cows sold during this period will be used to supply canned beef for government contracts.

The government in their attempt to ease the beef price problem for our farmers is making an effort to encourage the maximum

**LEAKY WINDOWS . . .** Roof doors and windows are often necessary to give hog houses proper ventilation. A V-shaped eave on the roof above the windows and doors will divert water so it will not leak through them and make the hog house floor messy.

distribution and use of this meat by the public. The effects of this program have already been seen here in Virginia. Whereas, the beef cattle market at this time of year ordinarily drops from 1 to 2 cents a pound, due to the government purchase program our prices have remained strong.

There have been signs of this strengthening in the commercial and lower grades, with actual price increases of up to 2 cents a pound for the utility grades. All of this strengthening of our local beef prices has taken place since the purchase program went into effect early in October.

### PA FARMERS SIGNING UP FOR 1954 ACP PROGRAM

Many of our farmers here in Princess Anne, in the signing up for the 1954 ACP Program thru the County PMA office, are finding that soil test results are necessary before undertaking many of the practices. You will be interested, therefore, in a recent agreement made between the State PMA officials and the Ex-

tension officials at VPI. Since the ACP program is only concerned with a test to determine the necessary amount of lime, this new type of test is being worked out to determine only the lime requirement of your field. However, this test will be used only on soil samples qualifying for ACP payment.

At the same time that you are taking samples for the 1954 PMA program, it would be a good idea to test all of your fields. You cannot fertilize or lime intelligently unless you know what you already have. Soil sample boxes and instructions are available at (Continued on Page Six)

## Safety Group Nears 20 Years Public Service

The Virginia State-Wide Safety Conference will complete 20 years of safety education work in every line of endeavor when it meets in Norfolk next May 20-22. During this period the Conference has grown in size and importance to rank as one of the best in the nation. Victor B. Fitzpatrick, the Executive Chairman, announced today.

Col. Wm. M. Myers, the Executive Secretary, said that Norfolk was chosen for the 1954 meeting in conformity with a long established policy of moving the Conference among the three largest cities in Virginia.

The Executive Committee again named Don N. Frazier, of Richmond as General Program Chairman of the 1954 Conference that will meet in the Monticello Hotel in Norfolk. Attendance Chairman will be Ben Wahrman, of the Norfolk Association of Commerce assisted by Richard S. Gillis, of the Virginia State Chamber of Commerce and M. C. Funk, Vice President of the Appalachian Electric Power Co., Roanoke.

The Finance Committee is composed of Ernest W. Lemay, Richmond; Arthur W. Brock, Norfolk and Paul P. Hunter, Roanoke. William E. Dansey will serve as chairman of the Exhibits and A. H. Hermann as chairman of the Public Information Section.

The Executive Committee met here to select the time and place for the 1954 Conference and to receive reports on the successful operation of the 1953 Conference held in Roanoke.

The first Christmas Seal Sale in America was conducted in 1907 by a young fellow worker in Wilmington, Del. With the help of newspapers, the Philadelphia NORTH AMERICAN, Miss Emily P. Bissell raised \$3,000 to help a few needy tuberculosis patients.

## Convict Labor on Roads "Feasible" Report Shows

The S. H. Convict Road Force received \$2,425,000 from the Highway Department for labor performed on state roads, a report from the Bureau of Population and Economic Research of the University of Virginia shows.

This study, "Prison Production and the Virginia Economy," was made to determine the effect of prison labor on private economy in Virginia. In addition to work on the roads, prisoners work at farming, and in nine industrial plants in the Penitentiary.

The Highway Department is required by statute to employ a maximum of 600 convicts on the roads on construction and maintenance of highways. About sixty per cent of this work, the Bureau study reveals, is in construction, and the remainder in maintenance and miscellaneous highway work.

If these inmates were kept in idleness, the additional cost to the State is estimated at between two and a half and three million dollars, the study finds. "In brief," the report states, "such a change would involve a high volume of social costs," according to a program of idleness, convict laborer from contributing to his own upkeep and thus add to the expenses of the operation of State government."

Major portion of the work done by convict labor is unskilled or common labor. The low cost hourly rate for this at not less than 90 per cent of current wages for free labor, which is paid to the Department of Welfare and Institutions for the maintenance of the Road Force Camps.

The Highway Department has stated, "the study concludes, 'that prisoners can be used economically and feasibly at the current level and that the present ratio of road work performed by State forces using free labor, convict labor and by contract is producing maximum economy in highway maintenance and construction.'"

"In order for the convict road force to be used most economically and advantageously," the report concludes, "the Highway Department should continue to be granted wide latitude in their use of prison labor."

Evidence of the ravages of tuberculosis has been found in the skeletons of prehistoric man. From a Neolithic burial ground near Heidelberg, Germany, the skeleton of young man was unearthed which showed that TB of the spine was afflicting man some 8,000 years ago.

Oil tankers are now being built to a size of about 45,000 tons.

## Lane Reminds Farm Folk That It's ACP Time Again

It's time to sign up again in the Agricultural Conservation Program, says R. W. Lane, Chairman of the Princess Anne County PMA Committee. Farmers of Princess Anne County have an opportunity again to cooperate with the farmers of other counties and states in strengthening the Nation's defenses by improving the county's ability to produce food and fiber.

He said that the following conservation practices have been approved for Princess Anne County for 1954:

Initial establishment of a permanent cover of perennial legumes or perennial grasses or mixture of legumes and perennial grasses on fields so incapable of drainage that it should be in permanent vegetative cover, or of such low inherent productive capacity that it should be in permanent vegetative cover.

Initial treatment of cropland with lime to permit the use of legumes and grasses for soil improvement and protection.

Planting trees on farm woodlots or erosion control, watershed protection, or forestry purposes.

Interplanting or replanting trees on burned or cut-over farm woodlots or on brushland prepared for planting for erosion control, watershed protection or forestry purposes.

Initial improvement of an established permanent grass or grass-legume cover for soil or watershed protection.

Constructing permanent cross fences to obtain better distribution and control of livestock grazing and to promote proper management for protection of the established forage resource.

Initial improvement of a stand of forest trees for erosion control, watershed protection or forestry purposes.

Initial establishment of permanent vegetation to stabilize gullies and protect dams, dikes, diversion ditches, drainage ditches, and field borders.

Construction diversion terraces, ditches, or dikes to intercept runoff and divert excess water to protected outlets.

Constructing and enlarging permanent open ditch drainage systems to dispose of excess water.

Installing underground drainage systems to dispose of excess water.

Constructing, enlarging, or lining dams, pits, or ponds for irrigation water.

Initial establishment in the cropping system of winter annual legumes, or annual ryegrass for winter protection from erosion.

The 1954 Program is open to all farmers and any farmer of Princess Anne County who would like (Continued on Page Six)

## The MIXING BOWL

### IT'S FUN TO COOK

By LUCILE CLARK

Food Editor

See LET'S COOK with Lucile Clark  
Monday through Friday, 1 P. M.  
WTAR-TV

From Thanksgiving to New Year's, shrimp cocktail—for a sophisticated first course is a real favorite. In fact I know of no cocktail more popular all year round than shrimp. Seafood cocktails are popular too and so good. Here are a few tips how to make the cocktails attractive and delicious from the Shrimp Association of the Americas. Shrimp must not be over-cooked. No matter whether you shell and clean the shrimp before or after you cook it. Just cook it 5-8 minutes in boiling salted water or court bouillon.

To make court bouillon add a bay leaf, a stalk of celery, an onion slice, vinegar or lemon juice, salt and pepper corns to the boiling water. Remove the sand vein by cutting the shrimp down the back with a sharp knife and either lifting it out or washing away.

The vein is harmless, but some people object to its appearance. In fact I do. Regardless of whether you clean the shrimp before or after cooking, don't leave the shrimp in the cooking water or it may become soggy. Drain the shrimp thoroughly. Cover and store in the refrigerator so they will be well chilled when you make the cocktails. Shrimp may be served in a large sherbert glass, each topped with a slice of orange and lettuce on small plate with small container of sauce.

Here are two suggested sauces the old standby made from tomato catsup, horseradish and a creamier version with mayonnaise that is as pretty as its name—Cord Sauce.

**Cocktail Sauce**  
Mix together 2 tbs. horseradish, 1 cup catsup, 3 tbs. chili sauce, 2 tablespoons lemon juice

**Cord Sauce**  
Mix together 1 cup mayonnaise, 1/2 cup chili sauce, 2 tablespoons vinegar, dash salt, 1/4 teaspoon sugar, and 2 tablespoons sour cream (if desired).

For a delicious sandwich, made with some of that left over Thanksgiving turkey, how does cranberry nut bread sound?

2 cups-sifted all purpose flour  
1 teaspoon soda  
1 teaspoon salt  
3/4 cup sugar  
1 egg  
1 1/3 cup orange juice  
3 tablespoons white vinegar plus water to make 2 1/2 cup  
1 teaspoon grated orange rind  
1/4 cup melted shortening  
1 cup ground cranberries  
1 cup chopped nuts

Sift together flour, soda, salt and sugar in mixing bowl. Beat egg, add liquids, orange rind and melted shortening. Now add at once to the flour mixture. Stir until dampened. Add nuts and cranberries. Stir just enough to blend well. Turn into greased 8 3/4 x 4 1/2 x 2 1/2 inch loaf pan. Bake at 350 degrees, 60-70 minutes or until done. Remove from pan and cool several hours or overnight before serving. Doesn't that sound luscious? Bye now!

A Danish post-office clerk, Einar Holboell, first thought of using a special Christmas stamp to raise money to fight disease. Funds from the first Christmas Seal Sale in Denmark were used to help children suffering from tuberculosis.

## MERRY MATRONS

By ALISBEE

For the day you decide to go out and buy "THE" dress that will be your champion and your best friend all winter, here are some strategic points as essential for bringing you and the perfect dress of the winter season ahead together.

They are:—

- 1.—Don't assume that you "look terrible in a sheath." The new princess slim dresses with a back flip to the skirt are becoming to most figures, even the larger sizes. The silhouette is here to stay for some time, and is worth a trial.
- 2.—Do make sure that the dress you like "likes you" in three all-important places: the neckline, the back of the armholes, and the hips. Not just one, but all three of these points make the perfect whole.
- 3.—Don't spend money for alterations that could be invented in a better dress that fits better in the first place. Too many women set a top figure to spend, then pour many precious dollars into changes that might already be present in another dress.
- 4.—Do remember the high-bosomed look. It is the keynote of the new fashion.
- 5.—Investigate the new deep and brilliant colors, also the new browns. But a wonderful black dress is apt to be your final choice.

At last Sunday's Norfolk General Hospital's tea at the nurses' home, Mrs. Frank Newton, chairman of the event for the Woman's Auxiliary of the hospital, was the merriest matron of them all, and graciously hosting the guests who had come to meet the young candidates for the February nursing school. She actually had a "bee in her bonnet," too! A big fat velvet bee setting right smack on the brim of her pillbox-roller, perky over one eye.

Mrs. Ashley Haycox, in her super new Hollywood-type home, with her dainty little cocktail apron tied round her tiny waist, has the rare gift of making her guests feel completely at home. Margaret makes each guest feel she is only thinking of each one alone, which is true hospitality if ever your Alisbee saw it! A terrific home-maker, a cook of the most delicious good things to eat, a young and interested mother, a wonder-

## STRAIGHT From the SHOULDER

### ... Fashion, That Is!

By ALICE BREWER WHITE  
Fashion Woman's Editor

Tune in to Radio Station WAVY—1250 on your dial for late-st fashion news, interesting items about people, places, stuff and things by Alice Brewer White each day. Monday through Saturday, 9:00-9:30 a.m. NBC—1st—Idewater.

**VENETIAN GLASS THEME**—The fairy-like lightness and the bright buoyant curves of Harvey Berin's latest dress fashions collected make you think of Venetian glass. It also reflects the Venetian glass theme in such names as "figure" skirt (blown out to airy fullness and encased with raised pattern of glitter and glistening lower garlands), "crystal" colors (crystal grey, ruby glass, crystal pink), "glazed" wools and "cut-glass" pleating and tucked textures.

**EXQUISITE IS THE NAME FOR IT!**—The fame of the well-known Harvey Berin house for devising exquisitely cut, exquisitely decorated clothes that are frankly fur-

lowish when you're being either gay or gaudy seems to reach a few high in this collection. The new, slim, high-bosomed Empire waisted silhouette, back interest, softly widened-out tops, the high-polished fabrics and the translucent colors of forthrightness are all here, but the great unique thrill lies in the never before and maybe never again handwork with which even the simplest dress is touched. A rounded slender day dress of pale oatmeal Lousie tweed for instance, has the little-look-alike touch of narrow twin bands of ivory velvet and white "winter pleque" edging its collar and cuffs. A cut glass pleated pale blue silk faille dress has graduated scallop inserts of matching thread lace forming an intricate trellis over the skirt. Then there's the damure wool day dress which has narrow hand-crocheted fringe edging its hem flounce.

**TRIM WALKING DRESSES**—The perennial starting point of a Berin collection, and one with as devoted a public as the evening dresses enjoy, is each season's edition of the crisp and trim walking dress in grey wool of collector's item distinction. This year's is called the "walking stick" and is narrow, flexible and jaunty as its name. Made in a full dancing companion and a merry matron who really has a gift for fashion smartness, Margaret Haycox just about rings the bell for our nomination of the truest merry matron of them all!

## County Cows Complete Tests

Two registered Guernsey cows, owned by Bayville Farm, Inc., Norfolk, Va., have completed official Advanced Registry records that were supervised by the Virginia Polytechnic Institute and reported to The American Guernsey Cattle Club for approval and publication.

On three times daily milking for 365 days, Bayville Nobles Lassie, a junior three, produced

12,338 pounds of milk and 638 pounds of butterfat. She is the daughter of the outstanding Guernsey sire Noble's Ben, that has 18 daughters in the Performance Register.

## Miss Simpson Addresses Club At Ocean Park

Miss Rosaline Simpson, superintendent of the Princess Anne County Welfare Department was guest speaker at the Ocean Park Woman's Club Wednesday. Her subject was "Welfare".

The club is making plans to assist a German youth society by collecting needles, thread, scissors and other sewing material for them.

Members of the Club volunteered to serve on the bloodmobile at Rockwell Hall, United States Naval Amphibious Base, November 19th.

It was voted to have a Christmas party for the children of Ocean Park on December 18th.

Mrs. Claude Nock, Mrs. E. F. Caldwell, Mrs. R. P. Alexander,

## FRED HUETTE ADDRESSES CHESAPEAKE BEACH CLUB

The Woman's Club of Chesapeake Beach held their regular monthly meeting today at Charles Restaurant on the Shore Drive. The President Mrs. T. J. Austin, presided.

Mr. Fred Huette, Superintendent of the Parks for the City of Norfolk was the speaker. He was introduced by Mrs. J. B. Fay, Sr.

Mrs. P. W. Jones and Mrs. M. A. Ellinger were appointed to head groups for various money raising projects. The club has already cleared \$111.49 from rummage sales.

A letter was received from the Woman's Club, Taipei, Taiwan, thanking the Ocean Park Club for a scrapbook on American homes.

Mrs. J. S. Neidlinger is president of the club.

## Teachers Are Honored at Tea

The teachers of Bayside, Kempsville and Oceana Schools were honored at a tea Wednesday, November 18th by the Ocean Park Woman's Club.

The Club Room was beautifully decorated with candles, flowers and autumn foliage. The club's garden group arranged the decorations.

Soft music was played by Mrs. L. Dow Ledbetter.

Hostesses were Mrs. D. W. Jones, Mrs. Ray Alexander, Mrs. F. W. Jones and Mrs. D. B. Hill.

Mrs. W. J. Winn and Mrs. E. F. Cardwell presided over the tea table.

Mrs. J. S. Neidlinger is president of the Ocean Park Club.

### Deputy Regent Visits Women of Moose Tonight

The Women of the Moose Chapter No. 1331 will hold its regular weekly meeting tonight at the Moose Hall, 17th St. extended, Va. Beach. The chapter will be honored by having an official visit by the Deputy Grand Regent Lula Wolf of Norfolk, Va.

All members are urged to attend and bring a gift for a needy family.

A "handicraft bazaar" sponsored by Mrs. Olive Downing, Hospital committee chairman and committee. Mrs. C. Spence to be held November 22, 1953—1:30 to 6:00 P. M. at the "Sandbox" 2nd St. and Atlantic Avenue, Va. Beach. Entertainment and refreshments and the public is cordially invited. All proceeds will be used for the aged at Moosehaven, Florida.

## Branch Collection Put on Display in Museum

The Branch collection was formally opened at the Virginia Museum of Fine Arts at a member's preview last Friday evening at 8 o'clock.

The collection, comprising 97 gifts from members of the Branch family, will be on display for the remainder of the 1953-54 season, according to Museum Director Leslie Cheek, Jr. Later they will be used as furnishings for the enlarged museum.

The art objects, assembled by the late Mr. and Mrs. John Kerr Branch during their world travels, formerly furnished the Branch mansion in Richmond, and their villa near Florence, Italy. Included are a collection of bronzes, given by John Branch in memory of her husband in 1937, and her bequest to the museum this year of a marble classic statue of Venus, a French blue enameled snuff box and a collection of liturgical vessels and pole arms. As a memorial to Mr. and Mrs. Branch, their daughter, Mrs. E. A. Rennolds, presented to the museum in April the major portion of the Renaissance sculpture, paintings and furnishings of their home.

The museum is located at Boulevard and Grove Streets, Richmond.

## BEACH HIGH SCHOOL JOURNALISM CLASS SPONSORS NEWSPAPER

## WEDDINGS: MRS. J. D. AND MARCUS LANE OLIVER

The marriage of Mrs. J. D. and Marcus Lane Oliver, daughter of Mrs. Geo. McCulloch, of Norfolk, Va., and the late Mr. McCulloch, to Marcus Lane Oliver, of Norfolk, Va., was celebrated at 11 o'clock at the home of Mrs. J. D. Oliver, of Norfolk, Va., by the Rev. W. W. Oliver, of Norfolk, Va. The bride, given in marriage by her brother, George McCulloch, Jr., wore a wedding gown of champagne-colored tulle and carried a bouquet of white roses and white orchids.

## ANNUAL COUNTRY CLUB DINNER FRIDAY EVENING

Princess Anne Country Club will hold its annual autumn dinner dance tomorrow evening. Cock-tail hour will be at 6 o'clock and dinner at 8 o'clock. Dancing will be from nine o'clock until midnight.

Music will be furnished by Don Val and his orchestra.

Mr. and Mrs. Paul W. Ackles and their daughter, Miss Ellen Ackles, will spend this weekend in Charlottesville visiting their daughter and son-in-law, Mr. and Mrs. Blair Webb. They will attend the Virginia - North Carolina football game on Saturday.

Mr. and Mrs. Walter Beamon spent last weekend in Richmond with their son and daughter-in-law, Mr. and Mrs. Walter Beamon, Jr.

After the ceremony a wedding breakfast was given at the home of the bride's mother for members of the wedding party, family and all of town guests. Later, Mr. and Mrs. Oliver left for a Eastern and Southern wedding trip and

## Here's a Different Way With a Lunch Box

When you have a lunch box to take to work, keep it interesting. Next morning, there's the muffin, the apple pie and the pastry strips, all ready to be wrapped in tinfoil. Add a whole tomato, a piece of cheese, a buttered roll and a small plastic container of cold slaw made from the raw cabbage you saved.

When you need to complete a real repeat in an ample vacuum bottle filled with fresh hot coffee. It's necessary to provide plenty, since almost everybody is allowed a coffee-break these days. There should be enough coffee for lunch and the mid-morning coffee-break as well. And by the way, that's what the pastry strips are for — a little something to nibble at coffee-break time.

Corried Beef Hash "Mummy" 1 tablespoon lard or oil 1 cup ground corned beef 1 cup soft bread crumbs 1 onion

Combine all ingredients; pack into greased casserole cup. Bake in moderate oven, 350° F. 35 minutes, or until firm. Chill. Makes 1 serving.

Mrs. Landon Hilliard and her daughter, Mrs. John Donahoe, have returned to their homes after visiting Mrs. Hilliard's other daughter, Mrs. Victor Whidden, and Lt. Cmdr. Whidden, in Levittown, Long Island, N. Y.

Mr. and Mrs. Grover C. Baker have returned to their home after visiting Mr. Baker's brother and sister-in-law, Mr. and Mrs. Frank Baker, in Lexington, Ky.

## MRS. TAYLOR ENTERTAINS AT LUNCHEON

Mrs. Alfred T. Taylor entertained on Tuesday, November 10, at a luncheon on board their yacht, the "Sea Level." Mrs. Taylor's guests included Mrs. Douglas Stewart, Mrs. William Kellam, Mrs. Marguerite Roberts, Miss Chesley Hardbarger, Mrs. J. D. W. Cassada, Mrs. James Kitchin, Mrs. Hugh Kitchin, Mrs. Thomas Rose, Mrs. E. W. Smith, Mrs. Murray Malbon, Mrs. Alfred Ehrhardt, Mrs. Ruben Trant, Mrs. Andrew Moore, Mrs. Edward Reim, Mrs. L. O. Clark, Jr., Mrs. Julian Pearson, Mrs. Gordon Atwill, Mrs. Albin Mathies, Mrs. Correll Berry, Mrs. Lee Smith, Mrs. W. W. Connell, Jr., Mrs. Marvin Marshall and Mrs. R. J. Cherry.

Mr. and Mrs. Joseph Seth, of Baltimore, will arrive Sunday to spend several days with Mr. and Mrs. Robert B. Taylor in Linkhorn Park.

Mrs. Ben Temple, of Richmond, spent last weekend with Mrs. B. K. Lindeman at her home on Holly Road.

## MRS. ROBERT CHERRY ENTERTAINS AT BRIDGE

Mrs. Robert J. Cherry and Mrs. Marvin H. Marshall entertained on Wednesday, November 11, at a bridge luncheon. The hour was 12:30 o'clock and the party was given at the home of Mrs. Cherry on 52nd Street.

Guests numbered thirty.

Captain and Mrs. Edward Raquet are spending a week in New York City.

Mr. and Mrs. M. Ward Cole and Mrs. Willard Ashburn, Jr., spent last Saturday at Chapel Hill and attended the Carolina - Notre Dame football game.

Mrs. Mabel Wilcox, who has Cincinnati, is now in Hot Springs, been visiting her nephew, Jack D. Ark., where she will spend some Smith and family at their home in time.

# 4-H CLUB NEWS

## Best 4-H Club Meeting of the Month

The meetings that the 4-H Club members had this month were the last that they will have for the year except for the Annual Achievement Night Program. I think that all clubs were trying to exceed themselves at this meeting and I am sure it will be even more difficult in determining the winning club for the year. I think the success of the best club meeting was due to the fact that they had a call meeting previous to the regular club meeting where they took care of all business that would be involved in

the regular meeting for the month. At the regular meeting, which we attended, a report was given concerning the business and that was approved by the club. This is the best way to make the business session shorter in your regular club meetings, which gives more time for project instruction and for the over all 4-H club program. The beginning of the meeting was the project instruction given to the boys and girls project groups. Among the boys they received suggestions for putting on exhibit their different projects and parts of projects. This was given for each of the projects from livestock to crops through other projects such as Rural Electrification, Home Beautification, etc. After the project discussion the members adjourned into a general assembly group where they had their previous stated business, reports from various committees

and then their program. The program consisted of a poem, a presentation and a play on Citizenship. This play was connected with the Thanksgiving Day Holiday in thanking God for all of the rich blessings that the pilgrims had received for the year. This concluded the best 4-H Club meeting of the month.

As was mentioned in the previous paragraphs each club had very good meetings and it was difficult to decide the winning club. However, I would like to point out some of the outstanding parts of other meetings that were held during the month of November. One club had solos by a boy and girl, and I would like to suggest to all clubs that they use in their programs any talent that they may have along that line in preparation for a County-wide Share The Fun or Talent Show that would be sponsored in the Spring by the All-Stars of Princess Anne County. If you use these boys and girls now you will have some idea as to who can perform during the Talent Show and also give them some experience in performing before a crowd.

One of the things that I like best this month among several of the clubs was the member participation in the meetings. More members had something to say at the November Meetings than any of the others since September. Some ways I think that the club meetings could be improved is to cut down on the length of time used for business meetings. I know this is very difficult in some of our large clubs but committee work and a report of the business carried on at the meeting would cut down tremendously on the amount of time used for such business. Another thing which could be used in advantage for planning a program for the meeting would be to assign a special committee on that and let them be responsible for the meeting each month, then the committee could assign and appoint different members to be in charge of having the program. In this way you will lessen the chance of not having a program in the 4-H Club meeting. Let me say again that all meetings were much better than in previous months and I think that the planning for Achievement

Night took up a great deal of time which was absolutely necessary but prevented a program from being given. In connection with Achievement Night, just a reminder that November 23rd is the night for our Achievement Program which will be held at Bayside Elementary School at 7:30. All clubs must have their exhibits up at 5 and ready to be judged at that time. All members are encouraged to come and all new members are invited to attend. We also want to extend an open invitation to all parents and interested persons to come to Bayside for the Annual Achievement Night Program.

## 4-Hers of the Week

This is the first of a series of articles that will appear in your 4-H club news each week proclaiming the outstanding 4-H club member of the week. The members involved are all 4-H club members in the County so read your 4-H club news each week because you may find that you have been named as a 4-H club member for that week. Bob Ed Charles has been in 4-H

club work for three years. At the present time he is secretary of the 4-H County Council in Princess Anne County and Vice-President, acting in the capacity of President, in the Kemptsville Senior 4-H club. Bob has carried and completed in the last year Home Beautification, Gardening and Cooking. He is also carrying the same three projects this year as a part of his 4-H club work. 1952 Bob won first prize in the County receiving \$15.00 worth of nursery products from Winn Nursery and also a medal for the outstanding work in Home Beautification. He entered the cooking contest for Christmas Cookies to be sent to hospitals in the surrounding area and won third prize in that category. In connection with his cooking project he has given a food demonstration on television. He participated in the County Citizenship Program and helped his club in collecting food, clothing and gift boxes for hospitals and needy people at Christmas time. Bob won an award from the Kemptsville High School Senior 4-H Club as one of the most outstanding club members of the year for 1952. He has attended all Social Activities of the club such as dances, swimming parties, theater parties, dinners, beach parties and etc. Bob has also served on the committee for planning Achievements, Skits and exhibits, setting up goals for the club for the year and setting up social activities for the club. Bob appeared on the first 4-H Club Radio Program last week. He was one of the three 4-Hers to appear on this program explaining the over all 4-H Club Program in the County. Other activities that Bob had participated in are as follows: Debating Team, Football Team, Hi-Y, Treasurer of Literary Club, Treasurer of Monogram Club, Tennis Team, Track, and Beta Club.

INTERSTATE ALL STARS MEET SCHEDULE To Come to VPI

The 1953 Interstate 4-H All Star Conference was held in Boston, Mass., in August, with 150 delegates attending from Maryland, Massachusetts, Mississippi, Rhode Island, Tennessee, West Virginia and Virginia. Twenty-five delegates attended from Virginia. This was the second largest attendance at the conference. Attendance from Princess Anne County was Marie Blackmore, All Star in 1946, and Shirley Hume-

## Legion Auxiliary Plans For Party At Kecoughtan

The regular meeting of the American Legion Auxiliary Princess Anne Post 113 was held November 9, 1953 at the club house on Eakin Road. This is membership month, membership dues are due and payable for the coming year. If you have not paid your dues please do so at our next meeting or contact our membership chairman Mrs. Joseph D. Compitello at Virginia Beach 583-W. We have at present 21 renewals and 15 new members, so let's get the renewals in. Those of you who are eligible for membership in the Auxiliary please come out on Monday December 14 at 8 P. M. and join us or call Mrs. Compitello at 583-W for further information. We will be happy to have you join us. We meet the second Monday night in each month, so please plan on joining us in December.

Plans were made for a party at Kecoughtan Veterans Hospital to entertain hospitalized veterans on Tuesday November 24th. We urge all members to attend. Those who do not have transportation please call our President, Mrs. R. J. Pitt, at 892-M or Mrs. Miner at 1939. The Auxiliary entered a float in the parade Friday, November 13 at the dedication of the Virginia Beach High School stadium. Refreshments were served by Mrs. W. C. Davis and Mrs. C. H. Ducey.

## BIRTH ANNOUNCEMENTS

Mr. and Mrs. John E. Moore announce the birth of a daughter, Mary Catherine Moore, on Wednesday, November 4, at DePaul Hospital.

Mrs. Moore is the former Miss Catherine Vitos, of Washington. Mr. Moore is the son of Mr. and Mrs. Elbert Moore, of London Bridge.

Mr. and Mrs. John Bernou Baines, of Virginia Beach, announce the birth of their first child, John Bernou Baines, Jr., on Wednesday, October 28, at DePaul Hospital.

Mrs. A. L. Cavanaugh, of Warsaw, N. C. is visiting her son-in-law and daughter, Mr. and Mrs. James Kitchin, on 53rd Street, and Atlantic Avenue.

## ACP Time Again

(Continued from Page One)  
to use the ACP to help him conserve the soil on his farm and improve the productivity of his

land should contact his local FMA Committeeman or call at the County FMA Office located at Princess Anne.  
Farmers who cooperate in the 1954 ACP will be helping to build up the Nation's soil reserve, says

Mr. Lane. Not only will they be protecting the Nation's soil and water resources against erosion and waste, but they will be building into the soil a resistance to erosion as well as increasing the productivity of the land.

## Additional Society

### LYNNHAVEN PRESBYTERIAN CHURCH SETTING FOR WASHBURN - SUTHER VOWS LAST SATURDAY

The marriage of Miss Sara Rand Suther, daughter of Mr. and Mrs. Thomas Wilson Suther, of Charlotte, N. C. to Francis Seaton Washburn, son of Dock Williams Washburn of Virginia Beach and the late Mrs. Washburn took place last Saturday afternoon at the Lynnhaven Presbyterian Church with the Rev. Raymond Cole Pitt performing the ceremony. The church was decorated with palms, ferns, white flowers and lighted candles. Mrs. Charles A. Repp accompanied Mrs. Nelson Revercomb of Arlington who sang several selections.

With the Nation's farm plant now geared to produce ample supplies of most major foods there is no need for material increase in the acreage of the important grains and cultivated field crops. But there is an opportunity to use the ACP to strengthen our soil reserves by increasing the acreage of cover and green manure crops, pastures and hayland, and to increase the stores of nitrogen, phosphate, calcium and potash and other elements, where needed for plant growth. The county office is open every day except Saturday and Sunday to help farmers with their agricultural conservation program plans for the coming year.

### AGRICULTURAL NOTES

(Continued from Page 1)

this office. Make your plans now to do your soil sampling early before the rush begins.

### FORECAST LOOKS GOOD

What's ahead for our county in 1954? The outlook for the coming year looks fairly good, but there are still some big problems to be tackled. Gross farm income may decline still more next year, but through proper management net income is expected to remain near the 1953 level.

This is the outlook as seen by Dr. Harry Love, head of the Agricultural Economics Department at VPI. He says our farmers will find many ways to improve the level of their net income by reducing production expenses. But, he warns us against trying to do this by reducing the amount of fertilizer and lime needed on our cash crops.

Most ominous cloud on the economic horizon for our farmers, according to Dr. Love, is the problem of controlling production and finding profitable uses for the resulting idle land. Acreage allotments have already been voted for wheat, cotton, tobacco and peanuts; and the indications are that corn will be added to this list. The land to be diverted from the production of these crops due to the allotment program may total as high as 35,000,000 acres taking the United States as a whole.

Our serious problem here in Princess Anne County may arise when you divert your unused corn acreage into the production of soybeans. Unless something happens to increase greatly the demand for soybeans, it will not take much of an acreage increase to get this, our second most important county crop, into overproduction troubles, too.

Unless some other solution is found, it probably will be necessary to extend the web of control next year, and continue to expand them in the future as our farmers try to find uses for other diverted land. According to Dr. Love, the future of our farming business is one of adjustment. The extent to which all groups and individuals accept this challenge and act wisely is all important in determining the outlook, this expert declares.

### MEYER-CARTER VOWS SPOKEN LAST FRIDAY

The marriage of Miss Sonia Carter, daughter of Mr. and Mrs. John Alexander Carter, of Richmond, to Henry Emerson Meyer of Virginia Beach and the late Mr. Meyer took place Friday afternoon, October 30th at 2 o'clock at the Christ Episcopal Church, Elizabeth City, N. C. The ceremony was performed by the pastor of the church, the Rev. George F. Hill.

A reception for the bride party was held at the Virginia Dare Hotel. Mr. and Mrs. Meyer will make their home in Palm Beach, Florida.

### MISS VIRGINIA BRINKLEY CHOOSES DECEMBER 12 AS WEDDING DAY

Miss Virginia Conway Brinkley, daughter of Mr. and Mrs. Russell Clarke Holton, has chosen Saturday, December 12 for her wedding day. Her marriage to Gordon Elliott Campbell will take place at 4 o'clock in the afternoon at Epworth Methodist Church.

Miss Brinkley has selected for her attendants her sister, Mrs. Marion Gunter Kanour, and Mrs. Pern Cowling Hartman, Jr., Miss Brinkley has been associated with the United States District Court for the Eastern District of Virginia in the capacity of Deputy United States Marshall since 1942. Miss Brinkley was honor guest at a luncheon given last Saturday at Ames and Browley by the personnel of the United States Court.

### ADDINGTON-PASSANO INVITATIONS OUT

Mr. and Mrs. Joseph Clark Addington of "Cedar Cove Farm", London Bridge, have issued invitations for the marriage of their daughter, Miss Helen Virginia Addington, to Second Lt. William

Moore Passano, Jr., USMC, on Friday afternoon, November 27, at 4:30 o'clock in St. Paul's Episcopal Church.  
A small reception will follow the ceremony at the Woman's club. Mrs. J. C. Overby and her sister, Mrs. Elbert H. Overby entertained at a miscellaneous shower last Wednesday in honor of Miss Addington. The party was given at the home of Mrs. J. C. Overby on Cloncurry Road.

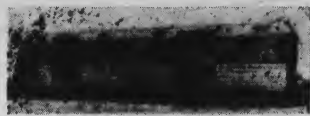

Dr. and Mrs. Millard B. Savage will entertain at a cocktail party next Saturday in the honor of Miss Addington and her fiancé. The party will be given at their home on Bolling Avenue and the guests will number 50.

### PARTY MARKS SON'S SEVENTH BIRTHDAY

Mrs. Robert J. Cherry entertained on Friday in honor of her seventh birthday of her daughter, Mary Patricia Cherry. The party was from four until five-thirty, at the Cherry home on 52nd Street.  
The young guests numbered 18.

Among those from the Beach who attended the North Carolina Notre Dame football game in Chapel Hill last Saturday were Frank P. Whitehurst, Jr., Robert Addenbrook, Al Steel, A. B. Midgett, Albert Grimes, Carl Rau and W. W. Brown.

## Taylor Brothers Give 34 Bed Hospital to Sealevel

Alfred T. Taylor, well known Virginia Beach and Norfolk businessman, who resides in Birdneck Point, along with three brothers turned over to the little community of Sealevel, North Carolina, their birthplace, a complete general hospital building last Sunday.

Dedication of the 34 bed hospital was attended by dignitaries from several neighboring states as well as foreign countries. The event marked the realization of a 30 year dream for the four Taylor brothers.

The Taylor brothers, Daniel E. Taylor, William R. Taylor, Leslie Taylor and Alfred T. Taylor conceived the idea of providing their home town with a hospital some 30 years ago. An estimated 5,000 persons—the number of persons the hospital will serve—were on hand Sunday for the dedication.

All the brothers are well known in Norfolk and Tidewater Virginia where they got their business started. Alfred Taylor is active in civic affairs of Virginia Beach and Princess Anne County. He served as general chairman of the 1952 Community Chest Drive.

In addition to his civic endeavors and business interests, Alfred Taylor is a successful farmer and a prominent breeder of race horses. His stable has had many successful horses on various American tracks.

While Alfred Taylor lives at Virginia Beach and is active here, his oldest brother, Daniel Taylor, occupies the same position in West Palm Beach, Florida. The four brothers own and operate the Sealevel Hotel in the Florida Resort city.

Alfred Taylor resides in a beautiful waterfront home in Birdneck Point with his wife, the former Miss Doris Malbon, and their two small daughters. Prior to residence in Birdneck Point they resided on the Taylor Farm on the Courthouse Road in Princess Anne County.

The Taylor Brothers, it was learned, took out a charter for the hospital in 1923 forming the Taylor Foundation, a non-profit organization. It was funds from the foundation that paid for the hospital.

Principal speaker at the dedication ceremonies Sunday was Governor William B. Umstead, of North Carolina, who called the gesture of the Taylor brothers "One of the greatest acts I have ever known. It should be an incentive to all of us to do that which is good."

The charitable act, he said, "has all the elements of the goodness of the people and of the land."

## Scouts Active in Xmas Seal Sale

Boy Scouts from troops all over Norfolk and Princess Anne Counties swarmed into the headquarters of the Norfolk-Princess Anne Tuberculosis Association last week and went out loaded with Christmas Seal posters which they put up in stores, factories, and schools. The posters will be displayed during the Christmas Seal Sale, which opens November 16th, to raise funds for the tuberculosis control programs of the association.

This is only one of the many public services which Scouts perform in this community, said Mrs. W. R. Ashburn, co-Chairman of the Christmas Seal Sale, in thanking the boys. The Boy Scouts help throughout the year in the X-ray program of the Association she added.

## LEGION MINSTREL DECEMBER 4

The American Legion Post 113 will sponsor a Minstrel Friday, December 4, at 8 p. m. at the Virginia Beach High School, according to an announcement by Frank Malbon, publicity chairman.

The Minstrel is being directed by Dorothy Oliver, of The Oliver School of Dance. Admission is \$1.00 per person, the public is cordially invited.

## Junior Women Welcome New Members

The Junior Women's Club of Princess Anne County held an orientation meeting for its new members November 12th in the Home Economics Room at the Virginia Beach High School.

The new members that were received into the club are as follows: Mrs. E. B. Brown, Mrs. John Goode, Mrs. A. J. Danna, Mrs. Emmet Fogle, Mrs. S. B. Gere, Mrs. Randall Gould, Mrs. Charles Hodges, Miss Janie Lyon, Mrs. Everett Martin, Mrs. Howard Nedlona, Mrs. Avon Osborn, Mrs. Clay Perry, Jr., Mrs. Patricia R. Rye, Mrs. Joseph Salder, Mrs. Edward Thompson, Miss Evelyn Whitehurst, Mrs. W. A. Whitehurst, Mrs. Harvey Williams and Mrs. Mary Lou Woodward.

## 3 Year Old Child Killed by Car

Stephen William Taylor, three-year-old son of William F. and Barbara Johnson Taylor, of 107 Fighter Drive, Oceana, died Saturday in the Naval Hospital Portsmouth, from injuries he received last Friday in an accident near his home in Princess Anne County.

The accident is reported to have occurred Friday at approximately 11:30 a. m. and the child died yesterday at 4:08 p. m.

Walter P. Conrad, of 1941 Windsor Point, Norfolk, has been charged with manslaughter and will be given a preliminary hearing Friday in the Princess Anne County Trial Justice Court.

According to State Trooper W. F. Phillips, who investigated the accident, the child was said to have been playing in front of the vehicle while Conrad was not around. Witnesses said Conrad returning to the car, ran over the boy when he started the vehicle. Conrad is said to have been unaware the child was in front of the car.

The child, a native of Kitty, Mo., had lived in this section 11 months.

The father is a chief hospital corpsman stationed aboard a United States Navy vessel.

Besides his parents, the boy is survived by a brother, Thomas Frank Taylor, of Oceana.

The body was taken to the Richardson and Foster Funeral Home, Portsmouth.

## Cooke PTA Will Discuss Question Of 'Sparing Rod'

Whether parents believe in the old-fashion rule of "Spare the rod and spoil the child," or whether their approach to discipline is through the psychology book, the Parent Education Committee of the W. T. Cooke School PTA urges them all to attend the meeting scheduled for Monday, November 30th. The time is set for 8 o'clock p. m. and the place is the Willoughby T. Cooke School Auditorium.

The idea behind this meeting is to let the parents speak out on the subject of discipline. A panel of six members: Mrs. Geo. A. Burwell; Mrs. John C. Long; Mr. John W. Musick; Comdr. L. Fruin, MD, USN; Chas. N. Fuller; and Lt. John P. O'Toole, Jr., USNR, moderator, will start the ball rolling with a number of thought provoking questions. For instance:

What is discipline, anyway? Is it necessary? What about spanking? How and why have methods of discipline changed? How do you, as a parent, rate as far as discipline is concerned?

The committee is expecting a big turnout of parents interested not only in discipline, but the timeliness of its discussion with the (Continued on Page Two)

## Verses for Thanksgiving

For cool, clean sheets upon a bed,  
For sheltering trees above my head,  
For happy laughter, children's play—  
Humble prayers I give each day,  
And thank Thee, Heavenly Father.

For simple food at even tide,  
A kind companion by my side,  
For hours when I am free from pain,  
For sun and wind and snow and rain—  
I thank Thee, Heavenly Father.

—GERTRUDE COOK PAGE

## Adequate Business Financing Is Found Available in Old Dominion

Most Virginia businesses are able to secure adequate financing, according to a study report Council on the Virginia Economy. Likewise, Virginia banks and insurance companies are able to accommodate the bulk of the financing demands placed upon them.

The 17 member committee, composed of Virginia businessmen, bankers, educators and economists, based much of its report on the results of extensive questionnaires sent out to insurance companies, banks, manufacturing firms and other corporations in Virginia, concerning business operations in 1949. That year, according to Montie P. Patterson of Richmond, co-chairman of the committee, "affords us a good basis

for consideration of present financing problems."

"The war in Korea," Patterson said, "brought about some abnormalities in business financing (Continued on Page Two)

## THANKSGIVING SERVICES

UNION THANKSGIVING SERVICES for Protestant Churches of Virginia Beach will be held at the Virginia Beach Methodist Church Thursday morning, November 26, 1953, at 10:00 o'clock.

The sermon will be delivered by the Rev. Edmund Berkeley, rector of Galilee Episcopal Church, and music will be furnished by the choir of the host church.

## Christmas Seal Booth Will Open In Post Office

The Norfolk-Princess Anne Counties Tuberculosis Association will be aided by volunteers from the Girl Scouts and Junior Woman's Club of Virginia Beach who will man Christmas Seal booth which opens November 30 in the Post Office at Virginia Beach. Mrs. E. C. Mansfield, chairman of volunteers announced today.

Quarantined for the convenience of those who have not yet received Christmas Seals in the mail or who wish to buy additional ones for packages, the booths will remain open until December 19th. Proceeds from both the booths and mail sale of Christmas Seals will finance the Norfolk-Princess Anne Counties Tuberculosis Association TB prevention and control programs.

The booth will be open from 10:00 A.M. to 5:00 P.M. Assisting Mrs. Mansfield are Mrs. P. A. VanPatten, Mrs. E. M. Hardy and Mrs. W. R. Ashburn.

## Peanut Hay Said In Good Supply

Are you going to need any good quality hay later this winter? Some of our farmers here in the county are taking advantage of the opportunity of buying quality Peanut Hay from nearby peanut counties. Due to the dry weather which prevailed during most of the growing season in the peanut counties, this hay is of excellent quality. This year I was in one dairy barn recently where the cows left the alkali untouched in favor of the Peanut Hay available in their racks outside the barn. This hay that has not been rained on compares very well with alfalfa or other quality hays in feed value.

If you are going to need hay later on this winter, you might make arrangements to fill your hay loft now. Some dairy farmers have saved as much as \$40.00 a ton by buying this hay, and remember the feed value of this peanut hay compares favorably with any other type hay now on the market. If you are interested make your plans now while there is still a large supply.

## Supervisors Name Board To Study County Financing; Rumor of City is Circulated

A committee of three was named by the Princess Anne County Board of Supervisors at their Monday meeting to study means of raising money to meet the projected with rapid urbanization in many sections.

The committee named includes John V. Fennessy, court clerk, P. W. Ackiss, Commonwealth's attorney, and V. A. "Jack" Etheridge, executive secretary to the Board of Supervisors.

The board also passed a resolution to instruct the county's representatives to the State Government to file bills for permissive legislation to levy city-type taxes.

In the resolution, five types of revenue producing schemes were suggested: A county motor vehicle tax; special licenses on tobacco and amusements; business and professional licensing on a gross income basis, and a local capital tax which would be in addition to the State's capital tax.

There was a voice of speculation that the county might seek to become a city sometime in the future, but no foundation was found that this step would be taken.

Etheridge said that the League of Municipalities will ask the General Assembly for authority for all counties to tax on a similar basis as the cities, but the supervisors felt that it would be well to introduce the tax bills for Princess Anne as local legislation in the event the state-wide bill was held up or failed to pass.

Two spokesmen, business and View groups appeared before the supervisors to express directly contradictory opinions. Edwin V. Kellam, presenting the views of one group, asked that the assessments be lowered and be made equitable.

Mrs. Everett Wilson, spokesman for the East Ocean View Civic League, praised the supervisors for their tax plans and said, "We do not object to the increased taxes. We realize you have to have taxes."

Another group also from East Ocean View presented petitions purporting to bear 1,700 signatures protesting the erection of "No Parking" signs on Route 66 from Norfolk corporate limits to the Lynnhaven Bridge. The board said it would ask the State Highway Department to re-study the problem.

J. H. Phillips, resident engineer, said the signs were installed on recommendation of State traffic engineers and State police. He said the stretch has one of the highest accident rates in the area.

The supervisors acted favorably on a resolution from the North Virginia Beach Improvement League that bonds not be sold for water mains for North Virginia Beach other than enough to meet expenses already incurred. The League believed that installation of a 12-inch main and a 10-inch main from 62nd Street to Fort Story would alleviate the water shortage as soon as a bottlenecks at the Virginia Beach pumping station at the Cavalier Hotel is corrected.

## Tax Study Group Reports Tonight

A final report from a special committee representing Princess Anne County taxpayers is expected to be released to the public tonight, it was learned Tuesday.

The committee, named at a recent meeting of taxpayers at the Princess Anne Courthouse last week, held a final meeting last night before the general meeting tonight.

The public meeting for tonight will be held in the Oceana High School and is scheduled to begin at 8 o'clock.

Francis Crumshaw is chairman of the committee which is studying the recent tax increases in Princess Anne County.

## TIPPING THE CHAPEAU

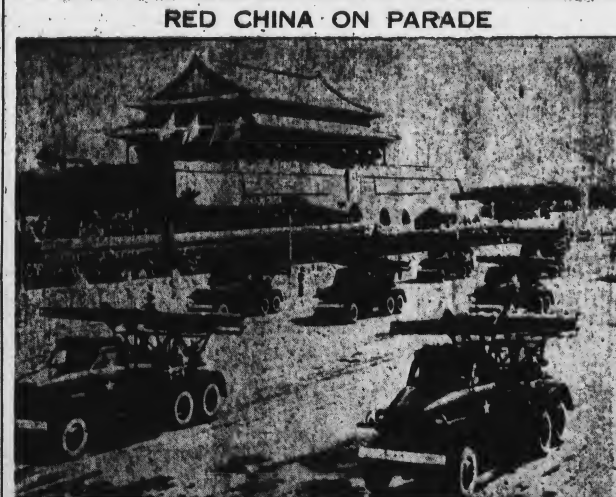

By no means should the opportunity be passed up of seeing the magnificent red pyracantha hedge surrounding the G. S. Friebus home on 39th Street, located one block from the ocean.

A selection of the Council of Garden Clubs of Virginia Beach and Princess Anne County as the "Beauty Spot" of the week. A "live" fence of beauty and charm and a rare pattern which can be copied by one seeking something different in the way of enclosure, as well as definite proof of color that will thrive so close to the ocean.

Congratulations, Mr. and Mrs. Friebus!

It is truly a spot of beauty and is well worth the time one spends in November (almost Thanksgiving) toward maintaining lovely grounds in this area.

(Note: An observer for the Council of Garden Clubs selects through this column a beauty spot each week.)

Rocket launchers, made in Russia, featured Red China's "National Day" parade in Peking. Leader Mao Tse-tung and other Communist Chinese officials attended the ceremony.

## CLUB PRESIDENTS ATTEND PANEL MEETING

All Tidewater Club Presidents were invited to attend the Woman's Club Public Relations panel that was presented by the radio and television committee of the Woman's Club in the clubhouse on 524 Fairfax Avenue, Norfolk, Monday evening, November 23rd at 8 o'clock. The theme of the panel was "Benefiting Your Club Through Better Public Relations."

Nine panel members represented the publicity avenues open to club women in the Tidewater area relative to newspapers, radio, direct mail and television.

Panel members were: Mrs. Omeda Brockett of the Norfolk Virginia-Pilot; Mrs. Marion Thomas and Lidwood Maddey of the Norfolk Ledger-Dispatch; Mrs. Lella Triplett of the Portsmouth Star; Al Malheis of the Virginia

Beach Sun-News; Joel Carson of WTAR and WTAR-TV; Bob Dreyer of WTOV-TV, and Carl J. Burkland and Howard Stanley of WAVY, who has won 29 nationwide awards for outstanding public relations.

Mrs. Alice Brewer White, fashion and Woman's director of WAVY, and chairman of the Woman's Club radio and television committee, was the moderator and she was assisted in receiving members Mrs. Robert C. Hale, Mrs. Floyd S. Sumner and Mrs. Albert V. Crosby. Also in the receiving line was: Mrs. R. R. Schweitzer, vice-president of the Virginia Federation of Women's Clubs; Mrs. D. E. Wornham of Hampton, president of the Tidewater District of the Virginia Federation; Mrs. Samuel L. Lud-

mar's Club of Norfolk.

Invitations were extended to club members and their husbands, to the members of the Junior Woman's Club and their husbands as well as to 100 presidents and publicity chairmen of women's organizations in the area.

Mrs. Alfred N. Hilton, chairman of the hostess committee for November was in charge of the reception which followed the panel discussion. Her committee members assisting her were: Mrs. E. F. Beatty, Mrs. W. W. Cox, Mrs. Paul D. Cofer, Mrs. W. B. Nelson, Mrs. James Wagner, Mrs. G. R. Crawford and Mrs. P. N. Gibbins, Jr. Mrs. Turner Powell is the publicity chairman for the event.

## Seahawks

(Continued from Page Six)

An inspired Deep Creek team took the field in the second half and forced the Seahawks to play their best defensive game of the year. Bobby Derringer, Jim Meads, Brian Zittrain and freshman reserve quarterback, Tom Barnes, teamed up to play a bruising defensive game holding the "Hornets" to only one touchdown. Although Deep Creek had five first downs against three in the second half.

The Beach made five first downs against three in the first half making it eight apiece for the game. Deep Creek's other score came near the end of the third period on a sustained drive from their own 44 to score Fred Pakowski around his left end for one yard. Richard Ault added the extra point making it 27-13. An exchange of punts that saw Bobby Derringer putting his toe in the leather, on the absence of Kermi Scarborough, now in Hawaii, but is expected back next year. Derringer did a commendable job considering his experience at such. Eddie Mott handled the kickoff chores for the Seahawks. The Seahawks' final score came midway in the last quarter when Brian Zittrain, at midfield, went crashing through the Creek line and ended up with the unfamiliar owl in his big hands, instinctively Zittrain knew to run with the ball, and run he did, all the way to the "Hornets" 20 yard line before being run down from behind. McCall on a reverse picked up the much needed 14 yards and a first down. Two plays and a five yard penalty against the hornets put the Beach on the 1 yard line. From the one George Sanderlin made the touchdown. Leudke on a sneak added the extra point making the final score of the last game and eight straight victories 34-13.

### ISAACS' BLUE JACKET

Immediately after the closing whistle Coach Isaacs was hoisted and carried bodily across the field by his green and white charges, about midfield he was

## Cooke PTA

(Continued from Page One)

present day juvenile delinquent problem. Though parents of children of all ages are invited to attend this meeting, the committee urges parents of the elementary school age children to be present as it is through them future juvenile delinquents can be prevented.

## Financing

(Continued from Page One)

which are disappearing, and we find conditions of 1949 approximating those of the period Virginia is now entering.

The committee study emphasized a detailed analysis of the reasons given by lenders in declining business loans, as compared to the statements of would-be borrowers. Certain responses, said the committee, showed that the business might have been granted the loan elsewhere if a better referral procedure had been available. Explanations such as "not in bank's trading area," or "too large a loan for us," were quoted by the committee as examples.

Of 282 established Virginia manufacturing firms which answered the questionnaires, 14 per cent stated that inability to borrow sufficient funds prevented business expansion they believed to be warranted. Statistics in the study indicated that the need for such long-term equity capital was frequently mentioned by the smaller manufacturers.

The research report is one of many produced by the various committees of the Advisory Council, which reports regularly to the Governor and the Director of the Department of Conservation and Development as to opportunities for growth of the Virginia economy.

The business financing committee is composed of Patterson and Lewis F. Powell, Jr., of Richmond, co-chairman; Dr. Glover D. Hancock of Lexington; Dr. E. A. Kincaide of Charlottesville; W. Taylor Murphy of Warsaw; Dr. John Garland Pollard, Jr., of Somers; and B. P. Chambers, James E. Galleher, Edward F. Gee, F. D. Gottwald, T. Kenneth McKee, Clifton M. Miller, Jr., Charles E. Moore, Jr., Hollister V. Schenck, James H. Scott, Eugene B. Snyder, Jr., and Clarence E. Woodroof, all of Richmond.

A few minutes later Coach Isaacs emerged from the struggling mass shaken, ruffled and coalless, but otherwise none the worse for his ordeal. As Coach Isaacs received congratulations from all quarters for a successful season, George Sanderlin broke out of the group of still clapping Seahawks clutching a choice bit of the blue jacket in his hands. George still has another year and may want to return his souvenir next year.

## Galilee Church Activities Listed

There will be no Senior Confirmation Class this week on account of the Thanksgiving Holiday. Junior Confirmation Class will be held Sunday afternoon at 4:30 P.M.

The Men's Annual Corporate Communion will take place at Galilee Episcopal Church on Sunday, November 29th, the First Sunday in Advent, at 8:00 A.M. This Advent Communion will be followed by a Fellowship Breakfast at the Paramount Restaurant for all men and boys connected with Galilee Episcopal Church.

Holy Communion will be celebrated at Galilee Episcopal Church on Monday, November 30th, St. Andrew's Day, at 10:30 A.M.

The Women's Auxiliary Annual Christmas meeting and tea will be held Tuesday, December 1st.

ness expansion they believed to be warranted. Statistics in the study indicated that the need for such long-term equity capital was frequently mentioned by the smaller manufacturers.

The research report is one of many produced by the various committees of the Advisory Council, which reports regularly to the Governor and the Director of the Department of Conservation and Development as to opportunities for growth of the Virginia economy.

# WHAT'S DOING IN VIRGINIA BEACH AND COUNTY SOCIETY LIFE

## MISS DILCE DEANNE WOODSON BECOMES BRIDE OF DALE HOPE BEASLEY IN VOWS SPOKEN NOVEMBER 15

The marriage of Miss Dilce Deanne Woodson, daughter of Mr. and Mrs. Frank Woodson, Jr., of Earlysville, to Dale Hope Beasley, son of Mr. and Mrs. Emory Hope Beasley, of Knotts Island, N. C., took place on Sunday afternoon November 15, at 3 o'clock at St. Paul's Episcopal Church, Norfolk.

The wedding music was played by the church organist.

The bride was given in marriage by her father. She wore a street-length dress of champagne tulle, trimmed in black velvet, champagne gloves and hat beaded with pearls and a corsage of white roses.

Mrs. Harry Charles Wigmore, Jr. of Great Bridge, was matron of honor. She wore a gray fallie dress, red hat, black accessories and a corsage of red roses.

Paul Brumley, of Oceana was best man for the bridegroom. Following the ceremony the bride couple left for a wedding trip

to Florida. Upon their return they will reside at Back Bay.

## DOWNES - RUMBLE INVITATIONS OUT

Mrs. Catherine Moss Downes has issued invitations to the marriage of her daughter, Miss Barbara Jean Downes, USMC, to Ronald Baxter Rumble, USMC, on Saturday, December 5, at 4 o'clock in the afternoon at the University Chapel, Charlottesville, Virginia and to the reception that will follow "The Old Ivy Inn."

## JONES - BRYANT

The marriage of Miss Julia Catherine Bryant, daughter of Mr. Robert Miller Bryant, of Charlotte, N. C. and the late Mr. Bryant, to Minor Price Jones, son of Mr. and Mrs. William Garland Jones, of Greensboro, N. C. formerly of Norfolk, took place at 3 o'clock last Saturday evening in the Providence Presbyterian Church in Charlotte. The Rev. Willy Hooge performed the ceremony. The altar was banked with fern and white cathedral candles.

The bride, given in marriage by P. A. Bryant of Staeville, wore a gown of white satin and tulle, long waisted satin bodice, edged with imported lace and flowers and a full tulle skirt over satin. Her chapel length veil of illusion fell from a coronet of seed pearls and she carried a bouquet of mixed white flowers centered with a white orchid.

Miss Mahama Bryant of Charlotte was her sister maid of honor and Mrs. A.P. Tanner of Charlotte was matron of honor. The bridesmaids were Misses Frances Armstrong of Belmont, N. C. and Otterbourg of Charlotte. All the attendants wore gowns of iridescent green taffeta, made with strapless bodices, three quarter length sleeves and full skirts. They

## LEGAL NOTICE

Commonwealth of Virginia,  
In the Clerk's Office of the  
Circuit Court of the County of  
Princess Anne, on the 24th day  
of November, 1953.

Claydon G. Walker, Plaintiff  
against  
Loretta Mae Walker, Defendant  
**ORDER OF PUBLICATION**  
The object of this suit is to  
obtain a decree of divorce and  
to be later merged into a divorce  
a vinculo matrimonii from the  
said defendant, upon the grounds  
of wilful desertion and abandon-  
ment.

And an affidavit having been  
made and filed that the defendant  
is not a resident of the State of  
Virginia, the last known post office  
address being: 1527 York  
Avenue, New York, New York.  
It is ordered that the defendant  
here within ten (10) days after  
date publication hereof, and do  
what may be necessary to protect  
her interest in this suit.

## NOTICE

By virtue of the terms of a cer-  
tain deed of trust dated the 9th  
day of January, 1950, and recorded  
in the Clerk's Office of the Cir-  
cuit Court of the County of Prince-  
cess Anne, Virginia, in Deed Book 369 at  
Page 451, default having been  
made in the payment of the debt  
therein secured, and at the re-  
quest of the creditor thereby se-  
cured, the undersigned Trustee  
will offer for sale at public auction  
upon the premises, a Pochantons  
Hotel, Atlantic Avenue, Virginia  
Beach, Virginia, between 18th and  
20th Streets, on the 12th day of  
December, 1953, at 10:00 o'clock  
a. m., to the highest bidder for  
cash, the following property, to wit:

FIRST: "All of those two cer-  
tain lots, places and parcels of  
land, with the improvements  
thereon, and the appurtenances  
thereunto belonging, together with  
all riparian rights and rights of  
way thereunto appertaining, situate  
in the Town of Virginia Beach,  
County of Princess Anne, Vir-  
ginia, known, numbered and de-  
signed as Lots Six (6) and Seven  
(7), in Square Nineteen (19), on  
the Plat of the Virginia Beach  
property, which said Plat is at-  
tached to and made a part of a  
certain deed to R. M. Hughes  
from the Norfolk and Virginia  
Beach Railroad Company, dated  
July 21st, 1887, and duly of re-  
cord in the Office of the Clerk of  
the County of Princess Anne, Vir-  
ginia, the said Lots together  
front 100 feet on Ocean  
Avenue and running back be-  
tween parallel lines 150 feet to  
Atlantic Avenue; the Square in  
which said Lots is situated being  
between 20th Street on the South,  
and between Atlantic Avenue on  
the East."

## LEGAL NOTICE

Commonwealth of Virginia;  
In the Clerk's Office of the  
Circuit Court of Princess Anne  
County, on the 24th day of Octo-  
ber, 1953.

R. E. Townsend, Plaintiff,  
vs.  
Roy R. Wood

County of Princess Anne and all  
other persons, including consors,  
devisees, if any, or heirs-at-law of  
Roy R. Wood, who are or may be  
interested in the Real Estate which  
is the subject of this suit, whose  
names are unknown and who are  
made parties defendant hereto by  
the general description of "parties  
unknown." Defendants.

## ORDER OF PUBLICATION

The object of the above styled  
suit is to remove the cloud upon  
the title to certain real estate  
situated in the County of Prince-  
cess Anne, Virginia, and described  
as follows:

LOTS NINE (9) to SIXTEEN  
(16) inclusive, BLOCK THIR-  
TEEN (13) on the PLAT OF  
GROVELAND, which plat is duly  
recorded in the Clerk's Office of  
the Circuit Court of Princess  
Anne County, Virginia, in Map  
Book 5, page 247, and LOTS  
THREE (3) to SIX (6) inclusive,  
and LOTS TWENTY-FIVE (25)  
to TWENTY-NINE (29) inclusive,  
BLOCK FORTY (40) on the  
PLAT OF SUNNY BROOK, which  
plat is duly recorded in the Clerk's  
Office of the Circuit Court of  
Princess Anne County in Map  
Book 5, page 201.

AND IT APPEARING from the  
averments of the bill of complaint  
filed herein and by affidavit duly  
filed that Roy R. Wood is a non-  
resident of the State of Virginia,  
his last known address being Mar-  
tins Ferry, Ohio; that said Roy R.  
Wood may have been married, and  
if so the name of his consort is  
unknown and her last known  
post office address is unknown; that  
said Roy R. Wood may have  
died, leaving heirs, devisees or  
personal representatives; if so, the  
name of said heirs, devisees or  
personal representatives are un-  
known, and their last known post  
office addresses are unknown; and  
that there are or might be persons  
other than those named in the bill  
of complaint interested in the real  
estate which is the subject of this  
suit, whose names and last known  
post office addresses are unknown.

IT IS THEREFORE ORDERED  
that the above named persons, if  
living, and if dead, their heirs,

## SEAHAWKS WIND UP SEASON WITH 34-7 WIN OVER D. CREEK

### HALSTEAD SUFFERS INJURY IN FIRST QUARTER

By BONNIE KEY  
Virginia Beach wound up their 1953 football season last Thursday night with a convincing but hard earned 34-7 win over Coach Robert Brown's Deep Creek "Hor-nets." Deep Creek was riding on the crest of a five game winning streak with a season's record of 5-2-1, good enough for third place in the group two conference, until last Thursday's defeat put the Virginia Beach "Seahawks" in the number three spot.

### HOW IT HAPPENED

Never before has a game gotten off to a livelier start than this one. After only two minutes had lapsed the scoreboard read 7-6 in favor of Virginia Beach. It happened like this: On the opening kickoff Fred Pajowski gathered in Eddie Mott's boot on his own twenty yard line and ran straight into a maze of grasping arms and flying bodies and emerged on the other side at a dead run to score standing up—a run of 80 yards. Ault's pass was incomplete for the extra point, making it 6-0. No

sooner than the fans could pronounce Fred Pajowski, Sonny Halstead had gathered in a Leudke thrown pass on Deep Creek's 40 yard line, shook off two tacklers and set sail for the right end of the end zone for the marker. Leudke on a sneak added the extra point, putting the Seahawks out front 7-6.

After an exchange of punts the Seahawks began another touchdown drive from their own 20, sparked by McCall and Halstead. McCall contributed the longest gain on a 30 yard plunge through the center of the line. Halstead, a few plays later, went 22 yards for a touchdown but had it called back on a 15 yard clipping penalty against the Beach. On the same series of plays, Halstead, the Seahawk mainstay was taken out of the ball game after being hit very hard just inches from the goal.

line. Halstead remained out of the game for the rest of the evening and was taken to the hospital with an injured collar bone. Halstead returned to the bench for the rest of the game to watch his able replacement, George Sanderlin, score two touchdowns and do an all around job at filling a very big pair of shoes.

The first quarter ended with the Seahawks on the Deep Creek six inch line. The first play of the second quarter was good for the touchdown, with Bob Leudke carrying over from inches out. An aerial from Leudke to Mott was good for the point after making it 14-6 for the locals.

The Beach was again knocking at Deep Creek's goal after "Big Jim" Standing blocked barefooted Richard Ault's kick and recovered on the four yard line. Three plays later Jim Meads took a handoff from Leudke on the one yard line and scampered for the score. A pass from Leudke to Davis was no good for the point after, 20-6. After the kickoff the Creek managed to pick up one yard on 3 attempts and were forced to

## Court Practice Underway at VB High School

Approximately 20 hardwood aspirants reported to Head Coach Jack Burke as he opened drill for the 1953-54 basketball season at Virginia Beach High School.

Coach Burke, in his first year at the helm of the Seahawk cagers, has the entire team of last year plus a few transfer students and other hopefuls via the Jayvees to work with.

Last year's regulars included Brian Zittrain, T. J. Davis, Eddie Mott, T. J. Howard, Charlie Partridge, Davis, Mott and Zittrain are just reporting for practice, due to their work on the varsity foot-

kick out. The punt taken by McCall was returned 22 yards to the Creek 38. From the 38 Sanderlin took over with gains of 12, 14, and the final 8 yards for the T. D. Leudke on a keep play made good the extra point to make it 27-6 so ending the scoring in the first half.

## Costume Ball to Precede Shrine Ceremonials in Norfolk Saturday

### ball squad.

Casting deep gloom over early prospects was the injury suffered by Sonny Halstead in last Thursday's grid scramble, when a shoulder injury forced him to retire in the first quarter. Last year Halstead was one of the pillars of Seahawk basket work, averaging 20 points per game on the Creeds varsity quint.

Khehive Temple Shrine Fall Ceremonial is to be preceded by a costume ball, Saturday, November 28th, is ceremonial day at Khehive Temple Shrine, where some 100 "Sons of the Desert" will cross the hot sands.

In addition to the initiation of the candidates, the colorful uniform units of the Shrine will parade through downtown Norfolk starting at 6:30 p. m.

The parade begins at the Mosque, Freemason and Duke Streets, and will proceed east on Freemason to Boush, south on Boush to Plume, east on Plume to Granby, north on Granby to York, west on York to Boush, south on Boush to Freemason then west on Freemason to the point of origin. Accompanying the uniform units, in addition to the candidates and many Nobles of Khehive Temple, will be Potentate Jesse A. White, his Divan and many notables of the Shrine of North America.

Potentate White extends a hearty welcome to all Shyners of the Tidewater area, and their

ladies to attend the pre-ceremonial costume ball to be given in the ball room at the Mosque Friday, November 27th at 9 o'clock.

## AT HAMPTON

Of the 125 Virginians included in the freshman class of Hampton Institute, one is from Virginia Beach.

She is Miss Mary Elizabeth Olds, a graduate of Princeton Anne County Training School. Miss Olds is the daughter of Mr. and Mrs. Enoch Olds of Route 1.

From where I sit... by Joe Marsh

### The Missus Keeps Posted

Ever since our electricity was cut off last year on account of me forgetting to mail in the payment, the Missus has been sort of lousy about giving me letters to mail.

At first she'd ask if I mailed them, then double-check my coat pocket at night. She stopped that, and I figured she was convinced I'd learned my lesson.

Then yesterday, I got a postcard at the office in a familiar handwriting. I turned it over and by golly it was from the Missus herself! It read: "Thanks, Joe, for mailing my letters." Well!

Looks like she figured I still needed some checking-up and slipped that postcard in the last batch of letters.

From where I sit, an occasional check-up is a good thing. Check-ups on just how tolerant we are of other people's preferences and tastes, for example. I like a glass of beer with supper, you may prefer cider—but if I ever try to switch you to my choice, simply "address" me with a reminder of your rights.

Joe Marsh

## Yorktown "Surrender House" Is Featured in December Journal

When a Virginian thinks of "Surrender House," almost automatically he pictures Appomattox and the historic edifice wherein Generals Lee and Grant met to fix terms ending the War Between the States.

For that was an historic meeting and an historic place of conference. But there is another Virginia surrender house even more important to Virginia history... indeed to the whole country of these United States.

That is the Augustine Moore House in Yorktown, for it was in this charming colonial home that the terms of surrender between young America and England were settled on October 18, 1781.

Recalling this historic day, the December issue of *The Ladies' Home Journal* presents brief text and beautiful color photos of both the exterior and interior of the Moore House.

"The house now belongs to the nation," the Journal notes, "and is open for you to see any time from March to December."

Perfectly restored, both as to exterior, grounds and the simple but eloquent furnishings of its charming colonial rooms, the Moore House is well worth the visiting time for any who reside in the Commonwealth, or any visitor to Tidewater Virginia.

For those who would like to

## Achromycin, New "Wonder Drug," Released

A new antibiotic "wonder drug" that will be used to treat a wide range of bacterial and rickettsial infections has been placed on the market by Lederle Laboratories Division of the American Cyanamid Company, Pearl River, N. Y.

The new drug, called achromycin, is known to scientists as tetracycline and belongs to the same chemical family as chlortetracycline. Clinical trials have shown the drug to have fewer side reactions and greater stability than the older related antibiotics. Achromycin also has an increased ability to penetrate body tissues and fluids. It will be used in the treatment of a wide range of infections, such as pneumonia,

## CALAMITY JANE AT BEACH

Tales of the wild west are brought to the screen by Doris Day... above, who rides and shoots like a man. In the amusing movie, "Calamity Jane," scheduled for the Beach Theatre next Wednesday, Thursday, Friday and Saturday.

meningitis, osteomyelitis and the like. This newest of the "wonder drugs" was the subject of report read recently by a number of scientists at a symposium in Washington, D. C., sponsored by the Antibiotics Division of the Food and Drug Administration.

## "Three Loves" At Drive-In

A dramatic spotlight is thrown on three varied aspects of love in MGM's unusual technicolor production, "The Story of Three Loves," feature film at the Virginia Beach Drive-In Theatre on Tuesday and Wednesday, December 1 and 2. The picture has an impressive cast, starring Pleg Angeli, Ethel Barrymore, Leslie Caron, Kirk Douglas, Farley Granger, James Mason, Agnes Moorehead and Moira Shearer.

The picture opens with an ocean liner plying its way across the Atlantic, and its romantic episodes are unfolded as vignettes of life locked in the hearts of its passengers.

Three sequences make up the film, each one played by some of the most capable stars Hollywood has to offer. Produced by Sidney Franklin, direction is in the very capable hands of Gottfried Reinhardt and Vincente Minnelli.

The fast carrier task force is flexible, elusive, and the most powerful fighting unit in the world today.

## Governor Offers Reward for Clues To Lawbreaker

Governor John S. Battle has issued a proclamation to Paul I. Everett, Commonwealth's Attorney at Suffolk, offering a reward of \$500.00 to the person giving information leading to the arrest, conviction of the unknown person, or persons, who on November 7, 1953, made a malicious attack on W. S. Rountree, near Suffolk, Nansemond County, Virginia.

Shelton Rountree, game warden of Nansemond County, who was seriously wounded by an illegal squirrel hunter in the Dismal Swamp, is reported to be resting comfortably in Obel Hospital in Suffolk, according to Commission of Game and Inland Fisheries authorities. Rountree was hit in the arm by a shotgun blast, fired at close range by the squirrel hunter whom he had come upon at the edge of the Dismal Swamp.

Webb Midyette, chief of the Commission's law enforcement division, commenting on the shooting, said, "While it is extremely regrettable that Warden Rountree was wounded, it is fortunate that Deputy Warden S. B. Snead was on hand to give immediate first aid to the wounded officer and to rush him to the hospital. There was no excuse for this shooting and state authorities will have no stone unturned to bring the culprit to trial." Midyette declared.

## Tools for Learning Theme for PTA

The Bayside School Parent-Teacher Association met on Monday night of last week, with "Tools for Learning" as the discussion topic.

Mrs. Elizabeth Deal, Home Demonstration Agent for Princess Anne County, gave a brief talk on the 4-H Clubs and their work. The well-known author of children's books, Mrs. Frank Martin, of Norfolk, told the club how she first began on her stories for

## MYERS PREDICTS NEW HIGH IN XMAS MAILING AT BEACH

Christmas got its official welcome this week, as Postmaster Howard Myers predicted that the volume of holiday mail may exceed the all-time high of 45,490 cancellations recorded here in 1952 for one day.

Local residents and business firms alike were reminded by Mr. Myers, "Correct and careful mailing is just as important as early mailing. Perhaps more so. Any unnecessary delay may prevent delivery of your Christmas cards and gifts by December 25."

The Postmaster lists haste and carelessness as chief trouble-makers for postal employees and quickly adds:

"There's no good reason for either. People can have several weeks for leisurely shopping. During that time give your Christmas card list a thorough going-over. Be sure you have everyone's full name, street and number, city, zone and state."

"Estimate the number of stamps you'll need. Stock up on a supply of heavy wrapping paper, strong cord and parcel post labels. Then you'll be safe."

the younger set.

Following the formal meeting, a book bazaar was held in the library, with Mrs. E. F. Redman in charge. The books were from the Norfolk Book Nook.

Attendance prizes were won by Mrs. Gladys Davis and Mrs. Hortense Parker's rooms. Refreshments were served by the mothers of the fourth grade.

## STUDY GROUP MEETS MONDAY

The Bayside PTA Study Group will meet next Monday night at eight o'clock in the school for a discussion of current problems at the school, it is announced.

Chaplain E. F. Redman will lead the discussion, and Division Superintendent of Princess Anne County Schools Frank Cox and Mrs. Grace Harrell, Bayside principal, will be present to answer questions of parents.

## The MIXING BOWL

IT'S FUN TO COOK

By LUCILE CLARK  
SUN-NEWS FOOD EDITOR

See LET'S COOK with Lucile Clark Monday thru Friday, 1 P. M.  
Station WTAR-TV

Thanksgiving dinner may be all planned or already over when you read this, but you can't ignore the fact that there are meals to cook and families to please no matter what the season.

Here are recipes to solve your problems for a few of the menus. You can lift late November appetites and moods with a South Pacific supper. A tuna sauce to serve over crisp french fried noodles forms the main dish. Singapore Tuna. It's done in the Chinese food fashion—the results, delicious. With it, serve tender green brussels sprouts and hard rolls. Pineapple pie tops off the meal with a bang!

### SINGAPORE TUNA

2 tsp. fat or drippings  
1-4 cup chopped onion  
1 cup flaked tuna (7-ounce can)  
1 cup coarsely chopped celery  
3-4 cup mushrooms (4-ounce can)  
1-2 cup coarsely chopped green pepper  
1 cup water and/or liquid from mushrooms  
4 tsp. soy sauce  
4 ounces fine noodles  
Fat for deep frying  
1-4 cup water  
1 tsp. cornstarch

Melt fat or drippings in heavy skillet. Add onion and brown. Just lightly. Add tuna, celery, mushrooms, green pepper, 1 cup water and/or liquid from mushrooms, and soy sauce. Cover and simmer 15 minutes. While tuna mixture is simmering, prepare crisp noodles. To prepare noodles, place small amount of uncooked noodles in flat-bottomed wire basket or a strainer. Fry in deep hot fat (365 degrees) until golden brown (approximately 1 minute). Drain and sprinkle lightly with salt. Combine 1-4 cup water and cornstarch and mix until smooth. Stir into tuna mixture and cook until thickened, stirring constantly. Serve over crisp noodles to four delighted people.

Off to Dublin for an Irish Macaroni Chopped Beef dinner. The bit o' green in the casserole comes from the green beans. The cheese sauce's interesting personality is due to the dash of horseradish. This is surely a winner!

### IRISH MACARONI DINNER

4 ounces elbow macaroni  
1-4 cup chopped onion  
2 tsp. fat or drippings  
2 tsp. enriched flour  
1-4 tsp. salt  
1 1-4 cups milk  
1 cup shredded American cheese  
1 tsp. horseradish  
1 cup chopped beef (1-4 pound)  
1 cup cooked green beans

Cook macaroni in boiling salted water until tender (about seven minutes). Drain and rinse. While macaroni is cooking, brown onion in fat or drippings. Stir in flour and salt. Add milk and cook until thickened, stirring constantly. Add 3-4 cup cheese and horseradish and stir until well blended. Rinse chopped beef in hot water and drain. Fold into cheese sauce with macaroni and green beans. Pour into 1 1-2 quart casserole and sprinkle with remaining 1-4 cup of cheese. Bake in moderate oven (350 degrees) about 20 minutes. Makes four servings.

Career Girl Casserole is so named because it's so quick and easy to prepare—the kind of dish that was approved from career girl wives. The big time critter in this recipe is the cream of mushroom sauce. If you haven't tried sausage meat in a casserole before, start out with this recipe. I hope you'll like it.

### CAREER GIRL CASSEROLE

1 ounces elbow macaroni  
1-2 pound sausage meat  
1 1-4 cups condensed cream of mushroom soup (10 1-2 oz. can)  
1-2 cup milk  
1 cup cooked lima beans  
Buttered bread crumbs

Cook macaroni in boiling salted water until tender (about 8 minutes). Drain and rinse. While macaroni is cooking, brown sausage meat in skillet. Drain off fat. Combine meat with macaroni, soup, milk and lima beans. Pour into 1 1-2 quart casserole and sprinkle with bread crumbs. Bake in moderate oven (350 de-

grees) about 20 minutes. Serves four hungry people.

Turkey Tropical is planned especially for after Thanksgiving use. It's a glamorous way to use up what's left of the Thanksgiving bird. Pineapple slices provide the tropical touch. Grated cheese and cream of celery soup give outstanding support to the turkey.

### TURKEY TROPICAL CASSEROLE

4 ounces medium noodles  
1 1-2 cups chopped cooked turkey  
1 1-4 cups condensed cream of celery soup (10 1-2 ounce can)  
1-3 cup milk  
2 tsp. finely chopped onion  
1-2 tsp. salt  
4 slices pineapple  
1 cup shredded American cheese  
Paprika

Cook noodles in boiling salted water until tender (about four minutes). Drain and rinse. While noodles are cooking, combine turkey, celery soup, milk, onion and salt, mixing until well blended. Fold in noodles. Pour into 1 1-2 quart casserole. Arrange pineapple slices on top. Sprinkle with

cheese and top with paprika. Bake in moderate oven (350 degrees) about 30 minutes. Makes four servings.

The fine flavor of Jambalaya Casserole measures up to the standards of Creole cookery from the deep South. Ham, shrimp and spaghetti, baked in a rich tomato sauce... the result tempts the nose as well as the eye. Just wait 'til you taste it!

### JAMBALAYA CASSEROLE

4 ounces elbow spaghetti  
2 strips bacon, chopped  
1-2 cup chopped onion  
1-2 cup chopped green pepper  
1-2 clove garlic, finely chopped  
2 tsp. enriched flour  
2 1-4 cups cooked tomatoes (No. 2 can)  
1-2 pound cubed boiled ham  
1 cup cooked cleaned shrimp  
1-4 cup bread crumbs  
2 tsp. grated Parmesan cheese  
2 tsp. melted butter or margarine

Cook spaghetti in boiling salted water until tender (about 7 minutes). Drain and rinse. While the spaghetti is cooking, brown bacon lightly in skillet. Add onion, green pepper and garlic, and

brown. Stir in flour. Add tomatoes and cook until thickened, stirring constantly. Add spaghetti, ham and shrimp and pour into 1 1-2 quart casserole. Combine bread crumbs, cheese and butter or margarine and sprinkle over casserole. Bake in moderate oven (350 degrees) about 30 minutes. Makes four servings.

That's all for now... see you next week!

## IDEAS FOR HOMEMAKERS

Want something special for that party? Honey fruit punch will send your guests home with a compliment to you for the refreshing drink—and honey is on the plentiful foods list for this season of the year.

To make the punch, pour one quart of boiling water over 1 1-2 teaspoons black tea and five whole cloves; cover, let steep for five minutes, and strain. Combine tea with one cup orange juice, one cup lime juice, 1-2 cup lemon juice, 1-2 cup liquid honey, and one quart cold water, and pour over cracked ice to chill. Garnish with thin orange slices, red cherries, or mint leaves. Makes about 24 half-cup servings.

When you cook vegetables—add a tablespoon of sugar to the water in which sweet potatoes are boiled to improve the flavor.

Salt turnips after cooking, not before or during the process. Asparagus may be removed from a can without breaking the tips if the can is opened at the bottom.

Water left over after cooking vegetables may be used to thin condensed soups.

A tablespoon of vinegar added

to the water after beets have been peeled and sliced will make their color a very bright red.

One of your best investments in human happiness is the purchase of Christmas Seal.

## KEMPSVILLE NEWS NOTES

Sometimes we run out of news, in fact the "town gossip" sometimes finds herself at a loss to pass any facts around... so here I am at a loss.

Alma Rea, of Mary Washington College, was home on a recent weekend to visit her parents, Mr. and Mrs. Robert Rea.

Barbara Anne Scott, student at Longwood College, and Ernestina Wright, who does her "gramming" at Madison College, were also at home for a weekend visit.

### WOMAN'S CLUB MEETS

The Kempsville Woman's Club held its monthly meeting November 17 in the Kempsville Community House.

This club has served the community well since its organization. Guest solist was Mr. Meigs, who sang to a well pleased gathering.

Routine business and a social period occupied the balance of the meeting time.

Mrs. Dudley Lancaster is recuperating at her home after a recent operation at the Portsmouth Naval Hospital.

### Lakeview Park Civic League Elects Officers

The second meeting of the citizens of Lakeview Park was held on Tuesday night of last week for the purpose of electing officers for the newly-formed Civic League.

Chosen to guide the destinies of the organization in its first year were:

Robert R. Grant, president; William L. Jones, vice-president; Mrs. William L. Jones, secretary; Hubert W. Cooper, assistant secretary, and C. L. Winslow, treasurer.

The following committees were appointed:

Ways and Means: J. T. Wynn, Mrs. William Graham, Jr., and E. D. Ives.

By-Laws: G. L. Norman, L. N. Wilder and Paul Whitehurst.

Trustees: G. L. Norman, H. L. Elliot and A. H. Young.

Publicity: Mrs. P. Whitehurst, George S. Brown and A. D. Davis of the Glenrock Civic League assisted in the organization. The meeting was held at the home of Mr. and Mrs. C. L. Winslow on Lakeview Road.

Leaves and flowers may be attractively preserved by pressing them to a hard surface, then applying two or more thin coats of fresh white shellac. It is said by those who are "in the know."

The Virginia State Dairyman's Association has scheduled its annual winter meeting for January 27 and 28 in Roanoke. Also of interest to dairymen will be the annual meetings of the state board of associations, January 30, and of the State Dairy Products Association, January 18 and 19, all in Roanoke.

## Plenty of Winter Work in Orchard VPI Horticulturist Declares

The dormant season shouldn't be the idle season in the orchard. Fred Drelling, associate horticulturist at VPI, says the fruit grower can profit from these winter jobs:

- Do a thorough and complete job of tree pruning.
- Order repair parts, and overhaul equipment.
- Arrange for a systematic check-up and servicing of electric motors.
- Improve the output of workmen by supplying sharpened pruning tools.
- Remove old, unprofitable trees, and filler trees which crowd the permanent.
- Set up a simple record of yields and market returns by varieties. The orchard business today cannot support non-profit or low profit trees or blocks of trees. Such trees, unless needed for cross-pollination, should be removed.
- Study your fertilization program to see if a revised soil management setup will improve yield, size and color of fruit. Place order for fertilizer early.
- New spray materials necessitate a careful and conservative review of the spray program. Seek the best information available if you are considering a change.
- Have workmen repair field and storage crates on stormy days.

### COLDFRAME SAFEGUARDS HALF-HARDY PLANTS

The coldframe is a good place to carry half-hardy perennials or roots over winter.

VPI specialists say to lift plants such as the somewhat tender varieties of chrysanthemums and put them in a coldframe, taking care to fill the spaces about the roots with soil. Unfilled pockets cause drying of the roots and make inviting homes for field mice. Water well to settle the soil.

### DON'T USE GASOLINE FOR KITCHEN CLEANING

When you use a gallon of gasoline to do cleaning in your kitchen, you are in as much danger as if your child were playing with an 83-pound piece of dynamite beside the kitchen stove. Prevent unnecessary fires by keeping gasoline out of your home.

The first historical record of the use of horses is believed to have been found on a Babylonian tablet dated about 2,100 B. C.

## AT BAYNE THEATRE

Steve Cochran, Carol Mathews and Warren Stevens are shown above as they appear in "The Shark River," a stirring tale of a returning Civil War veteran. The film will be at the Bayne Theatre next Sunday and Monday.

## DAVID CLARK, IV, COMMISSIONED

David Clark, IV, son of Rear Admiral, USN (ret.) and Mrs. David H. Clark of Bay Colony, is among the graduates of the 33rd class of former enlisted men and who have been commissioned as ensigns in the Naval Reserve.

Vice Admiral Roscoe F. Good, USN, deputy chief of naval operations for logistics, delivered the commencement address and presented diplomas to the group at the school in Newport, R. I.

A teaspoon of sugar added to the water improves the flavor and lessens the odor when cooking turnips or rutabagas.

Whites of eggs are more easily separated from yolks when they are cold, but beat up to more volume if they are at room temperature when beaten.

## Disabled Korean Veterans May Get Retroactive Compensation

Veterans Administration officials recently explained to Korean veterans that compensation payments for service-connected disabilities may be allowed retroactively to one of three different dates.

The dates are determined by three different sets of circumstances, one of which is the time the application for compensation is filed.

VA listed the three dates as follows:

1. If the veteran files his application within a year from the date of separation from active service and VA finds that his service-connected disability was severe enough at separation to be compensable, compensation payments may be made retroactive to the day following the date of separation.

2. If the veteran files his application within a year from the date of separation, but his disability was not severe enough at separation to be compensable, compensation payments may be made retroactive only to the date the evidence shows the disability became severe enough to rate compensation.

3. If the veteran files his application later than one year after separation, compensation payments may be made retroactive to the date of filing.

VA said this does not indicate there is a time limit for filing. The agency said veterans may apply for disability compensation at any time during their lives.

Compensation may be paid monthly to veterans who have disabilities which are judged to have been incurred or aggravated by service in the armed forces either during peacetime or wartime service. The peacetime rate is 0 percent of the wartime rate unless the disability resulted from extra-hazardous service, in which case the wartime rate may apply.

## "Paradise" Has Gary Cooper In Starring Role

One of Pulitzer prize winner J. A. Michener's most colorful stories of the South Pacific reaches the screen of the Virginia Beach Drive-In Theatre on Thursday of this week. "Return to Paradise," here for a two-day showing, stars Gary Cooper. The picture, filmed in Technicolor on location in Samoa, said to capture all the legendary magic and beauty of the South Seas. The role played by Cooper, that of Mr. Morgan, a quiet, resourceful tender American came to live on the tropical isle of Matareva, is a worthy successor to his Academy Award winning portrayal in "High Noon." In this part Cooper gives a fine characterization of a man who just cannot stifle his better qualities. He fights dictatorial suppression as he finds it, and his love for a devoted Samoan girl comes through in spite of his efforts to suppress it.

The picture introduces two lovely newcomers, the luscious Roberta Haynes as Maeva, the woman who dies bearing Mr. Morgan's child, and Mona MacDonold, Scotch-Samoan native of the island on which the picture was filmed, as the daughter of the devoted couple.

If the walnuts are to be sold, the specialists suggest selling in 100-pound lots, rather than by the bushel. If they are to be put in storage, spread them out in a dry place where air can circulate through them.

## JOHN CAMPBELL ADVANCED; ROTC

Army ROTC headquarters at the University of Virginia has announced the acceptance of John Owen Campbell, of Lintier, Virginia Beach, into the advanced course of the ROTC.

Contracts were awarded the advance students on the basis of grade averages in both the college and ROTC for the past two years. The men also had to pass a strict physical examination to qualify.

The men will receive advance training in the Transportation Corps during the next two years at the university and during the six weeks encampment at Fort Eustis next summer.

At the conclusion of four years at the university the men will receive commissions as second lieutenants in the Army Reserve.

The United Nations' Food Council reports world food production outside Russia and China has been increasing faster than population.

### Telephone Terms

When a telephone man talks about "arms" and a "high-hat," the chances are he's referring to things the company uses in providing service. For instance, arms stands for the cross-arms you see on the poles. A high-hat is a device over which a roll of open wire is placed for unwinding. And, of course, "planting" telephone poles means more service for more people.

### Who's first?

A business firm in a certain state is distributing a list of emergency telephone numbers that runs like this: Doctor, TV repairman, Fire, Police. It really doesn't matter about the order of the names on the list, so long as you keep one handy. And speaking of lists, why not keep one of frequently called numbers, both local and long distance? You can get a handy Personal Telephone Directory, in which to list these numbers, from the telephone office. It's free, of course.

### December is a good month to—

Check records, make adjustments, plot next year's course.  
... Plant a sweet potato in a jar of water for an attractive vine.  
... Plant a few clumps of rhubarb in a box or keg in the basement.  
... Improve the farm shop with power tools and restock supplies.  
... Prepare "gifts from the kitchen" for Christmas.  
... Spray for lice and grubs on beef cattle.  
... Prepare lambing quarters.  
... Feed pigs a supplement containing both animal and vegetable protein along with corn.  
... Have north, east and west sides of poultry house tight to prevent drafts.  
... Get the owner's permission before you cut a Christmas tree.  
... Have a happy, safe holiday.

# New Line of Chevrolet Trucks On Display at Beach Saturday

Completely re-engineered to give outstanding performance in meeting modern hauling requirements, a new line of '54 Chevrolet trucks will be introduced by dealers on Saturday of this week.

Truck owners will have an opportunity to see the new vehicles in an exclusive truck display at the Clark Chevrolet Corporation showrooms, and at other Chevrolet showrooms the country over. Improvements in every part of the vehicle—engine, chassis and body—have been designed with an eye to current and future needs of truck owners and drivers.

Among the more important advancements are the following features:

1. Three new engines, with increased horsepower and outstanding, economical performance, include the most powerful truck engine ever built by Chevrolet.
2. Automatic transmissions optional through the one-ton (10,000 lbs. GVW) model range.
3. Increased durability, with heavier axle shafts in the two-ton models, bigger clutches on the light and heavy-duty models and more rigid frames on all models. Optional heavy-duty three-speed transmissions available on light and medium-duty models offer greater gear reduction, more rugged construction and a steering-column gearshift lever on one-ton models.
4. Dramatically improved comfort for the driver through a new ride-control seat, standard on tab-over-engine models and optional in all other cabs.

## Chevrolet Dealers Spotlight New Trucks

Typical of completely re-engineered Chevrolet trucks making their 1954 model debut at dealer showrooms this week is the three-quarter ton (6500 GVW) stake, on which rear wheels have been lowered and floor area between stakes increased. More horsepower in each of three new engines, greater durability through sturdier construction, optional automatic transmissions, improved comfort and convenience are among Chevrolet truck advances.

5. Appearance improvement—with a new, more massive radiator grille and front-end design, while a one-piece curved windshield increases visibility and safety as well as adding to the distinction of the vehicle.
6. More space for payloads and easier loading. The body height of pickup, platform and stake models has been lowered through modified body mountings. Unobstructed loading space has been lengthened on several models.

Changes in the new Chevrolet trucks, according to the Clark Chevrolet Corporation spokesman, local dealer, have been made to meet and anticipate the needs of both drivers and operators. They are the results of suggestions offered to Chevrolet field men, and long-range planning by designers and engineers.

Most of the truck models are easier to load. In pickup bodies, although the sides are higher, the over-the-side loading height is less. The rigid, grain-tight tail gate will support long loads when lowered.

The new Chevrolet stake bodies are wider and longer. On the 161-inch heavy-duty chassis, the body of this multi-purpose truck measures a full 12 feet inside the stakes. Loading heights on these stake models are lower, rear corners have been rounded and the

states themselves are higher, extending 42 inches from the body floor on the nine- and twelve-foot bodies.

Major changes are also reported in the new Thriftmaster and the Loadmaster truck engines. Increased compression ratio of 7.5 to 1 provides greater economy and 112 horsepower, resulting in higher top speed, faster acceleration and improved hill-climbing ability. Added durability and smoother operation result from full-pressure lubrication, lightweight aluminum pistons, insert-type connecting rod bearings, more rigid crankshaft and connecting rods and strengthened valve-operating mechanisms. The exhaust valve rotators, XCR valves and chrome top piston rings are standard on the Loadmaster.

For heavy-duty models the most powerful truck engine in Chevrolet history, the Jobmaster, is offered as optional equipment. It provides greater power for acceleration and grade-climbing.

The need for operation in low gear is reduced, producing longer engine life and economy. With displacement of 261 cubic inches and a compression ratio of 7.17 to 1, it has 135 horsepower. Cylinders are larger and a new high lift cam provides freer breathing. The exhaust valve rotators, XCR valves and chrome top piston rings are standard.

The automatic transmission is a new optional feature, available on light and medium-duty models. It offers new driving ease

and important time-saving, particularly in frequent-stop delivery work. The automatic transmission is four-speed hydra-matic design, except on the sedan delivery model, on which Powerglide is available. The selector lever is conveniently mounted on the steering column.

Comfort for the driver has been increased greatly with the new Ride-Control seat. It provides real driver comfort even on long, continuous hauls. The seat and back are built as a unit, and the back moves up and down in unison with the seat cushion.

As part of the new external appearance, the hood emblem, of bright metal, is of new design. The parking lights are near the edges of the fenders, marking the true width of the vehicle more clearly, is available at no extra cost.
